Common Cat Colours part c

By Rev. Mehitabel

From http://fanciers.com/other-faqs/colors.html#common_colors

4. Torties, patched tabbies, and calicos

If your cat is randomly patched with different colours, you probably have a tortie, patched tabby, or calico.

For cats without white markings:

- A "tortoiseshell" or "tortie" is randomly patched all over with red, black, and cream. The patches may be very mingled, or they may be more distinct.
- A "blue-cream" (also called "blue tortie" or "dilute tortie") is randomly patched all over with blue and cream. This is a soft, pastel color.
- A "brown patched tabby" looks almost like autumn leaves, with patches of brown tabby and patches of red tabby. This colour is also known as "torbie" because it is a tabby tortie.
- A "blue patched tabby" is a soft colour with patches of blue tabby and patches of cream tabby.

There is special terminology for tortoiseshells with white markings, depending on how much white they have:

- A "tortoiseshell and white" or "blue-cream and white" has only small white areas. The body has mingled colors.
- A "calico" has more white. As a rule, the more white there is on the cat, the larger and more distinct the red and black patches will be. You'll notice that the large black patches are solid black, and the large red patches are actually red tabby.
- A "dilute calico" has the same amount of white as a calico, but instead of red and black patches, it has blue and cream patches. The blue patches are solid blue, and the cream patches are cream tabby.
- A "patched tabby and white" or "torbie and white" may have any amount of white. A patched tabby with a lot of white, like a calico, has large distinct patches of color, and is sometimes called a "patterned calico," "calico tabby," or "caliby."

5. Pointed ("Siamese") pattern

If your cat has dark "points" (face, paws, and tail) shading to a much lighter color on the body, it is a "pointed" cat. This is the pattern of the Siamese cat, but many other breeds as well as non-purebreds also come in this pattern, so it does not mean that the cat is a Siamese. This pattern is also sometimes called the "colorpoint" pattern (not to be confused with the Colorpoint Shorthair breed) or the "himalayan" pattern (not to be confused with the Himalayan breed).

Pointed cats are born white and gradually darken with age. A young pointed cat will have a much lighter body color than an older pointed cat.

Pointed cats can come in many different colors:

- A "seal point" has dark brown points and a body color anywhere between light brown and ivory.
- A "blue point" has gray points and a light gray or beige body.
- A "lynx point" has tabby points! It might have any of the colors described in the tabby section. For example, you could have a "blue lynx point" or "red lynx point." The body color may show some shadow tabby markings, especially as the cat gets older.
- A "tortie point" has tortoiseshell points, and a "blue-cream point" has blue-cream points. Patched tabby points are also possible.
-

You can even have a pointed cat with white markings! If the cat has a lot of white, however, it can be hard to see the pointed pattern (especially on the feet). White markings will cover up any other colour where they appear.

Astrology

By Rev. Leona

This week we move onto Capricorn.

When you can move fluidly from one form to another or from one point of view to another then you will be ready to take on the challenges of Capricorn. Moving into the realm of this sign will teach you how to walk on water and swim through sand. Learning how to become more fluid and adaptable will enable you to maneuver through any of the upcoming challenges. Capricorn is the sign of adaptability and security. You will learn that your personal sense of security comes from being able to anticipate the future. This anticipation will allow you to change to meet these challenges. Capricorn is always thinking and observing. With an active mind you will become conscious of what is going on around. When you work with Capricorn you will work towards fulfilling your greatest ambitions. Your challenge will be to discover the path you are walking. With this discovery you will determine the skills you need and the talents that will help you to walk successfully. Capricorn teaches you how to organize your plans so that you are prepared for any obstacle or challenge that may arise along your journey.

Capricorn will teach you how to hone your intuitive faculties. Taping into your sixth sense will supply you with a powerful resource. Many people turn away from this resource out of fear or disbelief. When you move beyond these irrational thoughts you will begin to descend down into the deeper well. When you are able to understand the effects of your actions you will be able to use your intuition to achieve a slow and steady advancement. Capricorn will help you to develop your patience so that you continue to move slowly forward. Learning to trust your intuition takes time. You will need to decipher the language and symbolism that your intuition uses to communicate with you. When you have a strong link you will be able to pick up on the simplest of messages that your intuition sends. You will want to take precautions and ensure that you walk upon stable footing. Creating a strong and stable connection with your inner voice will guarantee that you do not fool yourself into going off on a wild goose chase. When you understand the effect of your intuition upon your physical self you will be able to differentiate between true guidance and self induced inspiration.

