Veterinary Notes

By Rev. Mehitabel

Another case history from the PDSA this week and the common problem of “foreign bodies” – swallowing unsuitable objects. It is worth mentioning that owners should always choose a ball that is too large to be swallowed or to slip back in the mouth and block the airways causing suffocation.

Louis

Veterinary staff at Bournemouth PDSA PetAid hospital have come to the rescue of Victoria Bulldog cross, Louis, after a walk in the park turned into near-disaster when he swallowed a golf ball!

Louis' worried owner, Marie Dibben, rushed the playful one-year-old to veterinary charity PDSA after he caught the golf ball in his mouth mid-flight and gulped it down 'whole-in-one!'

Marie says: “Louis is a very energetic dog and he loves to run around the park. I knew straight away he'd swallowed the golf ball but poor Louis didn't! He was running around in circles trying to find it!

“Although he didn't seem in pain, I rushed him straight to PDSA. I was so worried he was going to choke.”

At Bournemouth PDSA PetAid hospital, Veterinary Surgeon, Paul Cossey, x-rayed Louis' stomach, which confirmed what Marie had suspected; Louis had swallowed the golf ball!

After assessing Louis, Paul decided that the only way to remove the ball was to operate.

Paul said: “The ball was stuck in Louis' stomach which was very lucky. If the ball had moved to the small intestines, it could have been life-threatening.”

Louis was kept in for a further two nights to recover from his 'ruff' ordeal, but happily made a speedy recovery. However, Louis was less than impressed about the Elizabethan, lampshade-style, collar he had to wear, which was needed to prevent him licking his stitches!

Paul continued: “Accidents like Louis' can easily happen. Luckily for Louis, his owner had noticed that he'd swallowed the ball. If she'd taken her eyes off him, this accident could have proved fatal.

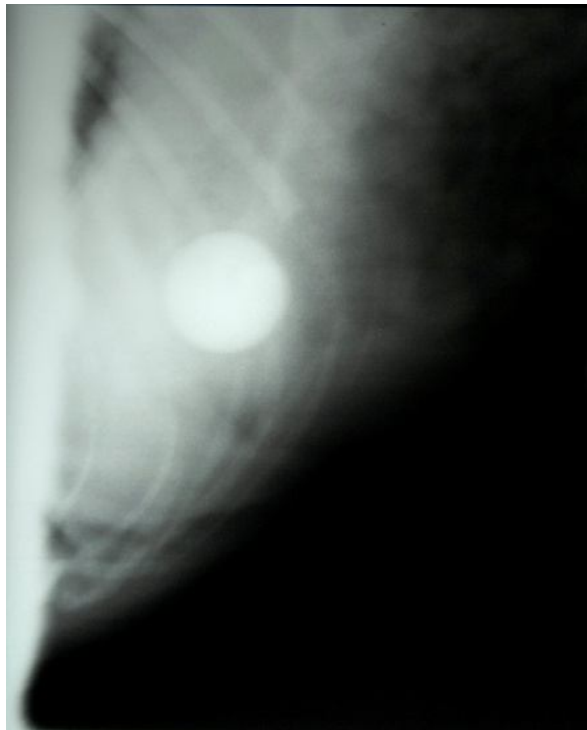

“Look round your garden and regular walking haunts, identifying and eliminating any potential dangers. Always make sure that anything potentially unsafe is well out of reach. Watch your pet at all times when they are playing with toys and balls. The speed and ease with which objects can be swallowed is astonishing. That's why we urge pet owners to avoid any small objects in favour of larger, safer toys that cannot be swallowed.”

Thanks to the skilled care of PDSA vets, Louis has made a ‘par-fect’ recovery. Marie continued: “I can’t thank PDSA enough; I don’t know what we would have done without the charity’s help. We are all so pleased he is home – he truly is a wonderful dog.”

To help prevent similar cases this year, PDSA is encouraging pet owners to pick up its ‘Safety Outdoors’ and ‘First Aid for Pets’ leaflets, which offer advice on what to do in an emergency.

