Pagan Calendar September 27 – 2 October

September 27 Moon Festival. On this date, an annual ceremony takes place in China to honor the Moon Hare and to give thanks to the gods for a harvest of abundance. The rites associated with the Moon Festival are always performed by women as the Moon represents yin, the female cosmic element.

September 28 On this date in ancient Athens, an annual Thesmophoria festival was celebrated in honor of the Greek goddess Demeter. The festival lasted until the third day of October.

September 29 Michaelmas. According to English folklore, it was on this day that the Devil fell from Heaven, landed on a blackberry bush, and cursed the berries. Therefore, it is unlucky to pick blackberries after Michaelmas. In parts of Scotland, special Michaelmas cakes are eaten by the superstitious on this day to ward off all evil and misfortune in the coming year.

September 30 On this date, the annual Meditrinalia festival was celebrated in the city of Rome in honor of the goddess Meditrina, a deity who presided over medicines and the arts of healing.

In ancient Greece, the Epitaphia was held once a year on this date to honor the souls of the warriors slain to battle.

October 1 On this date (approximately), hundreds of thousands of Muslims make a pilgrimage to the city of Mecca to kiss and touch the Black Stone (one of the original building blocks of a veiled shrine) and to worship their god Allah. They then drink some water from the nearby sacred Well of Ishmael, and journey up into the hills of Safa and Marwa to recite prayers.

October 2 Guiding Spirits Day. On this day, light a white candle on your altar and give thanks to your spirit guide (or guides) for guarding over you and guiding you through your spiritual development. If you wish to communicate with or meet your spirit guide, use a Ouija board or, through prayer, invite the spirit guide to come to you in a dream or in a trance

Spell of the Week

MAGIC PEACE RITUAL

Design this ritual to suit your needs.

Choose candle colors that represent the things you seek peace for (e.g., maybe green and brown for peace on earth).

"From out of the dark and into the light
A circular mark, a candle burns bright.
I look towards the sky...my song do I sing.
Spirits soar high and gifts do I bring.
I offer my all! My mind, I then clear
Hearken my call! I feel you are near!
Candle burns higher; my spirits set free!
Hotter than fire, this magic will be!
Let magic come 'round, from under the ground,
To form with my sound and then, to be bound!
Around me I feel the magic so real,
Before you I kneel.. The spell I now seal!
Let all hatred CEASE! And let there be PEACE!
These words that I say, with magic AWAY!
This spell that I send is now at an end.
Let the magic I've laid, go forth and not fade!

SO MOTE IT BE!"

The ruler planet of this plant is Mercury and the seeds of the herb are used in magic for spells for communication and information. If you eat its seeds while you doing research ,you will quickly be led to the facts you need. You can also ball up the seeds in tinfoil and touch a phone or computer with it in order to compel someone to get in touch with you.

Stone of the week

Amazonite

Amazonite comes in several colors: a light mint green to aqua green stone. It aligns the physical and astral bodies and is useful to enhance your intuition and psychic abilities. It has also been used to increase creativity. Amazonite is associated with the throat chakra, and as such, can be beneficial to communication, and gaining insight and understanding of your personal truths, and how you may best express them. It is known as a stone of truth, honor, integrity and trust. It is said to lessen stress and self-defeating behaviours by calming and building self-esteem. Amazonite has been used by Shamans to help the dying peacefully leave and transition out of this life. It is said to heal emotional trauma. It has been used in crystal healing for an overall increase of one's vitality, boosting one's general level of health. It's been used to decrease heart problems and help the nervous system. Some Crystal Healers also use it to decrease osteoporosis and tooth decay. Amazonite can be used very successfully with chanting.

The Seven Planes of Existence

By T. Jessamina Chayphoree

There are many differing opinions on the layout and unfolding of the planes but the Correllian concept of the planes of existence can be closely likened to a Theosophical perception. The seven planes of existence are superimposed upon one another and according to the Correllian Tradition First Degree lessons each one has a varying level of density. The higher the plane's vibrations are the lower the density within the plane. As people move up through the higher vibrations of the different planes of existence, new doors of understanding are opened up unto them and they gain new tools as their souls awaken spiritually.