When working with Capricorn energy you will spend time focusing on your own position in the community. Where do you fit in? What is your role? How can you make your community better? You will examine your connections. How does your career help you to improve society? Now will be the time for you to try to gain a stable and responsible place. You will be expected to take on duties that will allow you to mould the minds and ideas of those around you. Capricorn wants you to achieve a position where you will be able to help those around you. The lessons of Capricorn will bring you outside of yourself. You will be placed in a position where you will see others in a different light. This will become a time when you will want to focus on society. Capricorn looks at how all people work together. Understanding the symbiosis of

people and the world will help you to find the areas that have fallen out of balance. You will see how all people work together to bring stability and balance to the world and universe. By working through the challenges of Capricorn you will begin to see how reaching out to those in need will help you to create a stable and harmonious world.

When you work with Capricorn you will find that you become more disciplined. You are focused and you work towards a clear and specific goal. People will see that you have grown much more reliable and responsible. These new traits will instill confidence in others and they will be willing to trust you with more responsibilities. Your advancement in the public sphere will give you more freedom and resources to help the charities and organizations that you are drawn to. While working with these charities you will open yourself up to the effect of the human plight. You will become a humanitarian whose only goal will be to give all you can to righting social injustice. You will exude passion and dedication. These two qualities will shine from you and others will look to you as a role model. During this time you will act and think in a rational and logical manner. You will control your emotions in such a way that you will see and think clearly. This will make your actions increasingly more precise and accurate.

While working with Capricorn you will take on the role of elder. All of your experience will allow you to take on the role of mentor. You will be the one to hone the skills of others and show them the path upon which they must walk. You will make wise and calculated choices and you will teach others to do the same. Students will come to you for guidance. You will be the light that illuminates their troubled paths. They will be drawn to your loyalty and determination as well as your skill and mastery. You will become a beacon to those who share your values and ideals. This will be a time when you will nurture the hopes and dreams of others. You will have the ability to rally people around you and charge them with your determination. You will be the one who will empower those around you to master their own skills so that in the future they will be strong and experienced enough to take on the role of mentor in their own turn.

Capricorn will fill you with determination and a sense of duty. While working with Capricorn you will develop your own patience. Patience allows you the opportunity to examine every aspect of a situation and methodically plot your next move. Capricorn has a strong need to feel secure will take a great deal of time to plan before even making a move towards the goal. You will find that as you overcome each lesson of Capricorn you will move slowly over a long period of time. Even if you are moving slowly you will always stay on target and every action will bring you closer and closer to your goals. Capricorn will show you the importance of moving slowly towards your goal. By being patient you will be able to create safe and secure footing. This will ensure that no matter where you step or how long it takes that your path will not erode before you are able to move on.

Capricorn lessons will bring you closer to your world and its natural beauty. This will be a time for you to master all your available resources. You may want to take the time to create a checklist of what resources you have available and what you will need to cultivate for future needs. Once you have control of your resources you will be able to challenge your environment. Through these challenges you will find a way to mould your environment into a more stable and productive realm. Capricorn will enable you to locate all areas that cause or could cause delays along the path. Preparing for these future delays will help you to anticipate the skills required to overcome these obstacles.

Capricorn will encourage you to reach for your dreams. This is a time when you will find the keys to pursue your destiny. You will find that working with Capricorn will fire your own desires to achieve the best and highest position possible. You will feel moved by Capricorn to reach high but you will find that you may not always receive the credit you deserve. One of the reasons for this is that you will spend so much time looking for security that you move too slowly and think for too long that others are quick to move in and take credit for your deeds. Capricorn warns that the darker side can cause you to be very cautious and many of your choices will lean towards a conservative side. You will seem to be cold and remote to others as you tend to only rely on yourself. Capricorn warns you that should you follow the more negative side you may become isolated to the point where you become lost in melancholy. When you see the faults of others and you may become quite pessimistic as you will feel that no others will measure up to your own standards.

Capricorn will fill you with such a strong desire for security that you will even hide your own individual spark. In the process of hiding your true self you will begin to incorporate the values of others. During this process you may become materialistic and callous. You may fall prey to your own ambitions and as such may act quite callously and selfishly. Capricorn will bless you with the determination and insight required to complete the goals that you have set out for yourself. You will have to master your own desires so as to avoid acting out of selfish motivations. As long as you are willing to stay true to yourself and move slowly and steadily you will be able to master the lessons of Capricorn and bring harmony to yourself and your environment.

Enquire Within For Everything (Well Almost!)

By Rev. Moonleaf

Merry Meet Everyone~!

And so we start a new year, a new years' worth of plans, hopes and dreams. A new year of promises and good intentions. I pray that we all keep at least one of our promises, one of our good intentions and that one of our plans comes to fruition.

More, I pray that we heed Rev. Don and begin to look on this time as the beginning of a new way of thinking and achieving. A new way of living, of extending our shadows, on the Well Worn Path.

Now is the time for us to extend the limitations we place on ourselves, allow our spirit to grow and be the beacons required to birth this new age of spiritual reasoning. Now is the time for all who hold Deity as sacred to work together in peace and harmony.

It matters not which aspects of Deity we choose to connect with, it matters only that we are all products of the Divine and as such we hold the future of this planet and in circumspect that of all the universe in the palms of our hands.