The leaflets are part of a series of Responsible Pet Care information produced by PDSA that cover a variety of pet care topics including, Diet and Nutrition, Vaccination and Neutering. The leaflets are available from PDSA PetAid hospitals and PDSA charity shops nationwide or can be downloaded from the PDSA website, www.pdsa.org.uk.

Bournemouth PDSA PetAid hospital provides free veterinary treatment for the pets of owners who are unable to afford veterinary fees. For further information about PDSA PetAid services call 0800 731 2502 or log onto www.pdsa.org.uk.

Aroma romance... Silver-Moonblossom

I do hope you enjoyed the basil...

Well in fitting with the time of year we are at, and in particular the time of remembrance, I thought I'd simply give you a quick and easy tip on using essential oils to benefit you should you be grieving, while at the same time carry up prayers of remembrance for those crossed through the veil.

Perhaps my most favourite oil or incense stick for the month of November has got to be the oil of Frankincense, for this is the oil of grief.

Now this being said this does not mean you have to be suffering a recent bereavement, to use this oil, for we can grieve for anything, we can even grieve the loss of a favourite item of clothing ha ha.

Simply by smelling this oil the pathways needed to allow us to work through this grieving process are open, and sometimes you can find yourself crying your eyes out, but one thing we all seem to try to do, is cover up our tears, but we should not for the tears are needed for they carry away with them the pain and suffering, anxiety and energy trapped within.

So should you yourself at this time, be in the throes of remembrance or simply grieving for something else, try burning the incense of Frankincense, for more recent loss add a drop to the bath (don't forget the milk), and allow the tears to flow!

So how does this help us in the time of remembrance?

Not only is frankincense a great oil to help us deal and cope with the feeling of loss, being a very "heady" oil, it is very effective for times when we may wish to meditate, to connect with those already passed through the veil, but also, it is a great carrier, by this I do not mean in the sense of carrier oil for the skin, I am strictly talking carrier of messages, of spirit.

Therefore should you wish to send a prayer of remembrance, try adding it to the smoke of incense burning, or to a candle flame that has been anointed with frankincense and rest assure your prayers shall find their way quickly and efficiently.

Again I stress, that essential oils are dangerous, please use with care. Finally should you like advice on how to use aromatherapy to aid you in a specific area please email silvermoonblossom@hotmail.co.uk Until next week.

Astrology

By Rev. Leona

This week we move onto the third sign of the Zodiac. This week we look at Gemini.

Gemini is the sign of duality and represents living life to the fullest. Gemini energy will fill you with vitality. You will find that during this period you are filled with more questions than answers. You will be seeking and wandering from source to source in order to locate all the answers that you are searching for. This will be a time when you will be eager to begin new quests. The search for answers will be all consuming. When dealing with Gemini the answers are inconsequential. The search is where the joy comes from. You will be asking more questions only so that you can challenge yourself to find the answers. The more obscure and unusual the question or the quest for the answer the more satisfaction you will receive when the solution is uncovered.

Gemini fills you with a need to seek. You will strike out on your own and search all areas of this world in order to satisfy this craving for adventure. Gemini lessons will give you the opportunity and the skills to see everything. You will find yourself being blown by the wind. Your journey with Gemini will open up many paths. This will be a time when you will be filled with energy and you will need to be in constant motion. Do not be afraid to try different paths. You may never see all of these paths to the end as Gemini is easily distracted by new excitement and questions. While working with Gemini energy you will become a Jack of all trades. You will be willing to undertake any offer that comes your way. The downfall of this is that when Gemini becomes bored you will easily let go of any responsibilities and take off again to find adventure. As such your reliability will suffer when you work through Geminian issues.

The need for answers is the fire that rages in your heart. This fire will burn away at the superficial and allow you to look beneath the surface of many events in your life. Below the surface you will uncover the world of “why”. Once submerged in the whys you will ask yourself “How did I get here?” This will lead to a time of soul searching as well as world searching. Gemini needs to know the answers and will move and dig until they have been found.

