AHT Case Studies- Buster O'Grady

Paul O'Grady's celebrated dog, Buster, is one of the most famous pets in the country, with regular appearances on his owner's TV Show. However, his most recent appointment was at the Animal Health Trust's Unit of Comparative Ophthalmology

Buster arrived at the Clinic as an emergency case on Saturday 30th September, having been referred by his own veterinary surgeon. He was seen by

Miss Jane Sansom, Head of the Unit of Comparative Ophthalmology. Following a full examination of Buster's left eye she diagnosed what is known as a 'melting ulcer' - a serious condition requiring urgent attention.

Intensive medical treatment was started immediately. In order to save his eye, Buster needed to have antibiotic drops every two hours over a period of days to bring the infection under control and stop the melting of the corneal tissues. This type of treatment can only be given where there is a dedicated nursing and clinical team providing 24 hour cover for seven days a week. Buster's condition was monitored constantly for 3 days, at which stage Miss Sansom decided that surgery was required. The infection had responded well to treatment but had eaten away a large and deep area of the cornea (front window of the eye). Thankfully, the specialist surgical team at the Trust were able to anaesthetise Buster and graft a patch of conjunctiva over his eye to prevent it from rupturing.

Photo courtesy of Jon Beretta/Rex Features

He needed very careful nursing following the operation, to ensure that that the graft had every chance of survival. Nursing during this period is critical and the patient must be kept comfortable with pain killers. Ophthalmology Nurse, Sarah Gray, said "He may be a celebrity but he was the perfect patient. He was always so pleased to see everyone and seemed to quite enjoy his stay with us. He is such a character and we were all delighted that we were able to treat him so successfully".

He stayed at the Trust for a further two weeks until he was well enough to return home on 12th October. Paul O'Grady came to the Trust himself to collect Buster and was obviously thrilled to be re-united with him. "It's been so difficult not having him around" he said "but it was a great comfort knowing that he was in such good hands. The work that the Trust does is fantastic and I am so grateful to them for saving Buster's sight".

Buster will need regular check-ups to ensure that the eye continues to heal. The graft will then be adjusted so that it reduces in size to give Buster the best possible chance of normal vision.

A week later Dr Jane Sansom visited Buster at home for a check up, she said "he is doing well, the eye is visual and comfortable, the graft has taken." Paul is delighted that Buster is now back to his usual self.

Astrology

Rev. Leona

This week we move on to Venus. Venus is the planet of beauty. Here you will find the source of what you deem to be beautiful.

Venus is the planet of love and aesthetic beauty. When you take up the challenge of Venus you will have to find the source of your own inner beauty. To look upon the face of Venus is to look upon the face of beauty. This is a planet that is filled with a great radiance that shines brightly in the sky. Venus is the first star at night and as such has been deemed the wishing star. When you work with Venus you have the power to manifest all of your deepest desires and wishes. For this reason Venus is connected to dreams, fantasies and desires. Venus rules every thing that is beautiful and is responsible for everything in your life that makes you happy and comfortable. When you take up the dance of Venus you will find the rhythms that move your soul. You will be swept away by the music and hypnotized by the beauty of everything around you. Venus will show you the emotions in your heart and through this you will discover what makes you happy. Venus has the power to pull your heart strings and to make you fly higher than ever before.

Venus illuminates your deepest desires and needs. The desires and needs of Venus will bring great pleasure and satisfaction to your life should you allow yourself to open up and embrace them. This process will reveal to you a deep desire to be with others. You will see which relationships in your life make you happy and which have grown cold. Venus shows you your heart and how to make it race with excitement and anticipation. You may not be aware of how much you need people but through your interaction with Venus you will grow to understand the role that others play in your life.

Venus is indeed the most social of all the planets. Venus is the planet that needs others to care for and to love as well as to be cared for and loved. Venus houses the part of yourself that wishes to be adored and pampered. When in the realm of Venus you will examine the nature of both platonic and romantic relationships. During this process you will need to take time to examine your own social needs and patterns. This detailed examination will help you uncover the areas that you may have overlooked or neglected.

Venus asks you: Do you spend as much time as possible with others? Are you afraid to be or stand alone? Do you avoid others and spend your time alone? Are you afraid to connect with others? What is the role that relationships play in your life? Venus will connect you to your higher self and help you to find the missing elements. These elements will help you to bring your relationships into balance where they will become for you a great source of inspiration and comfort.

While examining your relationship patterns you will discover and identify just what it is that you require for peace. What kind of relationship patterns do you have? Are your relationships healthy and nurturing or are they convenient? You are the one who will have to discover just what it is you are looking for. What kind of relationship do you want? Do you crave passion and excitement or do you desire someone who you can grow old with? Do you seek someone who will complete you or do you want someone you can control and dominate? Venus will show you

how to tap into your real feelings so that you will be able to experience a deeper level of human emotions. The more you open yourself up to the companionship of Venus the more you will understand the satisfaction that comes from true partnership. Venus will give you the guidance that will enable you to find the right relationship. These relationships will allow you to experience the full extend of your emotions.