I for one have done some deep reflective thinking about who I am, where I am going in this vocation and what I can do for the world, over the last few months. I have made some very profound decisions for my life and I do hope to see them through to their conclusion.

My reasons for writing this are to ask you to look deep within, at your conviction and your faith, and your own love of this planet and the people who populate it. It is not enough any more to divide people into the good and the bad and the ugly, the time has come to understand that unless all people are willing to put aside greed and differences this lovely world of ours is doomed. Doomed to be told how and where we can live by a World Government, (we already have world banking and health), and Doomed to the survival of the richest (not even the fittest). It is time the reasonable people of the world stood up and said enough is enough.

Not my usual style of writing I know, and if anyone is offended, I apologise profoundly, but it comes from the heart .

Hoping for a New Year of bright Hope, commitment, and Spiritual Growth for Human-kind, I bid you goodnight.

Merry Part

May you trust the Lord and Lady,

That you are exactly Where you are meant to be.

Tradition Announcements & Adverts

THE ORDER OF WORLD WALKERS

This Correllian order is headed by the Rev. Krystel High Correll and she is offering training for those who wish to join the order. The training consists of twelve lessons, one a month, for a year, offered through e-mail.

The purpose of this order is to fulfill the deeper purposes of the Correllian Tradition--advanced psychic and spiritual work, primarily conducted on multi-dimensional levels. This work includes:

Learning to connect and work with your spirit guides. Conscious dying and conscious incarnation. Advanced dream work. Exploring the known boundaries of the multi-dimensional universe, then conducting independent work to go beyond those boundaries. The study of time and advanced work within it. Soul rescue (helping those who are not aware they have died, or are not willing to cross over). Mediumship (being a voice for the so-called dead, visiting the land of the dead and communicating with them, and building a pathway between the living and the dead). Healing, both personal and of our Earth.

These purposes are divided among five houses that consist of the members who are dedicated to the work of the House.

The Order of World Walkers is a working order. The training is only the beginning. Each of the houses offer work that can be done for the rest of your life, if you choose to do it.

I believe that everyone who chooses to become a member of the order chose this before coming into this life time to continue work begun in other lives.

Flash Fiction Challenge

Greetings Dearest Readers!

Have you ever dreamed of being a writer? The Correllian Times wants to help make that dream come true with our flash fiction contest!

The flash fiction story must contain exactly 250 words, excluding the title. Not 249 - not 251. 250 words. There should be a beginning, middle, and an end. It should not just be 250 words of whatever comes to your mind. The goal here is to have some kind of twist at the end.

Our challenge to you is this:

Write your own flash fiction before January 01, 2009. The prize for the top Flash Fiction submission will be a feature writer of the month. A picture of you, bio and your short story, also a gift certificate to the Witch School Store.

Please, only 1 entry per person.

Contest begins February 1, 2008 and ends January 01, 2009. Entries become the property of The Correllian Times. We assume no responsibility for illegible, lost, late, misdirected, incomplete, or stolen entries.

ENTRY: Submit an original, flash fiction story of exactly 250 words. Include your name and e-mail address and email to: windy at windy0716@aol.com or CNT_Correllian_Times-owner@yahoo.com Please include the words "FLASH FICTION CHALLENGE" in the subject detail. Entries must be original, unpublished and may not have won any prize or award.

LIMIT: Only one entry from an individual will be accepted - no group entries.

ELIGIBILITY: Everyone is eligible to enter! We do however reserve the right to withhold inappropriate materials from publication at our discretion.

Voting on flash fiction:

Each submission will be featured in The Correllian Times. A voting poll will be opened in January 2009 (details to follow). If you appreciate the storytelling in a flash fiction piece, please grant the writer the honor of your vote.

The great part for voters is that each entry shouldn't take much more than a minute. You can read dozens of them in a short period of time. Please support the writers in this challenge by reading as many as you can!

Now... get flashing!

The Order of Web Weavers Crystal Web Mapping Project

The Order of the Web Weavers has been working diligently on mapping the Crystal Web. If any of you have a crystal that you have added or removed from the Crystal Web contact us to ensure are records up to date and accurate.

The information we need in order to best catalogue your crystal/s is the following. Your Craft Name and E-mail Address along with your City, State, Country, Latitude, and Longitude. Sent to the following e-mail address: www@correllianorders.info

Please include the above information, if you have removed your crystal from the Crystal Web along with 'Remove' in the subject line. If you have added several crystals then we would need a separate entry for each crystal, unless they are located together. If they are located together then please include how many crystals are at that location.

We are excited about this project and hope that you will be too. Once the crystals have been properly catalogued we can then begin placing them on the map program. This will give us a good visualization on the Crystal Web. Thank you in advance for your participation in this wonderful project.

Bright Blessings,
The Order of Web Weavers