When you work with Gemini you are not really looking for meaning. You have ideas and questions and your search for answers is only to help you create new ideas. When the ideas come it would be wise to write them down. The reason for this is that Gemini may never move beyond the idea of invention. For this reason writing down ideas will give you something concrete to work on once the Geminian energy has moved on.

When working with Geminian energy you will find that you are more versatile. You will have access to skills and talents that you may have forgotten or that you never knew you had. This is a period where you will examine how deep your own natural abilities go. During this period it

would not be uncommon to be taking music lessons, art lessons, singing lesson, skiing lessons, bull riding lesson along with karate, and white water rafting. Anything and everything that you can experience you will gladly try. Gemini will show you how you can move easily from one activity to another. This agility will allow you to tap into areas of your life that you have left undeveloped. Tapping into these areas will fill you with new ideas. Now you will understand the source of these gifts and what they can do for your life right now. Opening yourself to new ideas will give you a chance to discover new paths. These new paths will lead you to new contacts that will allow you to understand yourself and others.

Gemini taps into your ability to communicate. When working with this energy you will find a great love of words. You will talk to anyone about anything. You will even find yourself talking out loud to yourself just so that you can hear the sound of words as they fill the air. You will be able to take part in conversations and express what you are thinking and feeling in ways that you could not otherwise. This will be a time of new eloquence and when you speak you will baffle everyone with your wit and charm. Gemini gives you a clear and fast speaking tongue. With this new found gift you will find clearing the air and venting your feelings becomes easier and less complicated. Take this time to sort out your feelings. With Gemini you will be able to clear up any misunderstandings that have long disrupted your life.

The ability of Gemini to communicate gives you an intuitive ability when dealing with others. This will give you an innate ability to read people and situations. Being able to get a quick understanding of situations will help you to determine how you should deal with different people and different situations. Knowing when to stop talking is as important for Gemini as knowing when to speak.

Gemini will fill you with innocence. When under Gemini's influence you will be smart and charming. Everything will be new and exciting. You will be able return to a place where life is magical and worth investigating. Everyone will be drawn to your friendly energy just as you are drawn to the energies of others. Others will see you in a fresh and new manner and will be quite intrigued by the changes. During this time you will be very responsive to the needs of others. You will be willing to help others and you will find productive and ingenuitive ways to solve their problems. They will come to you because of your ability to see all points of view of a given situation. You will then be able to change their point of view and help them to see what they have been missing. This will be a time when your affections for others will be heightened. You will want to be close to friends and family and help them as much as possible. Your voice right now will be the voice of meaning and knowledge.

Most people will find you entertaining and original. You will be able to open up and find skills that you never had. Others will be amazed by your energy and may see you as a breath of fresh air. You will find yourself surrounded by people who are looking to you to perform and amuse.

When working with Gemini you will find that you are often thinking two things at once. You will feel as though you are being drawn in several different directions. This pull causes you to be in constant motion which filters into all areas of your life. You will always be moving, talking, and thinking. This period can see many bouts of insomnia as you will find it difficult to shut off your mind long enough to sleep. One of the downfalls of Gemini is that you are filled with new ideas that may affect the lives of others. You will be lead by your ideals and when the world

does not measure up to these ideals you will want to change the world. During this time you indeed have the skills to woo others to your way of thinking.

When working with Geminian energy you will encounter many enthralling situations. You will want to experience all of these opportunities. The result of this is that you will find yourself living many different lives. All of these paths can be quite confusing and soon you will be unable to remember what you have done and what you are doing.

Gemini will teach you how to go for the universe. Gemini is never afraid to try something new and you will find that when you are being moved by Gemini you will lose many of your inhibitions. You may find that a pitfall of Gemini is that you will often be seen as contradictory. Gemini moves so quickly and never makes any real commitments so can easily move from one side to the other of any topic.