The Three Lower Planes

1) The Lower Self / The Physical Plane:

Corresponding to the Root Chakra/Earth – KEY WORD: Manifestation

The Physical plane, the first plane, is the densest of all the planes and where we are born (or manifest) physically. Earth and physical matter is related to the Physical plane. Most people only perceive themselves through this plane and many make choices based purely on their base physical, or animal, nature. Many believe that our Etheric Double exists also in the physical plane.

The Etheric double is the unseen, yet physical, body which makes up what we call the Aura and can be accessed through the chakras. The Etheric double connects us to our Astral bodies and is an exact duplicate of our physical body. With this Etheric double we are able to move higher vibrational energy in and out of the physical body, we are able to dream and access the akashic records, and we are able to Astral travel.

2) The Emotional Plane:

Corresponding to the Sacral Chakra/Water – KEY WORD: Feeling

The Emotional is the second plane, less dense than the physical, yet still housed in the lower self. This plane is perceived by most people almost as much as the physical plane but people experience emotions on both a conscious and subconscious level. Thus, some must “get in touch with their feelings” by raising their vibration from the physical to this plane.

Through the Emotional plane, we are able to connect to our psychic self and feelings of premonition. Water is related to the Emotional plane and like water – every movement, every temperature change (or energy change) is readily apparent and reflected. In this plane of existence we move more fluidly from one sensation to the next.

3) The Mental Plane:

Corresponding to the Solar Chakra/Fire – KEY WORD: Thought

The Mental plane is the world of pure thought, uninfluenced by base physical hormones or emotional sensation... the realm of mathematics, science, music, laws, and logic. This higher realm takes a clearer look at the universe, unhindered by the blindness of the physical plane or the oversensitivity of the emotional plane. The Mental plane perceives objectively. It is the place where we find our innate knowing, our consciousness and sub consciousness. When we raise our vibrational rate fully to this level we are able to delve into our unknown thoughts and reveal our inner truths.

Within the Mental plane, we are able to compare one perception to another and discard what is false and decide what the truth is. As it relates to the realm of truth the Mental Plane corresponds to Fire which gives us the light to see by and also the ability to imagine and visualize. We are able to exercise “mind over matter” techniques and use rational thought to choose physical action and emotional response. The mind is the most powerful of the three lower planes – the most powerful aspect of the lower self and is the highest in vibration of the three.

The Three Higher Planes

1) The Higher Self /The Astral Plane:

Corresponding to the Heart Chakra/Air – KEY WORD: Desire as the Casual Self

This is the first of the three higher planes, also known as the metaphysical planes, and has a direct impact on the lower self by determining the experiences and lessons that the lower self is to go through. The Astral body, or self, also houses the Ethereal Double.

Using the Ethereal Double, which is connected both to the Physical (1st of the Lower Selves) and to the Astral (1st of the Higher Selves), we are able to consciously connect to the Astral level via meditation, trance, ritual and other disciplines and travel the plane. It is no coincidence that Astral traveling is linked to the idea of flying for the Astral realms also correspond to the element of Air.

Through this connection of the physical and astral planes, we are also able to make manifest changes in the physical world using the energy and tools of the higher self. These events which are unexplained by the lower self are known as magick, miracles, paranormal phenomena, and the product of prayer, spirit work, spell work or witchcraft.

2) The Soular Plane:

Corresponding to the Throat Chakra/Life – KEY WORD: Will

The Soul, also known as the Egoic Self, is the part of an individual that is unique to them, their personality, and their creative force. The Soul is the blueprint of our eternal and individual identity. Our Soul is the life force of our individual that passes from one incarnation into the next and takes with it all the previous life lessons that have been learned. From the Soul goes forth the vibration of who we are and this vibration resonates in every aspect of our life and breath.

It is in this Plane of existence that we evolve spiritually with the ultimate goal of embracing and becoming the Divine Self once again. The energy of light and love are accessed through the soul and the fostering of universal respect for all things, the honoring of Gaia. In the Soul we

transcend our own desires for the greater benefit of all. When we are attuned to this vibration we overcome fear and are capable of acting boldly. Courage comes from the SOUL, not the heart as the common saying would tell you.

