## Asian Gods of the Forge

By Rev Firefay

This month, I have researched the gods of Asian countries but was surprised to find that they have less gods dedicated to blacksmiths and crafters. Most Asian mythology has a fire god or goddess but is not specifically recognized as a patron god of blacksmiths or the forge.

Since my research is specifically for gods of the forge, I decided to only present those that have been related to blacksmithing.

Starting in Japan, there are two gods that have been connected to smithing, the major one being Kagutsuchi, and the most popular today being Inari. Then I will present Huang Di from China, Than Giong from Vietnam and then on to India with Vishwakarma. I had trouble finding any other Asian smithing gods.

In Japan, the most ancient smithing god is Kagutsuchi, the god of fire who burned his mother, Izanami, to death at his birth. His father, Izanagi, being full of grief at his wife's death killed Kagutsuchi and cut him in eight different pieces which each became one of the volcanos of Japan. His blood that stayed on his father's sword dripped on the earth to form 8 other gods or kamis, most being water deities and a god of swords and war as well as a god of martial arts and thunder. Izanami and Izanagi being the creator god and goddess, Kagutsuchi was one of the older Japanese kami who is patron to blacksmiths and potters.

Another well known Japanese kami, or god, linked to blacksmiths is Inari, a fox deity. Inari is sometimes seen in a feminine form and sometimes in a masculine form. The fox deity is a fire kami and became a famous kami with the samourai of Japan. They considered Inari to be the patron god of blacksmithing, swords and the samourai. Before becoming associated with the samourai, Inari was an agricultural god that stood for prosperity. As metal became a symbol of prosperity in the Edo period, Inari transformed into not only an agricultural god but also a metal working and good fortune deity. Today, Inari is one of the most popular kami of Japan with most of the country's shrines dedicated to him/her.

Next, we move to China with the Chinese god of fire Zhu Rong, also known as the Red Emperor. He is portrayed as riding a tiger and wielding a sword and wearing armor. Zhu Rong created fire and discovered all its uses including blacksmithing. Zhu Rong, or the Red Emperor is one of the Five Legendary Emperors of China which represent the 5 elements that make up the physical realm. I did not find much information on Zhu Rong in English but I imagine there is a lot more to find in Chinese if any of you understand Chinese.

Another god of the forge is to be found in India and he is known by the name of Vishvakarma. Son of Brahma, he is known as the divine architect and artisan. He constructed palaces, weapons, armor and even the flying vehicles of the gods which some UFO theorists today say is proof that aliens once visited the

Earth. He's usually seen with a white beard and 4 arms holding various tools, book, pot, and string. Often, he is shown with a swan or elephant mount. Vishvakarma is still worshipped mainly on the eastern side of India.

The last god of the forge I will be presenting this month is the Vietnamese god Than Giong, one of the four main deities of Vietnam. Than Giong is the god of war but also of iron working. His mother fell in love with a giant and had an affair, then giving birth to the demi giant baby Than Giong. The baby did not speak or move for several years until China invaded Vietnam and a messenger came searching for men that would help defend the country. The baby told the messenger and soldiers that he was a god that would defend the country. He sent men all over the country searching for any iron that could be used to create an enormous set of armor, arms, and a horse for him to ride into battle. Over the next several days he ate enormous amounts of food to grow quickly into a giant size. Once fully grown, he dons his enormous armor and takes his weapons while saddling his horse which comes to life breathing fire. He takes off to wreak havoc on the Chinese army until victory is claimed for Vietnam. Once the war finished, Than Giong rides up a mountain and into the sky among the other gods. Today, legend has it that several lakes near the mountain were formed by the horse's hooves and that white bamboo has its origins in the fact that the fiery breath of the horse turned the bamboo white.

I hope many of you learned a lot from this article as I did while researching. We don't often hear much about the Asian pantheons and they are just as interesting to learn about. I have listed my sources below if any of you wish to read further. Until next time!

## Correllians Around the World

By Lady Wolfciara

In this series of articles, we are going to focus on a Correllian Member, and learn a little bit more about the said person. I do hope that this will shine a light on all of those who are giving of themselves to the Tradition.