Gemini is always bright and positive. There is not much that can bring you down at this point. Gemini does warn that when working with this energy that you must take time to relax. Because Gemini is such an active force you can suffer from emotional and physical exhaustion. Gemini energy is bipolar in nature and causes exhaustion and fickleness. The darker side of Gemini can be very devious and as such you can use your skills to cause harm to others and to create chaos in society. Gemini can teach you many valuable lessons but at the same time you can be left with a disaster to clean up. Gemini wants you to understand your duality and teach you how to make the most of this exciting and enlightening time.

Merry Meet fellow Wiccans to my Wiccan World

The weekend has so far has been so great, as we have had nearly full house here at our apartment. We have had both my step-daughter and also my nephew-in-law over for a visit. It is a lot of sounds and chats, but I can take it. It isn't that often that we are meeting all together, like this. The weather outside has been grey and cloudy, with a lot of rain. Well, we do have our autumn now, so it is just to be expected. I only wait for our snow, and it will be so much better when we are outdoors. Now you are getting wet, and the dogs are all muddy and almost need a shower every time we get inside, again.

We did have our Rune-class and sad to say it was the last one of them. We have a revision/catch up class on Wednesday, and then our Final Exam class on Thursday. I am both happy and sad, now that we are coming to an end of our class. I am so proud over what I have learned, and also over our teacher who is brilliant in his teaching skills. We are actually the first class that he has had, that is still in the class at the very end (he has 4 students in each class). In the other classes, has some of them drop off during the time the class has progressed. But then again, we have been working since the end of August with this class. I think that our Final Exam is our 12th or 13th Lesson we will have for the Basic class. Yes we are a very talkative bunch in my class, and often we do drift off to other subjects.

In the class last Thursday, we went through the last Rune Draw he wants to learn us. It is the Walknut/Norns draw, and it contains of 9 Runes. You are reading them as past, present and future. The future is called Urd, the present is called Verdhandi and future is called Skadi/Skuld. You read them in this order: You could either start with the future or the past. I start with the past, and you draw them with 1, 2, 3 Rune for the past, 4, 5, 6 Rune for the present and 7, 8, 9 Rune for the future. You first start to read (for me that is) with the past and read each of the 1, 2, 3 Rune for itself, then you put them together. Then present and read each of the 4, 5, 6 Rune for itself and then put them together. Lastly you read the future and read each of the 7, 8, 9 Rune for itself and then put them together. Finally you conclude it all, as see the read thread in the reading. This is very elaborate and is not done too often, rather more like an in-depth reading when having time and issues that not can be read through a 3 or 5 Rune draw. Now then, I will give my 9 Rune Draw for Sunday, and let you know how I read them. As it is easier to see it, than just to hear/read the theory.

Here goes nothing, then: For the PAST , I draw these Runes; Sigel – Sun, energy victory, Jera – Year, harvest, ordered change, Wunjo – Joy, completion, wholeness. For the PRESENT , I draw these Runes; Ehwaz (Reversed) – Horse, partnership, love, Nauthiz – Need, constraints, restriction, Kenaz (Reversed) – Torch, shedding lights, new ideas, the intellect. For the FUTURE

, I draw these Runes; Gebo – a gift, partnership, Hagalaz – Hail, chaotic destruction, delays, Eihwaz – Yew tree, hunting, protection, the intellect. I would do the reading as follows:

In the past there has been a lot of energy and success (Sigel). I have get the order and change that I wanted (Jera). With this I feel that I have come to the point where I am happy and feel lucky in life (Wunjo). Together then: I have had a lot of energy (Sigel), and I have had my harvest from things that I have been working on (Jera). With this I feel that I have had much joy, and feel whole inside myself (Wunjo).

