AHT Case Studies- Tiger

In February 2008, experts from the Animal Health Trust (AHT) in Newmarket, Suffolk, flew to Tenerife, along with Andrew Greenwood of the International Zoo Veterinary Group, to perform a tricky cataract operation on one of the world's rarest creatures: the white tiger.

The AHT team consisted of Dr Keith Barnett and David Donaldson, two ophthalmologists who normally perform the procedure on dogs and cats. David acknowledged that carrying it out on a tiger presented more risk, as there are obvious limitations when assessing the beast in the first place!

“A close examination of the eye is not possible – unless you’re feeling particularly brave!” he explained.

Prince, the big cat, lives at Loro Parque, a beautiful, exotic wildlife park in Puerto de la Cruz, with mate Saba, a tiger of regular colouring. The park is also home to four gorillas and the world's largest collection of parrots.

Prince had been living with cataracts for a while, and was completely blind, so the experts were sent out to restore the animal's vision.

“In order to perform the cataract surgery, a general anaesthesia is necessary which initially involves using a ‘dart gun’ to deliver a dose of sedative medication,” said David. “It was very important that the tiger was fully sedated before the anaesthetists entered the enclosure to place the breathing tube in his lungs. It was also essential that the depth of anaesthesia was monitored very closely, so the tiger remained fully asleep throughout the procedure.”

Everything went to plan and the following day, the tiger's sight was perfect in the eye which had undergone the surgery.

“The operation went like a dream,” said Dr Barnett. “It has made such a difference to his sight and therefore his quality of life. It was excellent – better than we could have expected!”

Since the procedure, Loro Parque has told the AHT that Prince is doing really well, and clearly enjoying his enhanced sight.

Saturn

This week we move into a darker area. The planet Saturn holds a certain amount of destructive power that when left neglected can create overwhelming obstacles in your life.

Saturn is the darkest of the planets. When you work with this planet you will have to trust your own instincts and intuition as Saturn believes that you have the skills to solve all of the riddles you will encounter. Saturn, unlike the other planets, does not offer easy and convenient answers. A great deal of what you will uncover while working with this planet will be upsetting and difficult to understand. When you choose to walk with Saturn you choose to see the source of your own destruction. This is one of the most feared and often misunderstood planets. Saturn does not wish to see you fall or to see you destroy all that is beautiful and good in your life. However, the role of Saturn is to make you aware of the destructive habits and desires that reside deep in your own soul. Saturn wishes to show you the lessons of the darkness so that you may walk forward without fear.

Saturn is the planet that rules over the shadows and hidden aspects and elements of your life. Within the silence of Saturn you will learn many lessons. The most important of which is how to harness your destructive behaviors and emotions. The desire for destruction is one that runs deeply in all of us. This is the force that causes you to doubt yourself and to hide from the trials that would make you stronger. Saturn understands your fear of the dark for in the dark nothing is as it should be. You stumble and you fall and then you are afraid to get back up. Saturn will teach you how to see in the dark. Your imagination has the power to transform the dark into a land of nightmares instead of the peaceful realm of solitude that it should be. Saturn will show you how to banish the nightmares so that you can experience prophetic dreams.

Saturn will bring you the hardest lessons. You will need to be strong and have faith that all of these events and trials will make you stronger. When you have faith in yourself you will learn how to see in the dark and then you will no longer be afraid. In the dark you will find memories of death and past lives. When you face these issues you are sure to face your karmic issues. What you have done in the past will come to haunt you in this place. You will need to be able to see what your actions have done to the path your soul follows. The reason that Saturn takes the time to show you these events is to help you to clear them away. When you take the time to bring closure to your past you are then able to release the chains that keep you spinning in circles.

Saturn will then help you to usher new beginnings into your life. Saturn shows you that when something dies it is to make way for something new. Holding onto the past is the same as dying and not leaving the space for new growth. Now is the time for you to see the part that you have played in the cycles of life. Saturn is strongly connected to the patterns of death and rebirth. The theme of death and re-birth will echo throughout all areas of your life. To move forward something must be left behind. When you learned to walk you had to leave the walker behind. When you learned to talk you had to leave the baby babble behind. When you learned to have faith your doubts will be left behind. Saturn shows you that your fear of death is a fear of change. Fear of change only limits you. Facing this fear will illuminate your limitations.