Venus challenges you to examine your thoughts, ideas and fantasies about love. You will want to find out what types of romantic dreams you have and how much you have focused on these dreams to help materialize them into this life. Venus will show you that the source of these dreams comes from your own deep longings to connect with others. In every life you have searched for the one part of yourself that has been taken. The person you are looking for is foretold to you in your dreams and fantasies. When working with the power of Venus you will face all of the relationships in the past that never worked out. These relationships were all part of the lessons to teach you about yourself. Venus brought these relationships to you to help strengthen your own trust in your dreams. Venus shows you that all of the feelings you have experienced and cultivated from the past will help you to understand your present relationship. Venus warns that the most important lesson to learn when looking to the past is to make sure that you have dealt with all of these emotions. Venus will help you to dig down deep and pull out all of the pain and hidden issues so that you will be able to cleanse and heal your spirit. Venus tells you that until you have done this you will never be able to find the one relationship that will fulfill your dreams and bring you inner peace and completeness.

Venus will show you how to express your sensuality. While working with Venus, you will take time to find out what brings you pleasure. Venus is the planet that will show you the importance of pleasing yourself. Venus shows you how most of your time is spent focusing on the external world. You will be working hard to please others and to bring happiness into their lives. Most of the time you neglect yourself and you feel a deep sense of guilt when you indulge yourself. Venus comes to tell you that now is the time for you to please yourself and to take the time to pamper and spoil yourself. Take the time to explore different activities and items in order to find the source of what pleases you.

When Venus appears in your life it is time for you to express your true feelings. Do not be afraid to open up and be honest with yourself. When you do this you will be surprised at the results. When you express your true feelings you give yourself the ability to locate what you need to help fulfill your longings and your dreams. When you take the time to explore your thoughts and desires then you will be able to open up to new hopes and new possibilities. Allowing yourself this time will give your emotions a chance to grow and expand. By developing all of your different feelings and emotions you will become whole.

Venus shows you the path to inner peace. This will be the time for you to look deep into your life and find ways to help you to balance out your desires. Being able to bring peace into your life will allow you to see what is missing. When you find your peace you will see the source of upset in your life. Locating and healing this source will help you to clear out some of the old energy and open up new channels for romance and love. You will find that when you open up to Venus in this way that you will be able to locate the areas of your life that have become obsessions. These areas no longer bring pleasure for they are tied up in the guilt that comes for overindulgence. Venus tells you that now is the time to open your life to the beauty all around

you. When you make room in your life for new experiences you will be able to find harmony. This harmony will reverberate deeply in you and you will find yourself attracted to all of the different elements that please and soothe you.

When you work with Venus you are asked about your desires. Venus asks you: What do you cherish? What is important and what do you live for? Where do you see beauty? What do you do to try to bring more beauty into your life? What value is placed upon beauty? These questions are the most important questions that you need to answer. When you find the answer you will be able to find the source of great pleasures in your life. Search deep down inside your soul to discover what you need. The answers are hidden and you need to be determined to delve deep enough. This new discovery will show you how to live and how to be free of the dark shadows in your life.

When you identify the source of pleasure in your life you will learn how to transmit them into your relationships. Venus is filled with passion, desire and love of beauty. Venus is filled with the desire to find love and compatibility. Locating a relationship that will help you to find your own inner strength will fill you with joy. This relationship will be one where you will be able to express your true self. Venus will show you the importance of sharing yourself with another. This opening and exploring will show you the pleasure you only dreamt possible.

Mini Ritual to Ta-weret

For Mothers-to-be and those with young Children

Rev. Mehitabel

Ta-weret was an Egyptian hippopotamus Goddess and a mother Goddess who wears the solar disc and cattle horns to symbolise her role in the rebirth of the sun each day. Ascribed an evil reputation because of a spell as consort of Sutekh, she became a much loved mother Goddess, protector of pregnant ladies and their infants. Her fearsome appearance was said to scare away evil spirits. She was often accompanied by Bes who also was a protector of children. This is a simple ritual to ask for Ta-weret's blessings on a mother-to-be or on a mother and young baby.

You will need a crystal or piece of jewellery and a basic altar with candles and incense if you use it. Find a picture of a hippopotamus to place on your altar as a symbol of Ta-weret. Light your candles and cast your circle by envisaging a globe of blue protective light forming all around you. This ritual does not require the presence of the quarter guardians. Spend a few moments meditating on Ta-weret and feel her presence come to you within your circle. Thank her for coming and ask for her blessings and protection for your intended recipient which could be you or someone else. Hold the crystal or jewellery and feel her blessings channel through you to this item. Feel it begin to vibrate with power. Place it back on your altar and turn back to Ta-weret, thanking her for coming and for her gift. Make an offering to her in return such as lighting incense for the next 5 days, or giving support to organisations that protect hippos and other wild animals. Be genuine in your offering and remember to keep your promise.

