## TAROT

**Rev. Leona**

The Tarot card for today is Three of Pentacles

Key terms for this card are Work, Learning, New Skills, Education

### Message of Three of Pentacles

The Three of Pentacles infuses you today with new energy. You will find that the door to new learning is being opened and that now you have to move towards this new opportunity. You will find that your situation will take a good turn today. This is a day where finances will improve and luck will be on your side. This will be a day where you will find new opportunities and new possibilities opening up all around you. Follow this path and you will be able to find the answers to questions you have been asking for a while. This is the beginning of a path that will bring you happiness, peace and answers.

You have been feeling as though you have been lost in the woods lately. Now is the time for you to look forward and know that you are on the right track. The darkness of the world has been shattered by a single ray of light far ahead of you. You know that you have not found the end of the path but you have found a ray of hope that one day you will have achieved the goals that you are setting out for yourself. Follow the light and you will be able to exit from the labyrinth in which you feel you have been trapped. This is the point of the path where you must choose to begin again or to continue and face the trials and the tribulations of the path. The Three of Coins wants you to know that you will one day be recognized for all of your hard work. Right now you will have to do a lot of work. The work will be difficult at times but you will find great rewards when you have come through each trial. Do not be afraid of the work and the struggles ahead as each one will make you stronger, healthier and happier.

The Three of Pentacles will allow you to look out over the path and see the patterns and the designs that you were not able to see before. The picture is not complete but you are able to see parts that you were not able to see before. This is the time when you will be able to make plans and know what will be expected of you over the next while. This is the time for you to focus on the future and know that you have already come very far. The talents that you are working with are still developing and there is much that you will still need to learn but you are able to make the connections between your learning and your situation. You will see that every step you make will manifest something new and wondrous into your life. Every decision you make will bring you closer to that new car, new house, new furniture that you are wanting. Continue to work and know that even if it is difficult it will eventually become easier.

With the Three of Pentacles your dreams are beginning to take shape. They are no longer just dreams and illusions. you are beginning to see them in your life. There are signs that keep pointing you on. Following this path will allow you to focus on the future and know that you are walking the correct path. This is a time of turmoil for you right now. You feel that you have been overcome with work and obligations. You need to keep your head clear and you need to focus. Keep your dreams clear and focused. Allowing these dreams to remain in the forefront will allow you to deal with all the confusion and the work ahead of you. This is a time meant to be challenging. These challenges will make your determination stronger and you will be able to feel greater accomplishment than having it handed to you without struggle.

## **Meditation for Three of Pentacles**

Meditations for this month will require one candle and a journal.  
Find a quiet place where you will be able to sit quietly and not be disturbed.  
Take a deep breath and feel yourself relax.  
With each breath allow the stress and anxiety of the day to float away.  
Allow yourself to center and to relax.  
When you are ready light the candle and close your eyes.

Focus on the following questions:.

Where do you feel you are being tested?  
What do you feel that you need to learn to overcome this test?  
What can you do to achieve this knowledge?

Write your reflections in your journal.  
Focus on the following questions:

What are being drawn to learn?  
What is the new opportunity that is present in your life?  
How can you make the most of this new opportunity?  
Write your reflections in your journal.

When you are ready open your eyes and extinguish the candle.  
Now is the time to smile and prepare to face your next trial.

## Animal Totems

Rev. Mehitabel

Part 12. Land animal totems

Sources: <http://www.whats-your-sign.com/animal-totems.html>

<http://www.angelfire.com/ok/bobbiesues/pg8mwMEDS.html> & google pictures

Each totem carries messages and information for us. This is known as their medicine.

### Fox

Master of cunning, skill, and adaptability, the fox teaches us valuable lessons. It brings us wisdom and quickness of thought, the determination to get things done and to do so without delay.

In Celtic lore, the fox is honoured for its wisdom and is viewed as a guide to the spirit realm. This spiritual connection also appears in Chinese thought in which the fox carries messages from those spirits which have passed to the after-life. The Japanese view the fox as a rain spirit while the Native Americans view the fox in two conflicting ways. The Northern Tribes revere the fox as a trusted messenger while the southern tribes consider it to be a trickster like coyote.

The stance of the fox's body when hunting resembles an arrow pointed at the target, a symbol for our own need to keep our sight and determination on the goal, to use cunning and wisdom, but to use them honourably causing harm to none in the process. The fox teaches us to look at any problem from a distance, to think laterally to find solutions that would otherwise be hidden and to draw on inner resources that we often forget. It shows us how to be adaptable, how to adapt to and blend with our surroundings, how to shape-shift to achieve our aims.

The fox is considered a solar symbol by virtue of its colour and, as such, it represents intensity and passion. Draw on the powers of fire and the south when working with fox, and take time to meet fox in meditation and the inner world.