Saturn does not want to see you cringe with fear every time a door is about to close. Saturn will sit with you and comfort you and help you to find the answers to turn from the door and walk into the new phase of your life. Saturn will ask you: Where do you want to go in life? What do you want to accomplish? Have your fears and doubts limited your momentum? What restrictions do you face that are placed there by yourself? What do you fear? What patterns do you continue to repeat because of this fear? How can you stop this? Searching your soul is a journey that can only be taken when you are certain that you are ready to face yourself. You cannot lie to your higher self and you must be willing and able to accept your accountability in all your life experiences.

Saturn deals with the gift of self-knowledge. Here you must look at your present life and truly see how you are living. This is the time when you must remove the rose coloured glasses that have tinted your point of view. Take a stand that will allow you to examine your life from a clear and unbiased position. Changing your perspective will give you the key to opening up your life. When you are able to see and understand your life you will be ready to delve deeper. This gradual descent will bring you into contact with Saturn's greatest challenge. What makes Saturn so difficult to understand and embrace is that here you must be accountable. When you look at how you live you will move beyond this time and look at the past incarnations you have moved through. Your actions do not stop when your body ceases to breath. You transform into something new but the actions you have taken will continue to follow you and affect your future transformations until they have been completely resolved. If you want to find out what your life patters are then you will want to work with Saturn.

Saturn takes its lessons very seriously. This is one of the reasons why Saturn challenges can seem cold and painful. The only way to move beyond these issues is to face them honestly. Saturn expects you to take responsibility for your actions and in-actions. Saturn will teach you the real value of discipline as you develop yourself. When you are able to accept accountability then Saturn will become a planet of change and you will see the warm and supportive side of this planet. When Saturn transforms a life there is warmth and energy. When you fight this change then Saturn must become hard and cold. Your resistance or your cooperation is what will determine the type of lessons and energy that will come from Saturn.

Along with your karmic issues Saturn holds the secrets of occult learning. To be able to bring about true change Saturn must reveal all to you. For this reason Saturn has the power to exist in all times. From this vantage Saturn sits and observes in silence. This constant observation allows Saturn see beyond the veil. Saturn is able to collect a great deal of resources that you will be using as you continue to experience reality. When working with Saturn you will have no limits. You will be free to explore the universe and temporal realms. Saturn lessons will send you through time and space until you are able to learn your lessons and locate the proper solution for each riddle that Saturn has posed before you. You are warned that there is much to be lost when you sit and watch time slip past you. Allowing yourself to watch others around you succeed and move forward will only fill you with hatred and jealousy. Saturn wishes to intercede in your life before you reach old age. If you are not willing to work with Saturn you will find that when you are old you will be filled with many regrets.

Saturn experiences can be very difficult to face. There are many different problems that you will have to overcome. Saturn can show you a very dark side to human nature and as such can lead to

pessimism and a deep sense of morose. Saturn tries to help you see past your biases. When you work through the lessons of Saturn you will soon see how the source of strife in the world comes from being too rooted in reality. When you work with Saturn you will be able to see the many cracks in the foundation. You will be able to see the different patterns and events that really are out of your control.

Saturn will guide you and teach you that the way to overcome these systematic flaws is to slow down. Saturn is the planet of meditation and mind release. Through Saturn you will learn how to cool your passions so that you will see clearly. By opening up your mind you will be able to slip deeper into yourself. This introspection is the key to learning the secrets of Saturn. Saturn will show you that by improving your mind you will be able to create a stable internal structure. By persevering in your lessons you will develop a sense of duty that will allow you to become diligent and reliable.

Your determination will allow you to create a valuable sense of self-discipline. Saturn wants you to understand that all of the worries and suffering you feel come from your deep attachment to the physical plane. If you are able to see through the illusions of the mortal realm you will develop your understanding of the cosmos. Taking on the challenges of Saturn will free your mind from the trappings of time and allow you to see what really matters. Learning how to master your emotions will allow you to always act clearly and in the greatest good. Those who face and pass the tests of Saturn become great and wise teachers of the world.

Multifaith Calendar - Coming up:

Christian: Ascension Day

Ascension Day celebrates Jesus's ascension to heaven after he was resurrected on Easter Day.

A quotation from Mark 16:9-20 tells the story.

He appeared first to Mary of Magdala. She went and carried the news to his mourning and sorrowful followers, but when she told them that he was alive they did not believe her.

Later he appeared to two of the disciples as they were walking into the countryside. They also went and took the news to the others, but again they did not believe that the Lord was alive.

Then, when the eleven disciples were at the table. He appeared to them and reproached them because they had not believed those who had seen him after he was raised from the dead.