This month, we are going to talk with **Danea Moon**, or as she really is named: **Carolina del Carmen Candelario Liberato**, and is living in Dominican Republic. She is 38 years old, and studying to becoming a 3<sup>rd</sup> Degree Correllian Wicca Initiate. Her family consists of 3 sisters, her parents, a cat, a dog and she is born as a twin. Her twin's name is **Carmen Candelario Liberato**, also a Third Degree student of the Correllian tradition, and they both belong to the Dragon Temple. She is, a Witan Shrine Keeper of Hecate Triformis.

She is a state employee, a Second Degree Clergy Initiate, and is studying the Third Degree Clergy class for the

Correllian Tradition. She likes to study Korean language and write novels. Likes to read the Tarot and is a devotee of Hecate. She is interested in: The Witchcraft, and the Compass. Her favourite divination tool is the Tarot. Her path to Correllian Tradition, came through listening to Radio Pay Tonight. She has been a member of Correllian Tradition for 9 years now and has taken classes in The Tarot and Witchcraft.

We thank **Danea Moon** for her time to answer our question for us. Hoping for continued blessings, for her in the Wicca-path, and Correllian Tradition, that she is leading.

## April Festival Recipes

By Rev. Bella

### Recipe for Beltane - Northern Hemisphere

#### **Twice-Baked Potatoes With Bacon and Cheddar**

(found at <https://leitesculinaria.com>)

##### INGREDIENTS

- 4 large (3 lbs) baking potatoes such as russet
- 4 slices thick-cut bacon cut into thin strips
- 1 1/2 cups grated Cheddar cheese
- 1/2 cup sour cream
- 4 scallions thinly sliced
- 1/4 teaspoon salt
- Lots of freshly ground pepper

##### DIRECTIONS

Preheat your oven to 400°F (200°C).

Bake the potatoes directly on the oven rack until they're tender, 45 minutes to an hour, depending on the size.

Meanwhile, toss the bacon and a big splash of water in a skillet over medium-high heat.

Cook until the bacon is fully browned and evenly crisp, 10 to 15 minutes or so, depending on the thickness of the bacon slices. Remove from the heat.

When the baked potatoes are cool enough to handle, slice them all the way through, end to end, to create 2 equal-size halves. Scoop out most of the flesh into a large bowl, leaving behind a wall of peel and potato about 1/4 inch (5 millimeters) thick.

Add 2/3 of the cheddar, the sour cream, scallions, salt, pepper, and bacon. Mash the works together until evenly mixed. Spoon the mixture back into the potato skins.

Just before baking the stuffed potatoes, sprinkle with the remaining cheddar. Bake the potatoes until the cheese melts and the potatoes are heated through, about 20 minutes

## The Five Elements of Chinese Medicine

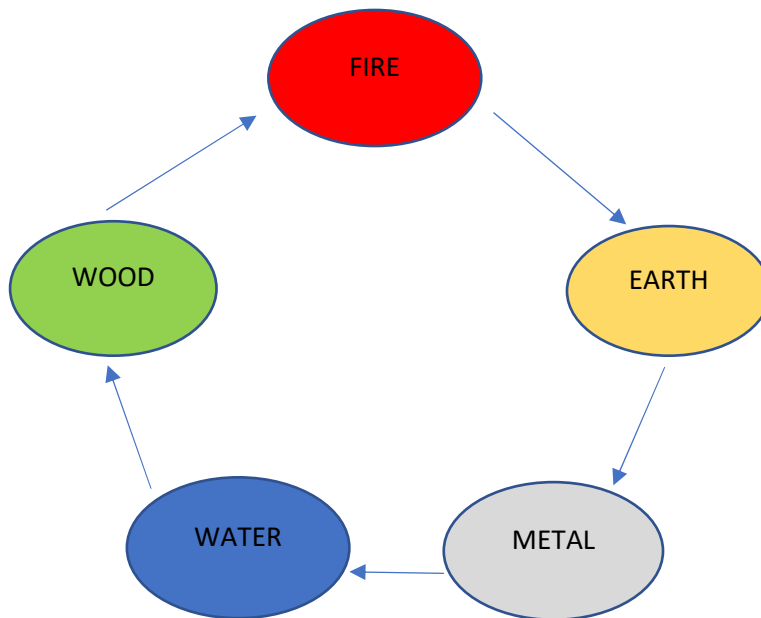

By Rev Firefay

Being a practitioner of Shiatsu, Reiki and Qi Gong, Chinese Medicine is a tool that I use often with my practice. There are many similarities with Wicca and I wish to share some of it with you starting with the 5 elements as used in Chinese Medicine. The elements are not the same as we use in Wicca, but you will understand why after this article.

