AHT Case Studies- Hetty Dickson

Hetty Dickson has every reason to be grateful that he lives in the Newmarket area. When he was hit by a car, and received severe head injuries, he was rushed to the Animal Health Trust where a team of specialist vets were on hand to deal with the emergency.

When Hetty, an 18-month-old cat arrived at the Trust, he was severely traumatised and in shock. He needed immediate treatment including pain management, fluid therapy and oxygen support. The next step was to use radiography to assess whether there was damage to the lungs or other internal organs. However the injuries were confined to the head.

As soon as appropriate oxygenation and ventilation were given, and he was stabilised, he was assessed thoroughly for traumatic injuries. Radiographs of the chest and abdomen did not reveal any evidence of skeletal fractures or soft tissue trauma. However, neurological examination revealed a depressed mental status and inability to generate voluntary movement in all four limbs. Hetty had decreased facial sensation and his right eye was partially prolapsed.

Hetty remained in the Trust's Intensive Care Unit overnight, where he was looked after by the highly qualified staff. The following day, he was given a general anaesthetic in order to be able to obtain an MRI scan. Anaesthetising a cat in such a poor condition carries a high risk but, thankfully, the Trust has a specialist team of anaesthetists, with a great deal of experience in dealing with high risk cases.

The MRI scan revealed severe widespread brain injuries, and a fractured jaw. At that stage, the future wasn't looking at all bright for Hetty but owner Tanya Dickson didn't want to give up on him. "He's a very special cat" she said "and I wanted to give him every chance. I knew that, if anyone could save his life, it would be the vets at the

Animal Health Trust".

The next stage for Hetty was surgery and the surgical team repaired his jaw. A tube was then placed in his oesophagus (gullet) to allow nutrition to be administered.

Because of his inability to produce tears, his eyes became very dry and ulcerated. This was managed with artificial tears and antibiotic drops, which were given up to 10 times daily whilst he was in hospital. His eyelids were also partially sutured together to protect his eyes until nerve function returned.

Because Hetty's state of health was so precarious, he remained under the care of the Trust staff, during which time he responded remarkably well to treatment and gradually improved. His mobility increased beyond expectations but he remained unable to eat by himself and was still being fed by tube. Tanya knew that she wouldn't be able to bring him home without this vital step.

However, much to the delight of Tanya and the entire veterinary team at the Trust, he started to eat before discharged. Finally, the wire was removed from his jaw on 10th April, about 6 weeks after the accident. His recovery since then has been slow but steady and he has just started to venture out to explore the garden once again. "I just can't believe he's still with us" said a delighted Tanya. "His injuries were so severe that I really thought we would lose him. I am just so very thankful that the Animal Health Trust was close by and that their expertise got him through."

"And in case Hetty seems a slightly strange name for a male cat, it's because when we first had him as a kitten we were told he was a female – and the name had stuck by the time we realised he wasn't!!")

Neptune

This week we move onto the second master planet. We will be looking at Neptune, the planet of dreams.

Neptune is a planet that swirls with the fluidity of water. Here you find a deep well that leads to your deepest psychic talents and abilities. Neptune delves deep into the subconscious and recovers the hopes of your soul. When you work with Neptune you will have the power of your dreams to propel you forward. Dreams are the realm where the impossible becomes possible. They are the untamed land where the mind is free from societal constraints. Neptune is the planet of the imagination and is fueled by the power of dreams. When you connect with Neptune you will be brought into the realm of dreams. Here you will be free of limitations. The lessons of Neptune will teach you how you can make new worlds.

Neptune is the planet that will open your mind and your heart to the power you hide deep inside of yourself. Now you will want to delve into the realm of your dreams and your imaginings. Neptune is the most mystical of all the planets and as such has the ability to transcend all reality. Neptune teaches you how to exist on many different levels and planes. Here you will encounter the astral realm as well as other realms of existence. Stepping out of the mundane world and into the world of magic is the most difficult task you will have to master when you work with Neptune. The difficulty in working with Neptune arises from the inability of people to let go. Releasing and giving into Neptune means that you must release control of the material realm and swim in the waters of dreams and fantasy.

Neptune calls to you from the depth of the Universal ocean. Now is the time for you to reach out and allow Neptune to guide you through the currents. Neptune teaches you how to ride the ocean currents by opening up to the inspiration that colours all levels of existence. You need to let the ocean wash away all of your biases and social constructs. When you tap into the mystical energies of other planes you are able to clear your mind and see the world as it was truly meant to be seen. This activity will allow you to become aware of the illusions you have built up all around you while at the same time filling you with the essence of pure, untainted inspiration. When you erase the illusions of the mundane world then you are able to find the true source of inspiration and creation. Neptune wants you to tap into your source of creativity so that you are able to harness this source and use it to its full potential.