Then he said to them: 'Go forth to every part of the world, and proclaim the good news to the whole creation. Those who believe it and receive baptism will find salvation; those who do not believe will be condemned, Faith will bring with it these miracles: believers will cast out devils in my name and speak in strange tongues; if they handle snakes or drink any deadly poison, they will come to no harm; and the sick on whom they lay their hands will recover.'

So after talking with them the Lord Jesus was taken up into heaven, and he took his seat at the right hand of God.

Quote & Thought of the Day

Rev. Nehal

Quote of the Day:

“And so let us always meet each other with a smile, for the smile is the beginning of love, and once we begin to love each other naturally we want to do something.”

Mother Teresa

Source: www.ascensiongateway.com

Thought of the day:

When you find yourself making an excuse, take a good, careful look at that excuse. What if you could transform it into a powerful reason for stepping forward?

Whatever serves as an excuse for not taking action can instead serve as a compelling reason to go ahead and act. It all depends on how you choose to see it.

Stop and listen to the excuses you make. You'll realize that they're only excuses because you cast them as such.

The events and circumstances in your life are what they are. What makes them meaningful to you is the way you choose to see them and respond to them.

There are plenty of perfectly reasonable excuses for not moving forward, if you decide to view them as such. Yet it is just as realistic to see those same factors as reasons to take action without delay.

Whatever may be stopping you could be pushing you forward. Are you ready now to achieve?

Poets Retreat

Poetry supplied by members of the Order of Bards

A warrior's Journey

The warrior sat silently weeping,
The stress of the secret that he was keeping,
Was too much to bear for one mans heart,
But in the scheme of the world this was his part.
What the gods demanded of mortal men,
For their own amusement they watch and grin.
So he thought on it long and hard,
This secret that he must guard.
The loss of his son and wife...
The loss of his world, his life...
And this was the price he had paid,
And now alone with only his blade
He must follow the northern star
Down a long and treacherous path that would lead him to lands afar.
This was pre-destined, this was his fate,
Until he entered his warrior grave and walked through Valhalla's gate.
So he wiped away the tears he had shed,
For all he had loved who now were dead.
His hate for gods raged deep inside him,
But he held it and squeezed it 'till it was dim.
He would have his revenge one day,
On the immortals that had made him this way.
The secret must never be told.
His heart he must keep bold.
So he picked up his shield and blade,
And left the little glade.
To start on his journey, his quest,
Much was to be done before he could rest.

THE ORDER OF WORLD WALKERS

This Correllian order is headed by the Rev. Krystal High Correll and she is offering training for those who wish to join the order. The training consists of twelve lessons, one a month, for a year, offered through e-mail.

The purpose of this order is to fulfill the deeper purposes of the Correllian Tradition--advanced psychic and spiritual work, primarily conducted on multi-dimensional levels. This work includes:

Learning to connect and work with your spirit guides. Conscious dying and conscious incarnation. Advanced dream work. Exploring the known boundaries of the multi-dimensional universe, then conducting independent work to go beyond those boundaries. The study of time and advanced work within it. Soul rescue (helping those who are not aware they have died, or are not willing to cross over). Mediumship (being a voice for the so-called dead, visiting the land of the dead and communicating with them, and building a pathway between the living and the dead). Healing, both personal and of our Earth.

These purposes are divided among five houses that consist of the members who are dedicated to the work of the House.

The Order of World Walkers is a working order. The training is only the beginning. Each of the houses offer work that can be done for the rest of your life, if you choose to do it.

I believe that everyone who chooses to become a member of the order chose this before coming into this life time to continue work begun in other lives.

For more in-depth information, including the cost of the lessons, contact me at

krystalneuman@yahoo.com

May You Blessed Be

Krystal

THE ORDER OF WEB WEAVERS CRYSTAL WEB MAPPING PROJECT

The Order of the Web Weavers has been working diligently on mapping the Crystal Web. If any of you have a crystal that you have added or removed from the Crystal Web contact us to ensure are records up to date and accurate.

The information we need in order to best catalogue your crystal/s is the following. Your Craft Name and E-mail Address along with your City, State, Country, Latitude, and Longitude. Sent to the following e-mail address: wwwcw@correllianorders.info

Please include the above information, if you have removed your crystal from the Crystal Web along with 'Remove' in the subject line. If you have added several crystals then we would need a separate entry for each crystal, unless they are located together. If they are located together then please include how many crystals are at that location.

We are excited about this project and hope that you will be too. Once the crystals have been properly catalogued we can then begin placing them on the map program. This will give us a good visualization on the Crystal Web. Thank you in advance for your participation in this wonderful project.

Bright Blessings,
The Order of Web Weavers