In Chinese Medicine there are 5 elements: Wood, Fire, Earth, Metal and Water. Each element represents a cardinal direction, a season, an organ, an emotion, a taste, an energy and much more. I will not be able to go into depth on this here but I will give you a general idea and if the subject interests you it is quite easy to research the subject online or with books. First of all Earth represents the Centre and the interseasons that fall about the time of the Equinoxes. It represents the 45 degree angles between each cardinal direction being Northeast, Southeast, Southwest and Northwest. Earth energy is strongest at the changing of the seasons and last about 2 weeks in between each season. In many ways this is similar to the 8 point star that represents the solstices and equinoxes that we call the wheel of the year in Wicca. Earth would be the equinoxes and the elements corresponding to the four cardinal directions represents the solstices. I have illustrated this in the table below:

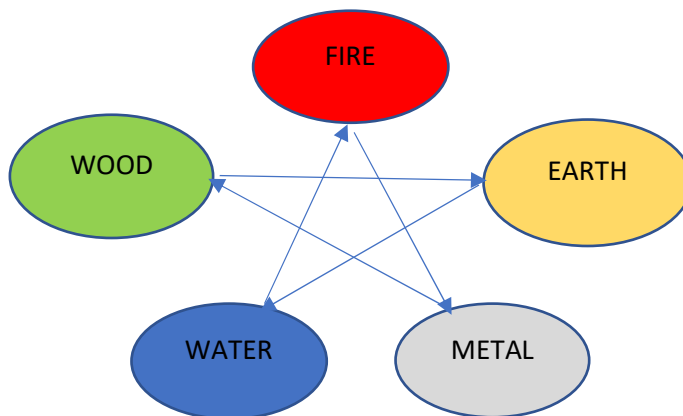

In Chinese Medicine there are two main cycles between these elements that are going to give birth to other tables which should look fairly similar to Correllians. The first cycle is the nourishment cycle meaning one element feeds another: Water feeds Wood, Wood feeds Fire, Fire feeds Earth, Earth feeds Metal and Metal Feeds Water. This table is shown below:

As you can see, this cycle forms a pentagon which is often used in metaphysics and sacred geometry. This cycle is used to understand all the relationships between the different qualities of each element. In shiatsu if someone has insufficient energy in the metal element, we need to make sure that the earth has sufficient energy to nourish the metal.

