Veterinary Notes

By Rev. Mehitabel

Another case history from the PDSA this week and sadly another case of mindless cruelty.

Smokey

Smokey the cat, from Hartlepool, has lost one of his nine lives after becoming the latest pet victim of a crossbow bolt attack, which PDSA vets say could have killed him.

The ten-year-old feline returned home one morning to his owner Carole Ashworth, who noticed he was not his usual self.

Carole said: "Smokey seemed to be slightly out of sorts when he came home but I thought nothing of it. Later that day, I was brushing his fur when I felt some lumps along his spine and noticed something sticking out of his tummy. I tried to pull the object out without success and that was when I realised he had been shot.

"I couldn't believe it, I was very upset and angry to think that somebody could have done this to my precious Smokey."

Carole, who by this time was frantic, rushed Smokey to PDSA PetAid hospital where Veterinary Surgeon Rosalind Turner examined him. She discovered the problem was an eight-inch crossbow bolt which had gone through his side, narrowly missing some of his vital organs.

Rosalind said: "Smokey seemed to be withdrawn and depressed when we saw him. He was treated for shock before being kept in overnight. The following morning he was x-rayed to determine where the bolt had lodged itself and to make sure it had not damaged his kidneys.

"Luckily this was not the case so we were able to go ahead and remove the bolt and after spending a day in the hospital, he was allowed to go home."

Happily Smokey is now on the mend but it so easily could have been a different story.

Rosalind continued: "The bolt was removed intact but the sharp point had entered into his body and it was just millimetres away from causing permanent damage to his kidneys. Smokey's injuries were extremely serious, certainly one of the worst cases I have seen, and could have proved fatal. He is extremely lucky."

Owner Carole Ashworth added: “I really thought Smokey was going to die and I couldn’t bear the thought of losing him after nearly 11 years. Animals like Smokey are defenceless against such attacks like this and it is extremely distressing to know it could have easily been fatal.

“I’m just extremely grateful to Rosalind and the staff at PDSA for saving his life and making sure he is still with me.”

Every year, PDSA vets see many pets injured by weapons, including air guns. The charity is urging pet owners to be watchful and always report incidents to the local police, press and veterinary practices, to publicise the risk and save lives.

Vet Rosalind Turner added: “It is important to let your pet live a normal life but it is also important to weigh up the risks. If you find a wound, or if your pet is showing symptoms of pain, contact your vet as soon as you can.”

Middlesbrough PDSA PetAid hospital provides free veterinary treatment for the pets of owners who are unable to afford veterinary fees. For more information about Middlesbrough PDSA PetAid hospital please phone 01642 825793, or for general enquires about PDSA PetAid services call freephone 0800 731 2502 or log onto www.pdsa.org.uk.

The Zodiac Effect

Last week we talked a little bit about where the Zodiac originated from. This week will begin a more in depth examination of the 12 signs. Before you begin working with the signs yourself it is important to know what they mean and what the signs try to teach. For the next twelve weeks we will examine each of the different signs in depth. This week we will begin at the beginning with Aries.

Aries is the first sign of the Zodiac. Here is where the circle begins to turn and all new energy and hope abide. Aries is the sign of new beginnings and fresh starts. Aries has the power to break through any obstacles and lay out a new path before you. Here you will find the joy and eagerness that comes with beginnings and the hope of new projects and ideas. Aries will always guide you to the areas of your life where beginnings must occur. This will be a time when you will be filled with inspiration and the thoughts of new projects and ideas. Aries will show you how to renew yourself and your spirit by pointing out to you where your energy has become stagnant.

New and exciting activities will always draw upon Arian energy. Aries wants to teach you how to imbue your life with these new sources. When Aries enters into your life you will be filled with a desire to make new plans. You will find that your path will become filled with new opportunities and you will be drawn to activities that will excite and re-new you. When Aries comes crashing into your life you will be asked many questions. Where are you blocked? What new projects would you like to start? Where would you like to go from here? Are you happy with things the way they are? What would you like to change the most?

When surrounded by Arian energy you will find all areas of your life look and feel fresh, new or renewed. You will find new reasons to get up and out of bed every morning. You will be surrounded by an energetic atmosphere that keeps you focused in ways that you have never been. Aries will make you feel as though you are a new person. This new atmosphere fills you with courage to attempt bolder and bolder activities. Now is the time for you to start that project that you have kept on the back burner. Do you want to take that new course? Do you desire running your own business? Do you need to make changes in your relationship? What ever it is that you want to do Aries tells you that when you direct your Arian energy properly, you will uncover the resources that will propel you to the next level of thought and existence.

