Veterinary Notes: Warning Signs

I've covered some of these in previous articles but they bear repetition.

The first thing is to know your animal – really know all its usual behaviour patterns, eating/drinking patterns etc. This way you'll be able to detect incipient illness at a very early stage, possibly even too early for anyone to diagnose but you and your vet will be alerted to potential trouble.

Urinating excessively: often a sign of kidney disease, or diabetes mellitus or diabetes insipidus. If a previously house-trained dog or cat starts to wet indoors it is invariably a sign of illness so do not scold them. These conditions all need urgent attention. Also note abnormalities of the urine – blood, mucus, cloudiness.

Urinating small amounts frequently or inappropriate urination (in the wrong places) – are frequently signs of bladder infection and abnormalities. In cats, inappropriate urination is nearly always medical in origin and NOT behavioural. Prostatic disease in dogs also affects urination patterns.

Drinking excessively – this follows the excessive urination above but may be the most obvious sign. In the unspeyed dog or cat, increased thirst also accompanies a serious infection of the uterus.

Inappetance, unusually excessive appetite (bearing in mind the tendency of many dogs to eat anything in sight!), lack of appetite or an appetite for unusual things like soil. These may be associated with diabetes mellitus, any illness or pancreatitis respectively.

Abnormal motions – hard, loose, ribbon like, with blood or mucus – all are pointers to ill health and should be taken seriously. It really does help to safeguard a cat's health if you provide a litter tray so that you can check that what "comes out" is normal.

Vomiting – dogs and cats vomit easily but any sustained vomiting for longer than 1 hour needs attention.

Coughing – again, coughing that persists needs attention.

General behavioral signs, lethargy, quietness, fear, evidence of pain when touched or when moving, are all serious indicators of ill health

If you know your pet and if you sense something is wrong don't be dissuaded when the vet tells you he/she is fine. With my own animals I know they are ill a considerable time before there are any real symptoms to allow a diagnosis, but this intuitive knowledge means I can be hyper-vigilant. Forewarned is forearmed.

Astrology

By Rev. Leona

This week we finish our look at the Zodiac with Pisces.

Pisces is the final sign of the Zodiac. When you work with this sign you will be consolidating all that you have learned. When you arrive at these lessons you will be prepared to pass beyond the realm of material and explore the infinite possibilities of the imagination. Pisces is the sign of imagination and compassion. When working with Pisces energy you will tap into your deepest emotions. Your emotions will become the fuel that will propel you forward. When you work with Pisces you will need to learn how to flow. You will become as water and you will mould yourself around any obstacle. Freeing your mind from the physical constraints of the body will allow you to flow quickly and easily between dimensions and realities. Freeing your emotions will enable you to adapt to any new situation. Your feelings are the source of your intuitive abilities. When you harness these abilities you will be able to anticipate what the future holds. Your intuition will guide you to the hidden locations that lie beyond the restrictions of space and time. Here you will be able to free your spirits wings and fly to the very source of your being. This will be a test period where you will need to trust fully and completely in yourself and your abilities.

Pisces energy opens up a channel in your mind. From this channel you will be able to hear the thoughts and sense the feelings of others. You will begin to develop your empathic and telepathic abilities far beyond their current levels. During this period you may find that you are easily manipulated by those around you. You will strive to create a harmonious surrounding that will enable you to concentrate on the upcoming challenges. When your focus is crystal clear you will be able to bend other to your own desires. The compassionate side of Pisces will urge you to reach out to others. This will be a time when you must put aside your own selfish needs and desires. You will find that you are more self sacrificing and compassionate where others are concerned.

When you work with Pisces you will spend a great deal time and energy caring and helping others. You will place the wellbeing of others on top of your list of priorities. Pisces lessons focus a great deal on charity and community building. Creating a healthy community will create a sense of safety and well being in all those around you. You will create activities that will include everyone. Making sure that everyone is connected to each other in a positive way will increase the amount of energy that is available to the whole collective. When the social collective is functioning smoothly then everyone will have access to the combined experience and skills of all those who are contributing to the evolution of society.

Pisces wants to bless you with the vision and imagination that is required to reach out and bring the realm of dreams closer to manifestation. Pisces energy is highly imaginative and creative. When you work through the lessons of Pisces you will find that your artistic vision will be augmented. You will use this time to hone your skills. Mastery of your artistic talents will enable you to connect to society on an emotional level. You will be able to use your artworks to inspire others to reach out beyond their confining structures and attempt to touch the universe. This will be the period where you will want to work on the masterpiece of your soul. You may take this time to lose yourself in the passion of creative visions. Pisces will give you a chance to dream. This will be the time for you to open up to the spirit guides who are waiting for you just beyond the veil. You will break out of your normal routine and find inspiration in the most seemingly unlikeliest of places. Pisces will move your mind in ways that you never experienced before. Pisces challenges you to follow the path of your imagination. This will be your chance to expand your consciousness beyond all boundaries.