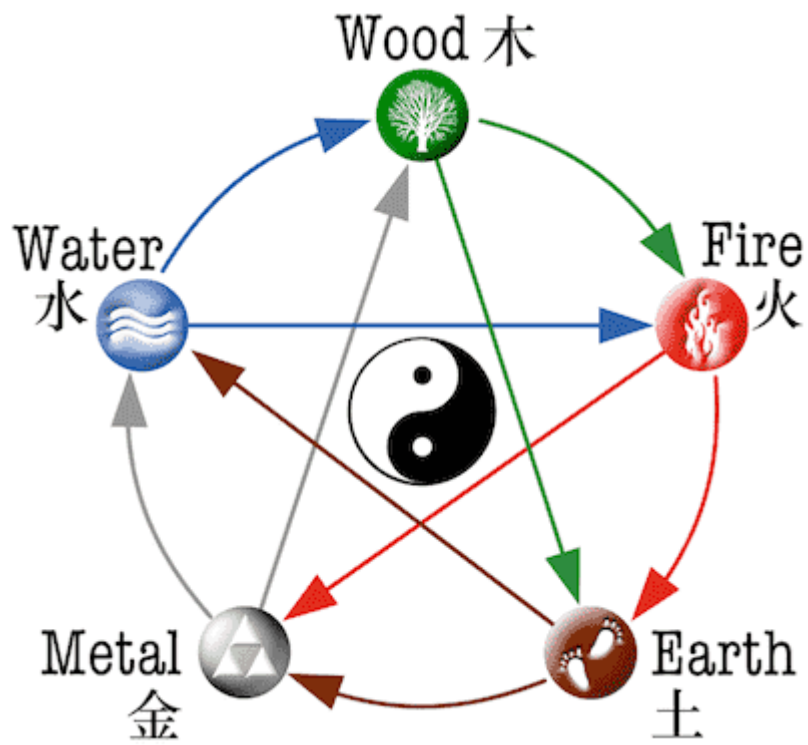

A second cycle is the control cycle which is not necessarily a negative thing, it is used to control one element over another in order to keep balance. Fire melts Metal, Metal chops Wood, Wood covers the Earth, Earth absorbs or deviates Water and Water puts out Fire. With this information we can illustrate another table:

In this table we clearly see the 5 point star or pentagram that is used daily in the Wiccan belief system. It also represents five elements even if the names of the elements are not the same. In Chinese Medicine we often see a circle around the pentagram forming a pentacle and this circle represents all 5 elements being linked and interdependent. It represents the whole that contains the five elements. In shiatsu if someone has excessive wood energy, I need to make sure there is enough metal energy to calm the wood energy.

I am sharing a table here below to give you an idea of what each element represents in Chinese Medicine. These are only a few things that represent each element. In reality, the table would be much more complex than this.

<b>WOOD</b>	Liver/ Gallbladder	Spring	East	Anger	Tendons	Sour flavor
<b>FIRE</b>	Heart/ Small Intestine	Summer	South	Joy	Blood vessels	Bitter flavor
<b>EARTH</b>	Pancreas/ Stomach	Intermediate	Center	Thought/ Anxiety	Muscles	Sweet Flavor
<b>METAL</b>	Lungs/ Large Intestine	Fall	West	Sadness	Skin and hair	Spicy flavor
<b>WATER</b>	Kidneys/ Bladder	Winter	North	Fear	Bones and teeth	Salty flavor

## Crystals and Gemstones Corner

By Rev Firefay

### **Rainbow Obsidian**

This month's crystal is rainbow obsidian also known as heaven eye because when cut a certain way, the different colored layers form an oval that looks like an eye. This is a powerful protection stone that is also used for healing. Unlike black obsidian, rainbow obsidian works by filtering in light instead of blocking it out. Healing and protection from this type of obsidian is softer and more subtle than black obsidian but both can be used together if extra protection is needed.

Rainbow obsidian is volcanic glass formed from quickly cooling lava with magnetite or other impurities. There are different layers because there are different layers of lava one on top of the others.

The healing properties of rainbow obsidian are bringing light to someone who is going through hard times, shock, depression, etc. This is a grounding stone and works well with the root chakra. Rainbow obsidian will protect you from depression, negative energy, psychic attacks, and even electromagnetic waves but is less potent for protection than black obsidian. If you need more protective energies just add a black obsidian with the rainbow obsidian. Even a small piece of stone works well so a simple necklace with black and rainbow obsidian would work well.

Since this is a protection stone and is not really meant to be used to send out energy, a necklace, bracelet, or ring will work nicely. As I explained last month, the circle and therefore anything that encircles a part of your body is used for binding that energy to you. It will keep the stone's energy in but will block that energy from being sent out. Therefore, necklaces and bracelets are best for protection, healing or magnifying personal abilities but not for sending out energy or using the stone's energy for ritual purposes.

I will see you all next month for another crystal or gemstone.

### THE KOMMA

#### Prediction for April 2022

For the coming month, we are experience a time of a slight stop, before being able to continue on the way forward. It's a much needed stop, as one has been a little bit stressed lately. The path is going slowly, but steady forward.