Now in the present, I have the feeling that I am not loved, and that I have some problems with my relations (Ehwaz). I feel very restricted and feel that I do need more out of this (Nauthiz), and at this point I can't see how I should approach my relations in a good way. As the answer isn't visible before my eyes, right now (Kenaz). Together then: Now in the present, I feel like I'm not loved and also I need to take a good look inside myself (Ehwaz), as I also feel restricted and feel that I need more in this relation (Nauthiz). At the moment I can't see any changes, and the things are not showing itself in front of me (Kenaz).

In the future, I will have my relationships and love (Gebo). Even though it will be delays and some chaotic changes (Hagalaz), with some looking within me and meditation I will figure out how to move on in my life with all this (Eihwaz). Together then: In: In the future, I will have to look in to my relations (Gebo), and I will also have a lot of delays with this. It will be a lot of things with chaos, but after rain comes sunshine (Hagalaz). I will feel protected and shall do some more soul search to know more about myself (Eihwaz).

To conclude it all: In the past, I have had energy and success in my relationship, and also done what I wanted to do. I had much fun and feel that all has come to what I wanted to accomplish. In the present I feel that I don't have as much love and need to take a good look on what I have. I feel a little restricted at the moment, both with myself and in my relations to others. It will be some chaotic times, and I can't see any solution to the problem, now. In the future I will need to have a look at how I want to have my relations, and what I can do to get it better. It will be some change, and also some delays. In the end I will feel that I have been protected, and I will have a new and better relation with others and see myself in a new way. This is my point of view, and how I feel that the Runes are speaking to me. Others may view them differently.

We have had as our last homework/lesson to revise and re-read everything that we have learned throughout the class. Our teacher will probably have a really daunting and hard final exam prepared for us, on Thursday. But I will love it though, as it is then I will see if I have really got the hang of the Runes, Also if I have cracked some of it's Rune code, as one is never fully learned when you are working Runes. They always teach you new things every time you sit down and work with them. One should always treat them with respect, or they will come and bite you otherwise.

Now it's enough spoken for today, and next Monday I will tell you all about how my Final Exam went. Also you will know, if I have passed or failed the whole class, of course.

Take care until Thursday. Blessed be all of you.

Love and Light, Hugz and Blessings

The Beach

standing still
upon the great rock
amongst many others
but this rock was mighty
and I looked out
at the flowing river
heading west and beyond
and I spoke of gratitude
for everything I see
feel, taste, and touch
and humbly said thank you
for things
such as these...
blue blue river
passes
through crystal canyons
and mountain sides
an eagle rides
the blowing currents
plucking fish at will
and the cool autumn air
fills my grateful lungs
and lights my spirit
and I shine
so very bright
alive and powerful
one with air, fire, water, and earth
I'm the eagle, I am the wind
I am the fish
new life begins
and every morning
every night
I come here, my beach,
my special place
To just say thank you
to show respect
and I start each day
and end each night
so mighty rock
hold me up high
as I look out
at my hometown
across the river
and say thank you

The witchling hour....

By Rev. Silver-Moonblossom

The eleventh hour of the eleventh day...

Josie had been busy tonight and was feeling quite tired as she was climbing in to bed, for tomorrow was going to be a busy day at school, a busy day and it was to be a fun day, for tomorrow was the day of remembrance. And school always did so many fun things. There were poppies to buy and pin to your uniform, stickers to pop on books and folders, but what was best of all was the trip out. Every year the school went, class by class down the street to the local memorial park, where one pupil who had been selected from all the children in the whole school would get to lay the poppy wreath at the gate., watched by all the parents and teachers, and even a few of the old folk came along, although they seemed to be a little upset, and best of all the local newspaper always put a picture in the paper of the pupil laying the wreath.

Well guess who would be doing it this year? Josie.

Oh her mum had been so busy this night before they had come up to bed, washing and pressing her uniform so it looked as if it was the first day back at school. Shoes had to be polished, coats mended and washed. Even Josie seemed to be soaking away in the bath for almost an hour, before her mum ragged her hair, gave her an early supper and tucked her up in bed.

“Off to bed early tonight Josie, tomorrow is such a big day, you should be so proud to be laying the wreath, we must get up early so we can get dressed nice and smart and.....”