# RUNES

## Vitki Freytrú

Waes Hael!

Most Witches today whether they are Wiccan, Garden, Hedge, Kitchen, Green or White adhere in some way or other to the Wiccan rede. Some take it more literally; some see it as more of a broad guideline. There are some who ignore it completely; they see the rede as an invention of Gerald Gardiner and their tradition being much older than 1954.

As Reconstructionalists, Heathens fall into this latter category. Our aim is to reconstruct the old religion of the: Angles, Jutes, Saxons and Norse peoples. We haven't found any mention of the rede in writings by Bede or Snurlesson. It isn't to be found in the Eddas, the Sagas, Rune Poem or Beowulf. (Bede would have followed the Ten Commandments in any case)

Likewise we don't have any evidence that the Early English used the rule of three. There is however some evidence that they believed in some form of pseudo-karmic law. They linked this is to their ideas about fate and divided the concept into two parts.

The first of these divisions they termed Orlog. This is most closely linked to the modern idea of fate. Orlog is a situation which has been put there by the Gods and that you can do very little; if anything at all to change. One example of this would be your birth parents, genetic traits, diseases and conditions. Basic laws of physics would also fall into this category. You can't, for example, change the boiling point of water. (Physicists will tell you that you can: by altering atmospheric pressure, but this is still predictable using laws of physics, so I haven't counted it.)

The other division is Wyrð. Wyrð is a fate that you can change. It is where you take control of your own destiny. The consequences of your actions can be many and varied and there are no hard and fast rules that any action comes back on you any more or less than the kind of action dictates. Rather the reverse is true that you will get back pretty much an equal amount than you put in or took out. There is no ruling about actions being good or bad; no negative or positive; simply that if you steal your neighbour's horse and won't give it back, he is likely to burn your house down one night with you in it. (Example taken from the Icelandic Saga.) one interesting point is that it seems having another person's livestock on your land or in your barn wasn't seen as an offence. Not giving it back when the owner asked was a capital offence however.

So to bring it back to The Rede where I started Heathens believe that it is more important to follow your own Wyrð and accept the consequences of your actions. The natural laws will take care of the consequences of your actions without any need to follow any ethical code.

# An Introduction to Project Sanctuary

Rev. Mehitabel

Imagine the perfect place, a place where you can relax, a place where you can be anything you want, do anything you want. Imagine a place where you can easily meet your guides, the fae and even the Gods and Goddesses, a place to work magic and do divination, a place where time has no meaning, a place where you can explore your dreams, visit departed loved ones, view your past lives and visit past aspects of yourself and liberate the shadows of your life. Imagine a place where you can solve problems and difficult relationships, a place where you can be healed, a place where you can rest, and a place where you can help others, heal others, heal the planet and where you can guide and comfort lost souls. Welcome to **Project Sanctuary!**

Project Sanctuary is a metaphor world, a world of pure energy, a world that is accessed very easily by our energy (subconscious mind). Those who use project sanctuary are often called “players” for this is a game of life. It is not a “game” in the children’s sense of the word. We do not yet know the full potential of Project Sanctuary for it grows and expands all the time as we learn to use it. It really is impossible to explain in one short article so let me give you one example of its power.

After my father died I lost all memories of the times before his illness. I knew they had happened but could no longer see them in my mind as full and vivid memories. I remained in this state for years until I came across PS and started on the training course that was to take me to Master status. The tutor and creator, Sylvia Hartman, really pushed me into exploring this problem, and with the aid of my guides I freed those memories and they came flooding back bright and real. PS allows you to visit lost loved ones and so allows you to work through your grief and reassure yourself that your loved ones are safe, healed and still with you.

What does “metaphor world” mean. It is simply a way of turning concepts into symbols that can be understood by the energy mind and influenced by the energy mind. Suppose you have a non-healing ulcer on your leg. In PS you might picture this as an area of forest that has been burnt and you start work on restoring the damage, clearing the burnt wood, planting new trees, watering them etc. and as you do, your body responds by healing that ulcer. Too easy? – it certainly works. Through PS you can work on problems and relationships in many different ways, and in doing so effect real changes in the mundane world and in other people. The possibilities of this realm are endless. It is a powerful tool for self exploration, for emotional and spiritual growth, a tool to help ourselves and to help others whether they are friends or total strangers and to help our world. So come with me to Project Sanctuary and begin making your own special place, your own sanctuary retreat. This is the place that will ultimately serve as your central point in all your other Sanctuary activities. Go there now and begin by asking yourself these questions:

What time of day is it?

What time of year is it?

What is the weather?

What is the temperature?

What is the land like?

In this simple way you have established your basic habitat, and that habitat is a metaphor

representation of you.