3) The Monadic Plane:

Corresponding to the Brow Chakra/Time – KEY WORD: Existence

The Monadic Plane is a place of perfection and self mastery. The great teachers and wizards of our world experience were working in harmony with the vibration of this plane. The Monad is the unique and individual reflection of the Divine Self, unique and separate from the One source and Creator of all things, yet absolutely actualized and fulfilled in its own person. The Monad is one face, one piece of the Divine, yet still purely Divine in itself.

We will eventually ascend to this place where we walk as ascended masters and express the energy of the Divine to the lower realms. The Monad is the Avatar of the Divine Source, a perfect Microcosm of the great Universal Macrocosm. The Monad yet is a creation and not the Creator, and such was a vehicle designed for the Creator to move through creation and time, to experience existence, will, desire, thought, feeling and manifestation from a unique perspective and eventually return and unite those experiences with the Divine Source once again. The Final and Highest Plane

The ALL, Creator and Divine Source / The Divine Plane:

Corresponding to the Crown Chakra/Space – KEY WORD: ALL

The Divine Source, known to the Correllian Tradition as the Goddess, Creator of all things, and the Macrocosmic Gaia is the place where all that exists comes from and returns to. It is here that we are in unity with ALL and there is nothing separate. All power, all knowledge, all wisdom, all expression and creation comes from the Goddess. In fact even all PLANES come from this one!

The highest expressions of love, purity, truth, and joy come from the Divine and echo back to her through the evolution of each of us. As we tap into the vibration of the Divine ALL we experience a greater understanding of all things and how they work together, we tap into the field of Absolute Consciousness, and unmanifested Universal Reality... when we connect to the Divine we connect, at last, to pure Spirit and it is here that we may find final rest. In this ultimate perfection and absolute love of the Goddess we find peace.

Merry Meet fellow Wiccans to my Wiccan World

So now has the autumn finally come to Sweden, as I see the leaves turning more and more yellow? I can even smell the crisp air that the frost is coming during the nights. No more warm days out on the backyard, anymore. We have taken down all our cucumber and tomato-plants. There is no growth from them anymore, so they are put on our mulch to become good soil for next year's plants. Speaking about plants, so my lettuce tree that has grown in our backyard, it is actually iceberg lettuce. Or it should be that, as the bag I got the seeds from say it is. Oh well, we have had good salad from it, and now it even has start to get flowers on top of it. I don't know what kind of lettuce I have, but it's diffidently not iceberg lettuce, that's for sure.

I had my Gaia-ritual on Tuesday, and I had it with a reversed Triple Goddess, so I started with the Crone and then the Mother and ended up with the Maiden. As the purpose with the Gaia Rituals are to heal the World and all its habitants. It turned out that one of them attending actually got healed from the process, and she sends a mail to tell me about it. I think, that I will do that Ritual another time as it seems like it was a good one. I just write them, and they come to me as almost written Rituals in my head. I have a new one for next month, and the hints for that one is a city and a drive-in movie.

On Friday we had our Healing Ritual as always, and this week it was a new Ritual Leader that held her own written Ritual. It was a really good and well written Ritual, I must say. It involved mistletoes, beech trees and bears. A very lovely and nice ritual, and I felt a lot of healing afterwards.

On Saturday, my step-daughter came for a visit to us. It is always fun times when she comes, as she now is 18 years of age she doesn't need us anymore in that way, and it was 4 weeks ago since she was here the last time. She could tell us that she and her boyfriend are going to get engaged. He is the one that are planning it, so she only knows that they are going to do it, but not the date when it will happen. We three together had an awesome and nice evening with a lot of talks.

Today, Monday it is Memorial Ritual, and tomorrow, Tuesday it is New Moon Ritual. You are most welcome to join in, and you can just come to attend. No requirements for Calling a Quarter or to hold a Ritual by your own. Come as you are and bring your eye for visualization with you. That is all you have to think about, and it is at 9PM UK Summer Time at this address: <http://www.wiccanway.org.uk/chat/>

Take care until Monday. Love to you all, always. Blessed be all of you. Love and Light, Hugz and Blessings

A Natural Spell of Love

There was a day when blossoms bloomed.
In perfect harmony, came light from the moon,
Wind blew firm, but brisk.
Twas' just enough to enchant the kiss.