Bid farewell to Ta-weret knowing you will meet again. Open your circle by envisaging the blue light fading and remember to ground and extinguish any candles or incense before you leave. Give the crystal/jewellery to your intended recipient, knowing that it contains the blessings and protection of Ta-weret.

Message of Spider

Spider is an animal with many different messages for the peoples she touches. For some Spider will bring your focus to the balances in your life. The way a spider is able to balance on the end of the thread she creates shows you that you must be able to hold yourself at the end of your thread and have the faith that you will not fall. The balances of your life are key to keeping yourself healthy and happy. There are times when we focus too much on one aspect of our lives. This makes it easy for the balance to change and then blockages and problems begin to flow into our lives. Are you focusing too much on your spiritual paths? on your job? on your family? on your finances? There are many things that will come and take our full attention but you need to be able to find time in your life to focus on all the areas of your life.

Spider is the embodiment of the mobius. Her body is in the shape of an 8 and this shows that she is forever. She will be a force that continues to work with people through all ages and through all changes. Spider is the holder of creativity. She holds the threads that we weave

together to make the stories of our lives. When Spider enters your life it is time to focus on and develop your creative talents. Spider wants you to use your words and the language to help express your thoughts. She will teach you the way to weave magic into your creations.

Spider is the animal that blesses the writers and speakers of the world. When one wishes to express themselves with the written word then working with Spider will allow them the ease and confidence of the written language. One of the main reasons is that Spider is the keeper of the primordial alphabet. Spider is able to teach you languages that have long been forgotten and this will give you the power to create images that will move the hearts and souls of all the people. Spider weaves for you a great web of insight. Spider wants you to see how like her web you are connected to all other people, plants, animals and energies of this universe. There is much that we do not know and do not understand but this is no reason for us to forget. Now is the time for you to look at the many connections you have in your life. How many groups do you belong to? What do these groups affect? How do the people affected by the groups affect others? The cycle continues and each ring is bigger than the one before it. Spider shows you how we all walk on a part of the web and how we are all responsible for our own part of the web. If we allow our part of the web to fall and crumble then the integrity of the whole web is shaken.

When Spider enters your life it is time for you to develop your gentler and spiritual side. The Spider wants you to develop your creativity and to become that artist that she dreams you to be. Artists are thought to be gentle and loving. These are the talents that you need to focus and develop in order to help weave your own destiny.

THE ORDER OF WORLD WALKERS

This Correllian order is headed by the Rev. Krystal High Correll and she is offering training for those who wish to join the order. The training consists of twelve lessons, one a month, for a year, offered through e-mail.

The purpose of this order is to fulfill the deeper purposes of the Correllian Tradition--advanced psychic and spiritual work, primarily conducted on multi-dimensional levels. This work includes:

Learning to connect and work with your spirit guides. Conscious dying and conscious incarnation. Advanced dream work. Exploring the known boundaries of the multi-dimensional universe, then conducting independent work to go beyond those boundaries. The study of time and advanced work within it. Soul rescue (helping those who are not aware they have died, or are not willing to cross over). Mediumship (being a voice for the so-called dead, visiting the land of the dead and communicating with them, and building a pathway between the living and the dead). Healing, both personal and of our Earth.

These purposes are divided among five houses that consist of the members who are dedicated to the work of the House.

The Order of World Walkers is a working order. The training is only the beginning. Each of the houses offer work that can be done for the rest of your life, if you choose to do it.

I believe that everyone who chooses to become a member of the order chose this before coming into this life time to continue work begun in other lives.

For more in-depth information, including the cost of the lessons, contact me at

krystalneuman@yahoo.com

May You Blessed Be

Krystal

THE ORDER OF WEB WEAVERS CRYSTAL WEB MAPPING PROJECT

The Order of the Web Weavers has been working diligently on mapping the Crystal Web. If any of you have a crystal that you have added or removed from the Crystal Web contact us to ensure are records up to date and accurate.

The information we need in order to best catalogue your crystal/s is the following. Your Craft Name and E-mail Address along with your City, State, Country, Latitude, and Longitude. Sent to the following e-mail address: wwwcw@correllianorders.info

Please include the above information, if you have removed your crystal from the Crystal Web along with 'Remove' in the subject line. If you have added several crystals then we would need a separate entry for each crystal, unless they are located together. If they are located together then please include how many crystals are at that location.

We are excited about this project and hope that you will be too. Once the crystals have been properly catalogued we can then begin placing them on the map program. This will give us a good visualization on the Crystal Web. Thank you in advance for your participation in this wonderful project.

Bright Blessings,
The Order of Web Weavers