Pisces energy is filled with love and generosity. When you work with Pisces you will feel compelled to be kind to all those you encounter. Your generosity knows no bounds and no restrictions. You will give your attention to your neighbor as easily and willingly as to the bird who just flew into your window pane. Pisces lives for peace and goodwill. During this time you will be able to see and understand the power of generosity. Pisces knows that even a small gesture such as a smile or hello can make tremendous shifts in the energy of a place and the people who inhabit these places. Taking time to be courteous is a sign of good breeding but will also lift your spirits and restore faith to society. Knowing that good manners and common courtesy still exist will encourage others to follow your example.

Pisces will bring out your inner sensitivities. Pisces shows you how to use your sympathetic feelings to create strength in areas of weakness. One of the major lessons of Pisces is to teach you about forgiveness. When you work with Pisces you will open up your emotions and your past hurts. This can cause much upset and turmoil in your life. You will need to be focused to learn the true power of forgiveness. When you have moved passed the pain and anger you will find your heart growing lighter. Overcoming this challenge will rid you of this negative buildup. You will be filled with a new insight and appreciation for unconditional love, for only unconditional love can truly grant forgiveness and lead to complete healing.

Pisces will pick you up and carry you into the realm of dreams. Pisces warns you that there is a desire to become lost in this place. Illusions can be found quite comforting but you should be careful not to fall prey to escapism. Living in the realm of dreams will cause the blessings in your life to run dry. You will be abandoned by those around you. Shutting yourself off from the world will leave you weak and vulnerable. Others may take advantage of your weakened state to tear down any following that you have gathered. If you have the ability to remain focused through the dream realm you will find the key to your own transcendence. The reward of passing through the dream realm is true spiritual development. You will see and understand the workings of the world and the universe. You will no longer be plagued by trivial issues and you will walk towards the creation of a utopian society. Pisces will encourage you to develop yourself mentally and spiritually.

Pisces loves people and will encourage you to reach out to others to try to make new connections. During your journey with Pisces you will seek to understand others. You want to feel connected and you will work hard to meet others on a higher level. You have a hard time understanding what they feel. You will learn that through love and attention you will move beyond the boundaries that bind you and keep you trapped.

Pisces energy will flow through you calling you back to the source. You will need to follow the call which will allow you to connect to a higher power. You must believe that your faith will guide you to the answers. Now is the time for you to develop your natural mystical powers. Developing your spirituality will open yourself up to messages from beyond the veil. Pisces will allow you to experience otherworldly realms. This will prove to be a time where you will explore the many different cycles of your life. Pisces will tune your prophetic gifts and show you how you can pass through the gate of death and into a new existence. Once you have completed the lessons of Pisces you will become a guide and a teacher to others. You will be able to create your own magic and this magic will reach out beyond yourself and touch others on an esoteric level. Being able to connect peoples souls will show you the lines and true connectedness between people and all worlds.

Working through Pisces you will fly through many different realms. You will reach out to others and heal others and yourself as well. The warning of Pisces is to be careful that your desire to help others does not endanger you because you will find that you are strangely drawn to unpredictable situations and unbalanced people. These situations could indeed lead you to your own downfall should you lose your footing. However, Pisces has the ability to bring you to new places. You will grow and develop spiritually and emotionally. When you complete the lessons of Pisces you will have gained a great insight into yourself and to others around you. You have built a strong foundation. From this foundation you will be able to continue to strive towards your ultimate transcendence.

Enquire Within for Everything (Well Almost!)

By Rev. Moonleaf

Merry Meet Everyone!

The humble Garage Sale: a Goldmine hiding the most wonderful tools of Magic!

“As I began to write about this subject I remembered that I had seen one about the same subject a while ago, written by an Australian witch called Blayze. I have no idea where the article came from but I have liberally added to this one from it so I do acknowledge your work Blayze, and I am so glad to know that there is someone out there who not only thinks likes me, but also like me she writes about it” thankyou Blayze”.

Early on Friday evenings I gather my cup of jasmine tea, the local paper and my trusty biro and I begin my search for this weeks treasures in the Garage Sale ads in the community section of the paper. Garage sales are truly a goldmine if you know what you are looking for.