Candle light burns abright,
The spirit of night join our sight.
In my arms, the perfect bride.
"Forever" we said, "side by side."

Across the world, in tunics of thread,
We lie alone, in different beds.
Wrapped in linen that you sowed,
Cursed forever by what I know.

Remember love, follow your heart.
The seeds of trust must embark.
Take my words messenger!
Take this note and find her!

"Blessed be,
Our true love will not die.
I will find you in these skies.
I kiss your head, upon your sleep.
I watch and wonder if were to meet.
I will find you!
So mote it be!"

Spanish Wiccan Blog and Podcast

Wiccan blog and podcast in Spanish, 13 lunas (13 moons), created and maintained by Rev. Clara Fuentes (aka Harwe Tuileva), a Correllian priestess from Spain.

The blog seeks to keep Pagans and Wiccans from all the Spanish-speaking countries informed by means of an easy access format, and, of course, for free. Besides, the recent creation of a radio program in the form of a podcast completes this successful project that is currently receiving more than 400 visits per day at its website. The wonderful reception granted by the Spanish-speaking community reflects the need of more information of the Pagan and Wiccan community, which was looking forward to counting on this kind of initiatives in their own language.

The blog can be found at <http://www.13-lunas.com>.

For more information please contact Rev. Harwe Tuileva: harwe1982@hotmail.com

The Order of Web Weavers Crystal Web Mapping Project

The Order of the Web Weavers has been working diligently on mapping the Crystal Web. If any of you have a crystal that you have added or removed from the Crystal Web contact us to ensure are records up to date and accurate.

The information we need in order to best catalogue your crystal/s is the following. Your Craft Name and E-mail Address along with your City, State, Country, Latitude, and Longitude. Sent to the following e-mail address: *wwcw@correllianorders.info*

Please include the above information, if you have removed your crystal from the Crystal Web along with 'Remove' in the subject line. If you have added several crystals then we would need a separate entry for each crystal, unless they are located together. If they are located together then please include how many crystals are at that location.

We are excited about this project and hope that you will be too. Once the crystals have been properly catalogued we can then begin placing them on the map program. This will give us a good visualization on the Crystal Web. Thank you in advance for your participation in this wonderful project.

Bright Blessings,
The Order of Web Weavers

The Order of World Walkers

This Correllian order is headed by the Rev. Krystel High Correll and she is offering training for those who wish to join the order. The training consists of twelve lessons, one a month, for a year, offered through e-mail.

The purpose of this order is to fulfill the deeper purposes of the Correllian Tradition--advanced psychic and spiritual work, primarily conducted on multi-dimensional levels. This work includes:

Learning to connect and work with your spirit guides. Conscious dying and conscious incarnation. Advanced dream work. Exploring the known boundaries of the multi-dimensional universe, then conducting independent work to go beyond those boundaries. The study of time and advanced work within it. Soul rescue (helping those who are not aware they have died, or are not willing to cross over). Mediumship (being a voice for the so-called dead, visiting the land of the dead and communicating with them, and building a pathway between the living and the dead). Healing, both personal and of our Earth.

These purposes are divided among five houses that consist of the members who are dedicated to the work of the House.

The Order of World Walkers is a working order. The training is only the beginning. Each of the houses offer work that can be done for the rest of your life, if you choose to do it.

I believe that everyone who chooses to become a member of the order chose this before coming into this life time to continue work begun in other lives.

For more in-depth information, including the cost of the lessons, contact me at *krystelneuman@yahoo.com*

May You Blessed Be
Krystel

Order of Peace Weavers

The Order of Peace Weavers was created to provide members of the Correllian Tradition with the means of gathering together to collectively promote the weaving of peace into the fabric of society through meditation, prayer, Reiki, visualization, spell working, ritual, creative writing, intentional art and music, and other positive energy work and light work, with harm to none, and for the highest good of all concerned.

The motto of the Order of Peace Weavers is: "Be Peace, Live Peace, Send Love, Weave Peace." We hold a monthly 15 minute group peace meditation on the first Wednesday of every month and would love to have more join us to promote peace.

The Order of Peace Weavers is a chartered order of the Correllian Tradition. Membership is by invitation or application and is open to Inner and Outer Court members.