### **Beltane project**

---

For the Beltane ornament, you will need

- 1 clear ball
- white clay to make the foundation
- fake grass cut in a circle
- miniature wooden stick
- 2 colors of ribbon, braided together

It ended up looking like this

## Rune of the Month

By Lady WolfCiara

### R – Raido - Thor's Rune - Wolf Rune - LIABILITY

This rune means: journey within; mental/physical travels; need not be traveling around the world, may be journey within, too; force producing device and movement; provide protection; shows that we are on the right path in life.

#### Prediction for April 2022

For the coming month, we are experience a lot of movement, mostly inward journeys, and one learn from the lessons it do gives. We are getting closer to our goal, and can see the end of a long tunnel, and the daylight that it gives us. It will change us, no matter what we are feeling to do, forward it goes, and nothing is stopping it for doing so.

## Spell of the Month

By Lady WolfCiara

**Home Protection Spell from Spells of Magic: <https://www.spellsofmagic.com/>**

Hold one of the stones in your projective hand (the hand you use to write with) visualize the stone emitting protective energies.

As you visualize, say these words:

Stone from the mountain,  
stone from the well,  
stone from the desert,  
charge now my spell!

Place the stone in the pot, still strongly visualizing, and say:

Into the pot I place this stone,  
to guard my hearth, my house, my home.

Repeat the entire procedure with each stone. This will take some time depending on the size of your jar.

When the jar is full, place it (uncovered) somewhere in your home, saying:

Pot of stones  
guard this place  
send all ill  
far apace!  
Sent it back 'neath the ground  
bury it  
it is bound!

## Wolfciara's Wiccan World

By Lady WolfCiara

### **Merry meet my fellow Wiccans and Welcome to my little corner of the Wiccan World.**

So have yet another month passed by, and new things has happened. Not all for good, but I have had a month where my 4 nieces visited me, with their two dads. We had a lovely time together, and it was birthdays, all around. 2 of them had celebrated their birthday, and one was coming up, so there was a three part birthday-celebrations. Lots of cake, and birthday-gifts. They were allowed to pick their own present out, in the nearby located toy-store. They ended up with buying some new Barbies and had a lot of fun when playing with them. I thought that they wanted to take them with them, but they left them here at their Aunties place instead. They have some toys, mostly dolls that they are playing with, when they are here. They are 9 (oldest, and celebrated birthday March 25th), 8 (middle one, and have birthday September 19th), 8 (middle one, and had birthday February 13th), and 5 (had birthday March 1<sup>st</sup>). So you see, it is within 6 weeks that I have 3 nieces of 8 years old... **LAUGHS LOUDLY.....**

I have finished the class: Living the Wicca Life, and are now a Mentor for that class, too. Have I all classes, (1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> Degree + Living the Wicca Life), as a Mentor, and looking forward to when I have my 1<sup>st</sup> student in that class of "Living the Wicca Life". I do like to contribute what I have learned through WitchSchool. It is going on 19 years now since I started my path within the Correllian community. Was away for 8 years, but have finally found my place in the vast universe, and I am totally pleased with it, too. Still working on getting my Swedish WolfLight Temple, to grow a little bit more, as it is still just in developing stage, and has been up and running the last 18 years, now. Whoever said that it must rush quickly, as it is when it's done with thoroughness, and slow progress, that one is doing the best, there is to oneself and the Temple to run, it's course.

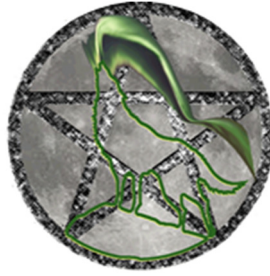

The Ostara came, and I attended that one, and it was as lovely as it ever is. Feels nice to celebrate Spring Equinox, and know that the Summer is around the corner, and with loads of fun with doing things outdoors, as: go to the beach, enjoy some nice walks out in the warm sun, and loads of more things, of course. Might be, some outdoors concerts too, as one will never know what the future Summer will give. I have missed it, and now it is on the way back. **FINALLY!!!**

Have had some time, to do some knitting, and the outcome is to have white-black striped socks and is done with 5 knitting-pins. Here you can see a picture of the 1<sup>st</sup> of 2, of my socks. It's so relaxing to do, and just let the mind wander around, while knitting. I love this kind of arts, and crafts. You are making things with your own hand, and see the finish product is even more pleasure, to the spirit.