Next, you need somewhere to live. Do you want to use something natural like a cave, or a multi-million style residence? Do you want to build it yourself or find it ready built and waiting? Whatever your preferences, go and find that new home.

Once you are there, make it fully habitable. You must be able to live there for several weeks so you need to have water, food, heating etc. available in that residence and in the habitat itself. Take some time exploring your new place and making sure that it will support you completely. As you do so, start adding wildlife if you would like it in your habitat. Perhaps you want a lake or a spring, or even a waterfall. Maybe you want some pet animals, a horse or two, some farm animals? You could even have some of your furbabies who are now beyond the veil.

Now go into your residence and make it comfortable. Do you want it full of high-tech labour saving devices, or very simple and rustic? How many rooms do you want? What about furniture? Maybe you'd like a special ritual room? Don't worry if you forget something – you can always change it later. This sanctuary will grow and evolve with you. Pay attention to the things that you put into your new home and remember what you added. Quite often in Project Sanctuary, your energy mind will add a few extra things without your conscious knowledge. These are very important objects of power that we call artifacts and are valuable tools of self-exploration and development.

I'll leave you with that thought. Spend sometime in your Sanctuary. Go and live there for a couple of weeks. Go for short visits every day or so. Develop it, build it and most of all enjoy it!

Rev. Mehitabel teaches project sanctuary and past life exploration within the Correllian Tradition.

## Poets Retreat

Poetry supplied by member of the Order of Bards

### Swan- Grace, Beauty and Self-Power

You entered the dreamtime  
An ugly duckling  
Now you're a beautiful bird,  
Just waiting to be heard.

Sing your swan song  
As you swim along  
Searching for a place  
Where you belong.

When denying your feelings  
You're clutzing up  
Trust in yourself  
And hold your head up.

Sensitivity to your emotions  
And other's emotions as well  
Enter the silence  
Find your strength  
To help get you through  
All this hell.

Resist not your transformation  
Relax and go with the flow  
Develop your intuitive side  
Accept your ability to know.

Totem of the child  
Full of awe and wonder  
And childlike fantasies  
And fairy tales.

Totem of the mystic  
With all it's mysteries  
Perplexing the mind  
Strengthening your spirituality.

Totem of the dreamer  
Just don't stay there too long  
Gotta face reality  
Before you can move along.

Totem of the poet  
flowing like a river  
All things will  
merge into one.

Each button has its own unique code which tracks payments made through it. If someone buys a membership through your button, then you get the abovementioned 25%.

## THE ORDER OF WORLD WALKERS

This Correllian order is headed by the Rev. Krystal High Correll and she is offering training for those who wish to join the order. The training consists of twelve lessons, one a month, for a year, offered through e-mail.

The purpose of this order is to fulfill the deeper purposes of the Correllian Tradition--advanced psychic and spiritual work, primarily conducted on multi-dimensional levels. This work includes:

Learning to connect and work with your spirit guides. Conscious dying and conscious incarnation. Advanced dream work. Exploring the known boundaries of the multi-dimensional universe, then conducting independent work to go beyond those boundaries. The study of time and advanced work within it. Soul rescue (helping those who are not aware they have died, or are not willing to cross over). Mediumship (being a voice for the so-called dead, visiting the land of the dead and communicating with them, and building a pathway between the living and the dead). Healing, both personal and of our Earth.

These purposes are divided among five houses that consist of the members who are dedicated to the work of the House.

The Order of World Walkers is a working order. The training is only the beginning. Each of the houses offer work that can be done for the rest of your life, if you choose to do it.

I believe that everyone who chooses to become a member of the order chose this before coming into this life time to continue work begun in other lives.

For more in-depth information, including the cost of the lessons, contact me at

[krystalneuman@yahoo.com](mailto:krystalneuman@yahoo.com)

May You Blessed Be

Krystal

## THE ORDER OF WEB WEAVERS CRYSTAL WEB MAPPING PROJECT

The Order of the Web Weavers has been working diligently on mapping the Crystal Web. If any of you have a crystal that you have added or removed from the Crystal Web contact us to ensure are records up to date and accurate.

The information we need in order to best catalogue your crystal/s is the following. Your Craft Name and E-mail Address along with your City, State, Country, Latitude, and Longitude. Sent to the following e-mail address: [wwwcw@correllianorders.info](mailto:wwwcw@correllianorders.info)

Please include the above information, if you have removed your crystal from the Crystal Web along with 'Remove' in the subject line. If you have added several crystals then we would need a separate entry for each crystal, unless they are located together. If they are located together then please include how many crystals are at that location.

We are excited about this project and hope that you will be too. Once the crystals have been properly catalogued we can then begin placing them on the map program. This will give us a good visualization on the Crystal Web. Thank you in advance for your participation in this wonderful project.

Bright Blessings,  
The Order of Web Weavers