Well Josie was soon lost in thought, no longer could she hear her mum chatting away about the million and one things to be done before school the next day, for she was stuck in thought herself.

“Why” she thought, “why should I be proud, I just don’t get it, I don’t know what it’s all about, well everyone keeps going on and on about the importance of the day, but I just don’t get it, even mum looking at old pictures seems to be making such a fuss. What is it with all the poppies?”

With that Josie drifted off to sleep, and mum crept out of the room.

Before long Josie was sleeping soundly and like many nights before she drifted away into a peaceful dream, but tonight’s dream was to be different...

Josie stood there looking around, poppies, everywhere the eye could see, poppies, a big field of poppies, nothing else for miles, like a sea of red and black, Tabatha had tagged along, she could see, and she bent down to pick up the puzzled looking cat lost in all the red.

“Where am I?” Josie thought to herself, for never had she seen a field of such size and well such colour!

All of a sudden Josie had a great thought, “Oh I would so love to pick some of these poppies, then I could have real ones to take to school”, and with that she leant over ready to pick a hand full of the beautiful red flowers.

Just as she was about to snap the stem of the closest poppy to her, she heard a voice call out “NO!” It cried.

“Who was that”, Josie began to feel a little scared as she wondered who was talking to her.

“No need to fear” The voice came again, “You are safe Josie, for I mean you no harm, I simply would rather you did not pick ME!”

“You” Josie looked at amazement at the poppy she was about to pluck, why, there was a face right in the centre of the flower, a sad looking face, but yet the voice seemed so cheery.

“Oh I am sorry” replied Josie, “I err did not believe flowers would talk, although I suppose I should have guessed otherwise,” she laughed, “mum always says how flower liked to be talked to, but how do you know my name?”

“Your grandpa told me it, dear, for I am his poppy”

Josie looked in shock and disbelief, “pops, pops has a poppy, but why, I don’t remember him liking poppies, but I do remember he would bring flowers home for nan, when he came home, well until, until” Josie did not go on, for she remembered how it felt when she was told pops would no longer come home.

“Now cheer up dear, this is not a place for tears, this is a place for happy thoughts and smiles, of sharing the times you had together and most of all remembering!”

There it was again that word, remembering, “But what am I remembering, I do not remember great wars, for I was not alive then, and I do not know anyone who was, and I, well I just, just don’t understand!”

“Fear not dear, and please do calm down, for that is what I am here for , you see your pops asked me to come and tell you why it is I stand here, side by side with all these other poppies, who also stand for someone’s pops, or dad, or brother or even mum!”

“Really” Josie asked.

“Yes really dear, for you see, I am a flower of great importance for I grow where tears once fell, you see you stand in a field where many tears were shed, for many men did fall here, and it was a time of great sadness, but those days have long gone, as you said, and now I stand here still to remind everyone of those days gone by, but instead of tears being shed we bring back the memories of friends and families no longer with us, like your pops, who although was not in a great war, was sent a long way from his family still, to help make sure they would be safe.”

“Oh” Josie looked puzzled still...

“I see you are still a bit confused my dear, but do not worry for you are but young, and one day this will all make sense to you, but for now, please I ask you this, tomorrow as you lay your wreath, look at those faces of the older people watching you, for these are the hearts you will touch tomorrow, and although they may look a little sad, in laying your wreath, you will bring them a little moment of peace, for they will know once again their loved ones are remembered, and this is a gift you give them that is of great importance.”

With that Josie woke up, and strangely she felt as if she understood, not fully but a little of why her mum made so much fuss, why the teachers and the school would be walking to the park and even why the old folk would seem a little sad, and although she did not fully understand, she knew one day she would, but for now she was happy she could see that yes tomorrow was a day of importance and now she began to get it!

With that she cuddled into Tabatha and slept the rest of the night in peace.

Until next time, from myself, Josie and Tabatha, sleep well and Merry part my dear!