Neptune will speak to you from dreams and will inspire your imagination. When working with Neptune you will need to record and analyze your dreams. Neptune will always reach out to you in your dreams and as such the symbols and images that you are able to recall upon waking will hold great significance and can be the key to unlocking your own ability for dream recall. This is a quiet time of meditation and introspection. The power of Neptune lies within. This is a planet of inner search. All the answers that will be recovered will come from learning about yourself. Neptune wants you to open up to the messages of your dreams. When you learn to decode the language of Neptune you will be able to understand the teachings of Neptune. Neptune flows through your life and will be as changeable as water. Neptune will never speak to you twice in

the same manner. To understand the lessons of Neptune you must develop your own transformative abilities. These abilities will enable you to morph into the desired shape and frame of mind.

Neptune encourages you to develop your compassion. You need to develop your empathic abilities as these will allow you to move into the minds of others. Being able to understand the feelings of others is a gift that can help lead to healing. When people are able to understand each other on deeper levels then communication becomes easier. Learning how to be sympathetic to others is an important feature of Neptune. This is the planet that will allow you to tap into the collective unconscious. From here you are able to tune into the thoughts and feelings of those around you. Touching these feelings will allow you to understand the point of view of those around you. When you are able to understand this point of view then you would be more willing to compromise. The true gift of Neptune is to give you the ability to change perspective so that you are not always focused on your own selfish desires. When this change occurs you will be more willing to listen and help others.

Neptune encourages you to study and explore the ideologies and concepts of many different religions. When you open up to Neptune you will be able to see past the bureaucracies and social constructs of religion to see the true spiritual core that still exists. This core will allow you to connect to your own spirituality. Finding the key that lies in all religions will allow you to fill the emptiness within your spirit. Understanding the core values of world religions will allow you to see the common thread that weaves them all together. You will then be able to use this thread to explore your own spirituality. Upon this journey you will delve inside to find the peace that exists in your soul. With this inner peace comes a great well of knowledge. This knowledge can only be accessed when both the mind and body are at peace.

Neptune will teach you the values of developing your individual spirituality. This is not to be confused with religion. Neptune has a gentle flowing aura and when you tune into this energy you will feel drawn to lead a more spiritual life. You will be free to commune with the different elements and beings that surround you. This new connection will open your mind to the pure essence of magic and mysticism.

Neptune will show you how you can develop your psychic abilities. When you allow these abilities to grow you are opening up new pathways of communication and you are building up your own bank of personal resources. Neptune helps you to find the proper spiritual path that will lead you to your destiny. Learning how to strengthen your intuition will allow you to move deeper into the realm of Neptune. Neptune will lead you into a great labyrinth and only through following your intuition will you be able to make your way through.

Working with Neptune will teach you how to drift away from the trappings of reality and the mundane. By leaving these distractions behind you will be able to strengthen your inner vision. This inner vision is your gateway to the universal ocean. When you allow yourself the freedom to swim in the ocean you will be able to truly see how deep consciousness can go. Neptune shows you that in the depths of the universal ocean you will receive visions from both your higher self and the divine. The waters of the universal ocean are the waters of ever lasting life as well as the food of dreams. When you are submerged in the water your destiny becomes clear and you will sense more than you could ever see. When you open up to the ocean you will open

up all your senses and will be transformed into a beacon for divine messages. You will be able to develop yourself so that communication with the higher realms will be clear and familiar. Neptune wants you to understand that there are several layers of reality. Do not allow yourself to be bound and trapped in just one. Open up and allow yourself to be inspired by whatever comes to you. There is much to be learned in life and when you allow your mind to be encased in a small confining space then you live in confusion. You will always be filled with doubts and worries about your place and the meaning of everything. Neptune has the power to teach you the magic of manifestation. When you dedicate yourself to Neptune you will be able to use your imagination to create many wonderful possibilities. You will have the power to dream and the tools to turn those dreams into reality. Your imagination is a pathway to divinity. When you use your imagination you are engaging in a serious discussion with divinity and any creative product will be blessed. You need to trust your intuition and you need to develop your creative pathways. By focusing on creative acts daily you increase your skills and become more sensitive to the messages being sent to you.

Neptune is the most fluid planet. This is the planet that will teach you about adaptation and change. Learning how to flow and how to connect are the most important lessons of Neptune. Working with this energy you will soon learn that there is nothing which you cannot accomplish. There are many illusions that will have to be shattered but once you have learned how to see and think clearly you will be able to expand yourself beyond the limitations of the three dimensional world. Neptune wants you to experience the ecstasy of letting go. Being free to create your own world is the power you are offered. When you take the challenge of Neptune you will learn the hidden secrets and swim the ocean of dreams. When you have mastered these skills there is nothing you will not be able to manifest.