And my search tonight is rewarded with a short list of sales within a radius of 5 miles from my home, Tomorrow will bring with it an expectation of bargains and treasures to be found.

What kind of treasures do we look for: well, it is not unusual to come across tarnished silver Goblets which, with a little clean up, make perfect chalices. And it is amazing how many people get rid of Grandma’s prize crystal sugar bowls. I have found Brass plant pots that make perfect cauldrons, one I keep on my altar, full of sand to hold short candles or to burn the paper that spells and mantras are written on.

I also look for small coloured bottles and jars, sometimes blue and if you are in real luck the old fashioned white jars may be found too. As a Witch and a therapist I am always on the look out for exotic shapes and sizes to hold the oil blends and creams and teas made in my little downstairs pantry.

Sometimes there is even the perfect piece of furniture to create a specific altar (Mine was an old sewing Machine cabinet).

There are many other places you can find these treasures and bargains The “Op” shop here in Australia is a good place for this kind of delving and the few pence you pay for your finds goes to a worthy cause.

I am excited by, roadside council clean-ups, and trash and treasure markets, my favourite being the one held at the showgrounds of a town not far from where I live. I have found sickles and scythes, camping cookware that make perfect cauldrons (with legs and lids), many different types and sizes of candelabra, all kinds shapes and sizes of bottles, crockery and knives that were just meant to be used as bollines. It is the working witches idea of heaven.

When I go to this particular market, of course I also buy my fruit and veg (organically grown of-course), and homemade preserves and jams and fresh free range eggs.

So it becomes an excursion with many focuses.

Because you are finding items you will be turning into your magical tools you will appreciate

them all the more, and the fun you have collecting them adds to their value.

You can buy coloured threads in cotton and silk and wool in skeins at local fabric and craft stores, perfect for using for knot magic, dried flowers and wheat, large wooden tea stands for the painting or carving of pentacles, beautiful fabrics for altar cloths, mask forms and feathers.

Large Hardware stores such as Bunnings in Australia sell items such as Garden arches, water features and bird baths and other statuary, copper sheets and brass tubing, timber (and they will cut it to size for you), paints, herbs and pots, curtain rings, copper and silver solder.

Large wide mouthed dark glazed pots to be used for scrying bowls are also sold in hardware stores and nurseries. A hint from Blayze; Plant Pot saucers are probably the easiest and best bases for pentacles, turned over with the pentacle painted on the bottom, then sealed.

Blayze says Junk shops / antique stores are also invaluable in the hunt for magical tools and I totally agree...

Blayze also suggests that, the calligraphy store has loads of items that are essential to the witch. They sell real vellum, perfect for talismans, they sell gums and resins and all that you need to make ink. They have carved seals and rainbows of sealing wax, ink pots and beautiful quills, not to mention a huge selection of acid free paper and leather bound books. I have found that sometimes you will even find someone willing to teach you how to bind your own books.

She also suggests that Wholesale food importers are a good source of herbs in bulk or by weight, and that the Greek ones usually also sell good quality charcoal blocks and bulk frankincense.

So as Blayze says, next time you go out shopping, think about what you see from a witch's point of view, that ordinary household item may just be the tool that you have been looking for. Just remember to clean and cleanse everything thoroughly!

I am sure there are many of you reading this article who would have the same or even better ways to collect the items you need.

Would you like to tell us about them?

The editor of the Herald would welcome these articles send them to the Editor at **heraldeditor@googlemail.com**

May you all enjoy a great Imbolc!!

Poets Retreat

Poetry provided by the members of the Order of Bards

This is a poem or a story perhaps, you decide...
its called

"The Corner People":

No one ever took time to ask
what brought him to this special place
or from what city he had come
they didn't seem at all to care, save one..
She spoke to him most everyday
he took to her in his tender way
none ever saw them often apart
and a look was all it took to see
a bond between them growing there
in which each of them loved the other

On the corner, she sat at his side
he sat and played
his heart full of pride
the summer was passing as time
autumn was intruding its feel
into the lives of the people both physical and spiritual
A sombre look
A faded smile
a pause, a glance
it was still worthwhile
as the weeks into months were turned
his appearance there was commonplace
all the people on the street knew
his name and called to him as they passed

from where he came
they did not care
it was as if
he'd ever been there

The singer was fair and quite young
he had a pleasing smile and bright eyes
his clothes though worn were always clean
and like his music he seemed refined

he sat and played
day after day
as if he knew
this to be his way

It wasn't known how they survived

how they managed to eat and sleep
although people threw the odd coin
there wasn't enough to live on

but there he sat
never dismayed
a gleam of eye
of nothing afraid

slowly the weather turned colder
they sat under skies
of sombre gray
she would sit and listen
his songs would bring
to her face a smile