Take care until next time. Blessed be all of you. Love and light, hugz and blessings.

This month is the querent: The Ukraine!

I'm doing a 3-card-spread and using: "The Runes".

**Past : Gebo – Gift Rune - God's gift - VICTIMS LIKE**

A time of stability, and a healthy dose of balance, generosity, sacrifice in oneself for greater good, the ability to give of ourselves for the benefit of others; sacrifice something in a particular situation.

**Present: Dagaz – Today's Rune – the Beyond - SECOND-SIGHTED**

Time for taking care of oneself, and be helpful to others, in need of help. Not a time for hiding the truth, as all secrets get out. It's a time for sudden changes, be alert, and aware about the neighborhood.

**Future: Othilla – Sif's Rune – Family Rune – GOAL AWARENESS**

After a troublesome time, one can at last see the end of a cruel world. It's time for family, harmony, and stable quarters, again. The homes as one, have had before has changed course. Believe in yourself, that you are able to cope with what you are facing, as you have both the tools, and qualities to do so.

**Conclusion, and prediction is:**

In the past there has been good times, and much sacrifice and good will has occurred, and the citizen have experienced good times. With some darker clouds, though. In the present, it is time to help out with each other, and be true to yourself, and not keeping any secrets, as it can be time for sudden changes, keep yourself alert, at all times. In the future, it have been a lot of turmoil and unstable things, in the near future, and even though, it looks bleak and tough now, remember that it will end, although not a time-span for to when it will happen. Stay strong, as you will come out of this with strength within yourself you didn't think was possible. You have the tools, and qualities to do so.

Love and light, hugz and blessings. Take care until next time. Blessed be all of you.

We at the Temple of Contemplation have been thinking about what people in both hemispheres will be thinking about at this time of the year. From the excitement of summer plans to looking back over the passing of the current wheel of the year are we all either looking forwards or looking back? As continuing year carries on for some of us and the new wheel beginning again for others, what is it that we are asking of ourselves? Or are we asking them of others? Are there other issues or topics that you personally think about or resolve at this changing time of the year?

If you wish to share your thoughts and contemplations with us and have them published in the next edition of the Correllian Herald, then please feel free to email them to – [heraldeditor@gmail.com](mailto:heraldeditor@gmail.com) - we would love to hear from you!

## Identify the Sigil

The Correllian Tradition has many Temples, Shrines, Orders and Groups, but how many of them do you know or know any information about them? Each edition of the Correllian Herald shall feature a brief look at a particular Temple, Shrine, or Order, but first you need to identify which one is to be featured!

Here is this month's sigil

Any idea which Temple, Order, Shrine or Group this belongs to? What do you know about this group? Find out in the next edition!

If you have a Temple, Shrine, Order or Group and would like it to be featured here then please email [heraldeditor@gmail.com](mailto:heraldeditor@gmail.com) with your logo and brief overview to be featured in the following edition.

## [The Healing Temple Distance Healing Network](#)

Due to the demise and closure of the beloved Yahoo Groups, The Healing Temple Distance Healing Network is now having to start again from scratch. We have a brand new shiny io Group and we are currently seeking old members as well as new and additional healers to either join, or re-join, the Distance Healing Network to send out greatly required healing to those out there so desperately in need of healing energies.

You are more than welcome to participate in the weekly rituals if you so wish to. We receive many requests for healing on a weekly basis and would love more participation in sending that much needed healing out; even if it is just by joining our Distance Healing Network and sending out healing when you can. We hold a weekly online Healing Ritual EVERY Friday in the Temples Ritual Room - <http://www.chatzy.com/Temples-Ritual-Room> at 9pm GMT/BST UK Time - all are welcome to attend.