Quote & Thought of the Day

Rev. Nehal

Quote of the Day:

You yourself, as much as anybody in the entire universe, deserve your love and affection.

Buddha

Source: *www.ascensiongateway.com*

Thought of the day:

The reality of your life is driven by your concept of what is possible. Whatever you are certain of is certain to be for you.

You cannot change the laws of reality, and there is no reason to do so. For reality can accommodate whatever possibility you dare to imagine.

Know that it can be done, and there is most definitely a way. Commit the whole of your true self, and it will be.

Dream big, wonderful, meaningful dreams and purge them of every trace of doubt. Your own unique dreams are yours precisely because you are the person who can fulfil and experience them.

Pay no attention to those who claim that the best days have passed and the best opportunities have all been taken. Life's abundance has no limit, and grows to whatever proportion you choose to imagine.

Give your time, thoughts, efforts and commitment to express that abundance in your own special way. Know without a doubt that it is possible, and it is.

Multi-faith Calendar

Rev. Nehal

Multifaith Calendar - Coming up:

11th June:

Christian: Corpus Christi

The festival of Corpus Christi celebrates the Eucharist as the body of Christ. The name 'Corpus Christi' is Latin for 'the body of Christ'.

This jubilant festival is celebrated by Roman Catholics to proclaim the truth of the transubstantiation of bread and wine into the actual body of Christ during Mass.

In some countries in the world, Catholic churches still celebrate the festival, not only with a Mass, but also with a procession that carries the consecrated wafer through the streets as a public statement that the sacrifice of Christ was for the salvation of the whole world.

Corpus Christi falls between late May and the middle of June, on the first Thursday after Trinity Sunday (60 days after Easter). In some countries the festival is celebrated on the Sunday after Trinity Sunday.

It's worth noting that Christians already mark the Last Supper, when Christ instituted the Eucharist, on Maundy Thursday (the day before Good Friday). Because Maundy Thursday falls during the solemn period of Holy Week, it was thought necessary to have a separate festival of the Eucharist that would allow the celebration not to be muted by sadness.

Poets Retreat

Poetry supplied by members of the Order of Bards

From Lemons to Valhalla

When life gives me lemons
I zest them and make a new recipe
I don't spend a lot of time wondering,
"Oh Goddess, Why me?"
I gather my amulets in my hands,
Say a devotional and thanks to my Gods
Then I often wonder,
Now what are the odds?
They and my faith have saved me
Oh, so many times
It's scary to consider, really,
When will one say,
"Now, child, come, you're mine"?
I know when the day comes,
I'll face it with dignity,
For I'm a fighter,
In Valhalla I'll be.

THE ORDER OF WORLD WALKERS

This Correllian order is headed by the Rev. Krystel High Correll and she is offering training for those who wish to join the order. The training consists of twelve lessons, one a month, for a year, offered through e-mail.

The purpose of this order is to fulfill the deeper purposes of the Correllian Tradition--advanced psychic and spiritual work, primarily conducted on multi-dimensional levels. This work includes:

Learning to connect and work with your spirit guides. Conscious dying and conscious incarnation. Advanced dream work. Exploring the known boundaries of the multi-dimensional universe, then conducting independent work to go beyond those boundaries. The study of time and advanced work within it. Soul rescue (helping those who are not aware they have died, or are not willing to cross over). Mediumship (being a voice for the so-called dead, visiting the land of the dead and communicating with them, and building a pathway between the living and the dead). Healing, both personal and of our Earth.

These purposes are divided among five houses that consist of the members who are dedicated to the work of the House.

The Order of World Walkers is a working order. The training is only the beginning. Each of the houses offer work that can be done for the rest of your life, if you choose to do it.

I believe that everyone who chooses to become a member of the order chose this before coming into this life time to continue work begun in other lives.

For more in-depth information, including the cost of the lessons, contact me at krystelneuman@yahoo.com

May You Blessed Be

THE ORDER OF WEB WEAVERS CRYSTAL WEB MAPPING PROJECT

The Order of the Web Weavers has been working diligently on mapping the Crystal Web. If any of you have a crystal that you have added or removed from the Crystal Web contact us to ensure are records up to date and accurate.

The information we need in order to best catalogue your crystal/s is the following. Your Craft Name and E-mail Address along with your City, State, Country, Latitude, and Longitude. Sent to the following e-mail address: www@correllianorders.info

Please include the above information, if you have removed your crystal from the Crystal Web along with 'Remove' in the subject line. If you have added several crystals then we would need a separate entry for each crystal, unless they are located together. If they are located together then please include how many crystals are at that location.

We are excited about this project and hope that you will be too. Once the crystals have been properly catalogued we can then begin placing them on the map program. This will give us a good visualization on the Crystal Web. Thank you in advance for your participation in this wonderful project.

Bright Blessings,
The Order of Web Weavers