The crowd would pass more quickly now
feeling their shame
their heads they would bow
No longer did they feel concern
for the pair who lit up their summer
their cares were only for themselves
of getting home and out of the coldness

Her smile so sweet
to him belonged
they seemed enough
for she was this throng
one day he was seen
all alone
his eyes had lost
some brightness
no trace of sorrow could be felt
but had the mood of his songs

she left at night
no words exchanged
she walked away as though prearranged
the gusting wind pulled at his coat
and strained the buttons till they would pop
the biting cold tore at his hands
and stung his fingers now
blue and numb

Yet on he played
his eyes aglow
with no regard
for the winter snow
he first was seen in summers past
when the days were long, the nights warm
In that time he strummed his guitar

and quite often he would sing

as time went by there'd be a throng
crowded around as he sang his song
days saw him in that very place
where he spent to much of his time
but now in winters fury he seemed lost
a passerby sometimes offered help

He needed none
so then said he
I have her love
her love with me

He no longer sang but he played
his knowing look spoke of days gone by
when all was well before she left
to that one fate that he later knew

He tried to smile
to fight the tears
which on his cheeks
froze like those gone years

He knew that shed gone to die
he also knew he would join her soon
this thought gave him great comfort
through out that cold stormy winters night

No more he played
no more he wept
he sang no songs
in her arms
he slept

This is for street musicians everywhere

Rev. Andi's Kidz Korner

Especially designed for the children growing up around the Correllian lifestyle!

Merry Meet little ones! First off - please allow me to apologise to you all for my absence. My internet stopped working and I couldn't get my article to you guys - but I'm back now - and until the triumphant return of Rev. Silver-Moonblossom, there will be two editions of Kidz Korner each week!

Secondly - I hope you all had a great Yule - I know it's been a while, but hopefully you've missed me too!

Well - I have a great action-packed Imbolc edition for you this week - lots of fun and things to do. So without any further delay, let's get going!

Enjoy!

Thoughts And Ideas / Crafts:

Brigid's Cross pagan craft

You Will Need:

- A handful of wheat stalks
- Warm water
- Clothes-pegs
- Clear or red thread and needle

Soak wheat stalks in warm water until pliable. Fold one stalk of wheat in half, leaving the kernels sticking out. Fold another one the same way, and thread through the first one. It now looks like a long "L". Fold the third the same way, and insert through the second wheat stalk. It now looks like an L with a tail. Fold and insert the fourth stalk through the third. Use the clothes pins to help keep the shape as you weave more wheat. Continue folding and threading the wheat stalks until you have several wheat woven through each "arm". Allow to dry with the clothes-pegs in place. Using the thread and needle, sew the stalks together - this is cheating, but I find that it's necessary! Hang over the fireplace or stove.

Brigid's Crown pagan craft

You Will Need:

- Construction paper in 4 colours, two of which are red and yellow

- Crayons
- Scissors
- Glue

Cut a two inch strip of paper, long enough to wrap around your child's head, plus two inches. Your child can decide what colour to make his/her crown.

Cut out 6-10 thin rectangles for the candles. 8 works well but it depends upon the size of the candles.

Using yellow construction paper, cut out as many flames as you need to top the candles. We then use the red construction paper and cut out a smaller flame to fit inside of the yellow. This is a matter of choice. Glue the flames to the candles and then glue the candles around the headband.

Ideas For The Kitchen:

General ideas: Dairy products are good for Imbolc, celebrating the new milk coming to animals now. Sprouts and fruitcakes are nicely symbolic of spring. Anything round, or involving honey, is appropriate to symbolise the sun and warmer weather. Pancakes and waffles with thick cream are still a Swedish Imbolc tradition.