To join our Distance Healing Network please go to - [distancehealingnetwork@groups.io](mailto:distancehealingnetwork@groups.io) | [Home](#) –\_and request to join or email Lady Anna: [anna@thehealingtemple.org](mailto:anna@thehealingtemple.org)

To make requests for healing please go to - [Healing Request Form \(thehealingtemple.org\)](#)

To join and become a full member of the Healing Temple please go here - [Temple Membership \(thehealingtemple.org\)](#)

### CALLING ALL BARDS!

The Order of Bards is looking for writers to feature their works in future editions of the Correllian Herald. So, if any members of the Order of Bards, or any budding writers in general would like to have their work, short stories, poems etc featured then please send your writings to – [bards@correlliantradition.co.uk](mailto:bards@correlliantradition.co.uk)

**PLEASE NOTE:** All writings MUST be original, and you MUST be the author of any works submitted. We cannot publish any plagiarised or copyrighted works.

We have had a few people ask about book reviews and we hear at the Order of Bards think that is a great idea! So if anyone would like to submit a book review then please feel free to email in. And anyone who would like their own works published here then please do let us know.

Keep on writing and sending your written works in to [bards@correlliantradition.co.uk](mailto:bards@correlliantradition.co.uk)

#### **One**

Be at one with yourself

Follow the river that flows

Be as free as the wildflower in the meadows

Live the life you are meant to live

Dream the dreams that you are meant to dream

Be at one with yourself

Keep on writing and sending your written works in to [bards@correlliantradition.co.uk](mailto:bards@correlliantradition.co.uk)

## The Order of Divination

### Tasseography

This month the Order of Divination has been thinking about more unknown or lesser used forms of divination. So if you use any different forms of divination that you would like to see featured then please do let us know. We have had yet more requests come in for some more bibliomancy and palmistry, but we have been sent in this:

So for any of you Tasseographers out there what do you make of this?! Tasseography is not a widely used form of divination and is not overly popular. But we thought we would give it a try and have been busy trying to hone in on our Tasseographic skills!

Please do write in and tell us and let us know if you try this yourself and what your results were.

Thank you to all those who wrote in with their thoughts and interpretations last month. Please do let us know if you would like to have them published in the next edition of the Correllian Herald. Or if you wish to tell us about a particular form of divination or spread, or tarot deck, or rune set or have your own interpretations featured then please send them to – [heraldeditor@gmail.com](mailto:heraldeditor@gmail.com)

## [Chartered Bodies of the Correlian Tradition](#)

**Witan Shrines** are the first level of the Temple-Making Process. Witan Shrines are created by Charter of the Tradition and may progress to Full Temple status over the course of several years or remain at Witan Shrine status indefinitely.

A list of current Witan Shrines may be found HERE: <http://correlian.weebly.com/witan-shrines.html>

**Proto-Temples** are groups which have progressed beyond the status of Shrines and are on their way to becoming Full Temples but have not yet achieved that status.

A list of current Proto-Temples may be found HERE: <http://correlian.weebly.com/proto-temple.html>

**Full Temples** of the Correlian Tradition have completed the Temple-Making Process and, if headed by a Third Degree, have representation on the Witan Council. A Full Temple can perform all of the functions of a Temple and may in some cases have multiple branches.

A list of current Temples may be found HERE: <http://correlian.weebly.com/temple.html>

**Formal Shrines** are Shrines that are dedicated to specific activities of a limited nature. Formal Shrines may exist as an aspect of a larger group or may stand alone in their own right.

A list of current Formal Shrines may be found HERE: <http://correlian.weebly.com/formal-shrines.html>

**Personal Shrines** are an aspect of an individual Correlian member's personal piety and are not bodies of the Tradition as such. Personal Shrines exist wholly at the discretion of the member, however the Tradition does acknowledge them upon request.

A list of current Personal Shrines may be found HERE: <http://correlian.weebly.com/personal-shrines.html>

**Orders** are associations within the Tradition dedicated to specific skills, tasks, or interests. This sort of Order is not to be confused with the Meritorious Orders which are awarded in recognition of service.

A list of current Orders may be found HERE: <http://correlian.weebly.com/orders.html>

**Houses of Contemplation** are established to facilitate the temporary or permanent practice of the contemplative religious life. Depending upon the rules of the specific House of Contemplation guests may come for spiritual retreats of designated length, or to pursue a life of permanent contemplation in the manner of a Monastery.

A list of current Houses of Contemplation may be found HERE: <http://correlian.weebly.com/houses-of-contemplation.html>