Tradition Announcements & Adverts

THE ORDER OF WORLD WALKERS

This Correllian order is headed by the Rev. Krystel High Correll and she is offering training for those who wish to join the order. The training consists of twelve lessons, one a month, for a year, offered through e-mail.

The purpose of this order is to fulfill the deeper purposes of the Correllian Tradition--advanced psychic and spiritual work, primarily conducted on multi-dimensional levels. This work includes:

Learning to connect and work with your spirit guides. Conscious dying and conscious incarnation. Advanced dream work. Exploring the known boundaries of the multi-dimensional universe, then conducting independent work to go beyond those boundaries. The study of time and advanced work within it. Soul rescue (helping those who are not aware they have died, or are not willing to cross over). Mediumship (being a voice for the so-called dead, visiting the land of the dead and communicating with them, and building a pathway between the living and the dead). Healing, both personal and of our Earth.

These purposes are divided among five houses that consist of the members who are dedicated to the work of the House.

The Order of World Walkers is a working order. The training is only the beginning. Each of the houses offer work that can be done for the rest of your life, if you choose to do it.

I believe that everyone who chooses to become a member of the order chose this before coming into this life time to continue work begun in other lives.

For more in-depth information, including the cost of the lessons, contact me at krystelneuman@yahoo.com

Flash Fiction Challenge

Greetings Dearest Readers!

Have you ever dreamed of being a writer? The Correllian Times wants to help make that dream come true with our flash fiction contest!

The flash fiction story must contain exactly 250 words, excluding the title. Not 249 - not 251. 250 words. There should be a beginning, middle, and an end. It should not just be 250 words of whatever comes to your mind. The goal here is to have some kind of twist at the end.

Our challenge to you is this:

Write your own flash fiction before January 01, 2009. The prize for the top Flash Fiction submission will be a feature writer of the month. A picture of you, bio and your short story, also a gift certificate to the Witch School Store.

Please, only 1 entry per person.

Contest begins February 1, 2008 and ends January 01, 2009. Entries become the property of The Correllian Times. We assume no responsibility for illegible, lost, late, misdirected, incomplete, or stolen entries.

ENTRY: Submit an original, flash fiction story of exactly 250 words. Include your name and e-mail address and email to: windy at windy0716@aol.com or CNT_Correllian_Times-owner@yahoogroups.com Please include the words "FLASH FICTION CHALLENGE" in the subject detail. Entries must be original, unpublished and may not have won any prize or award.

LIMIT: Only one entry from an individual will be accepted - no group entries.

ELIGIBILITY: Everyone is eligible to enter! We do however reserve the right to withhold inappropriate materials from publication at our discretion.

Voting on flash fiction:

Each submission will be featured in The Correllian Times. A voting poll will be opened in January 2009 (details to follow). If you appreciate the storytelling in a flash fiction piece, please grant the writer the honor of your vote.

The great part for voters is that each entry shouldn't take much more than a minute. You can read dozens of them in a short period of time. Please support the writers in this challenge by reading as many as you can!

Now... get flashing!

The Order of Web Weavers Crystal Web Mapping Project

The Order of the Web Weavers has been working diligently on mapping the Crystal Web. If any of you have a crystal that you have added or removed from the Crystal Web contact us to ensure are records up to date and accurate.

The information we need in order to best catalogue your crystal/s is the following. Your Craft Name and E-mail Address along with your City, State, Country, Latitude, and Longitude. Sent to the following e-mail address: wwcw@correllianorders.info

Please include the above information, if you have removed your crystal from the Crystal Web along with 'Remove' in the subject line. If you have added several crystals then we would need a separate entry for each crystal, unless they are located together. If they are located together then please include how many crystals are at that location.

We are excited about this project and hope that you will be too. Once the crystals have been properly catalogued we can then begin placing them on the map program. This will give us a good visualization on the Crystal Web. Thank you in advance for your participation in this wonderful project.

Bright Blessings,
The Order of Web Weavers