Bridecakes

You Will Need:

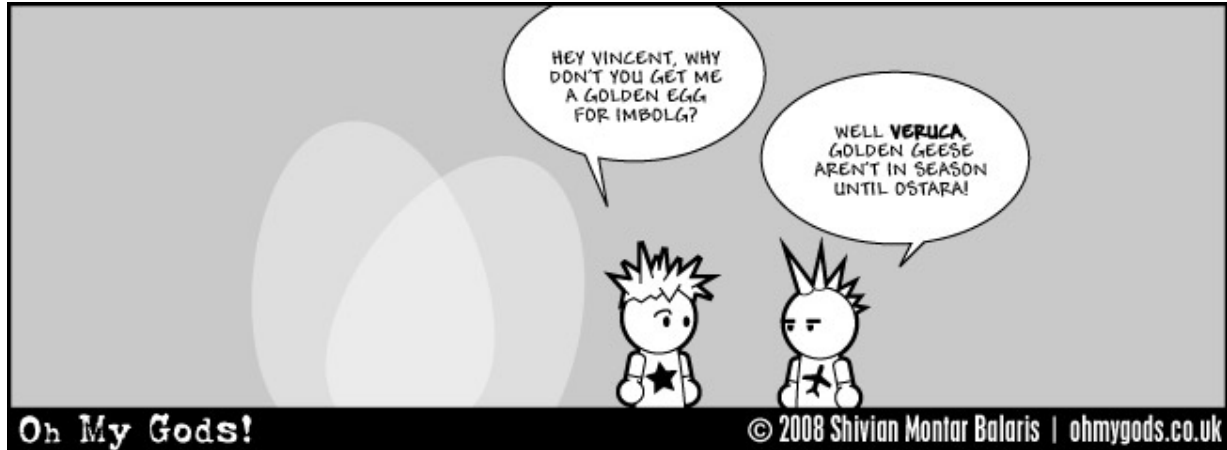

- ½ cup butter
- ¼ cup honey
- 2 cups oat flour or wheat flour
- ¼ teaspoon salt
- ¼ teaspoon baking soda
- 1 cup rolled oats
- ½ cup currants
- ¼ cup buttermilk

Cream butter and honey together. Mix dry ingredients together and add the currants, stirring to coat them with flour. Stir dry ingredients into butter-honey mixture and add butter milk to make a dough. Roll into balls and flatten on greased cookie sheet. with a knife mark each with a Bride's Cross (+). Bake in a preheated oven at 350° Fahrenheit / 180° Celsius / Gas Mark 4 for 15 minutes.

(FROM WICCA CRAFT FOR FAMILIES BY MARGIE MCARTHUR.)

Jokes:

Please hold. All muses are busy right now, but your inspiration is important to us...

Get a taste for religion; lick a Witch!

THE ORDER OF WORLD WALKERS

This Correllian order is headed by the Rev. Krystel High Correll and she is offering training for those who wish to join the order. The training consists of twelve lessons, one a month, for a year, offered through e-mail.

The purpose of this order is to fulfill the deeper purposes of the Correllian Tradition--advanced psychic and spiritual work, primarily conducted on multi-dimensional levels. This work includes:

Learning to connect and work with your spirit guides. Conscious dying and conscious incarnation. Advanced dream work. Exploring the known boundaries of the multi-dimensional universe, then conducting independent work to go beyond those boundaries. The study of time and advanced work within it. Soul rescue (helping those who are not aware they have died, or are not willing to cross over). Mediumship (being a voice for the so-called dead, visiting the land of the dead and communicating with them, and building a pathway between the living and the dead). Healing, both personal and of our Earth.

These purposes are divided among five houses that consist of the members who are dedicated to the work of the House.

The Order of World Walkers is a working order. The training is only the beginning. Each of the houses offer work that can be done for the rest of your life, if you choose to do it.

I believe that everyone who chooses to become a member of the order chose this before coming into this life time to continue work begun in other lives.

For more in-depth information, including the cost of the lessons, contact me at krystelneuman@yahoo.com

May You Blessed Be
Krystel

THE ORDER OF WEB WEAVERS CRYSTAL WEB MAPPING PROJECT

The Order of the Web Weavers has been working diligently on mapping the Crystal Web. If any of you have a crystal that you have added or removed from the Crystal Web contact us to ensure are records up to date and accurate.

The information we need in order to best catalogue your crystal/s is the following. Your Craft Name and E-mail Address along with your City, State, Country, Latitude, and Longitude. Sent to the following e-mail address: wwcw@correllianorders.info

Please include the above information, if you have removed your crystal from the Crystal Web along with 'Remove' in the subject line. If you have added several crystals then we would need a separate entry for each crystal, unless they are located together. If they are located together then please include how many crystals are at that location.

We are excited about this project and hope that you will be too. Once the crystals have been properly catalogued we can then begin placing them on the map program. This will give us a good visualization on the Crystal Web. Thank you in advance for your participation in this wonderful project.

Bright Blessings,
The Order of Web Weavers