When Aries energy moves through your life you will be filled with a pioneering spirit. Your time and thoughts will be filled with desires to travel and to explore new realms. These desires will cause you to make decisions without fear of consequences. This lack of fear will fill you with a sense of adventure. Aries moves into your life and every thing around you will increase in speed. You will be able to find fun and excitement in every aspect of your life. When working with Aries energy you will find the source of your own adventurous spirit. Travel and new sights will be calling to your spirit. Do not be afraid to travel beyond your usual realm. New worlds await

you and you will see that as you explore the world is not as big as it first seemed. Others may see your actions during this period as impulsive and reckless. Aries tells you that now you do not need to worry about the opinions of others. You have all the skills and the talents to be able to overcome any of Aries lessons and as such you must continue down the path to find out what rewards await.

Aries energy will allow you to explore new paths. These new paths will cause you to step out of your own familiar patterns. The hardest part of working with Aries is leaving the familiar behind. Not knowing what lies ahead can be a big gamble for some. Aries tells you that you must have faith and trust that this path will lead you to new wonders and success. Do not be afraid to take risks. Do not be afraid to embark upon new and exciting avenues. When Aries works in your life you will feel as though you can accomplish anything. When filled with this energy you will be overwhelmed with innovative ideas. This may be a time for you to experiment and create new product or open your mind to new thoughts and ways of thinking. Aries allows you to be bold and energetic. When Aries comes into play in your life you will be more daring and independent than you would usually be.

When you begin to work with Aries you will need to overcome many challenges. This will be a time of competition. You may feel overly driven to succeed and to be the first to arrive at the finish line. Even if you have never been a competitive spirit you will truly enjoy the competition that comes with Aries. The challenges will allow you to break out of the ruts and outdated routine that you are in. Aries will challenge you to beat yourself. Aries wants you to understand that if you do not set challenges for yourself then there is not need to see how far you can go or how good you really are. Settling is never a word used when working with this energy. When you work with Aries you will need to develop your self-control and self-discipline. Aries energy will bring many new adventures and it would be easy to lose your focus. Successfully completing a few major projects will fill you with more satisfaction than becoming lost in many small projects.

Aries energy will fill you up and cause you to feel agitated. The reason for this is that Aries energy is new and wants to move and experience. If you spend too much time sitting still you will be filled with nervous energy that just wants to get out and do something. For this reason you will find it increasingly difficult to sit still. You will want to act now. You will find that this is the perfect time for you to meet life head on. During this period you will have access to the tools required to manifest your dreams. When you are certain about what you want to manifest then the Arian energy will allow you to move through any challenges that come between you and your goal.

Aries energy will allow you to find the best way to express yourself. With Aries you will always be looking at the light. This will be a time of great optimism for you. When seeing the positive side you will be able to face the forks ahead and make positive choices. No matter which way your path turns you will find a way to succeed. When working with Aries energy you will find ways to inspire others to find their own confidence. Because Aries energy is so inspiring you will be filled with many ideas that you will want to share with others. When others see your excitement they will be moved towards action themselves.

Aries has a tendency to start strong and die away quickly. For this reason Aries tends to be a daredevil that is assertive and direct. When you work with Aries energy you will find a great

need to be in control. You may find yourself speaking and saying things without thinking things through. Because Aries fills you with energy you will find that everything will take on a new sense of urgency. You will need to be careful of this as Aries has a tendency to blow situations out of control.

When Aries energy comes out of control there can be an inexplicable urge to become aggressive. Aries is very much concerned with itself and when plans fall apart or do not go as planned Aries can react in negative ways. Aries can react outwardly in a fit of anger which results in accidents and offensive behavior. During these periods Aries can place you into very dangerous situations. Keeping control over Aries hot temper and childish tantrums will be of utmost importance. Aries when upset can also become sullen and reclusive during these periods you will tend to procrastinate. You will draw inside yourself and lose interest in the outside world. This is dangerous as you will lose your ability to motivate others and your plans will be put off for an indefinite period.

Aries will empower you to open your life up to the possibility of new beginnings. Your desires and your needs will become first in your life. You will take a renewed interest in your life and the world will look and feel much brighter. Aries will teach you to be free and proud. You will find the courage to take new paths and find the success you have been working towards. Aries will make your life move faster. You will find your curiosity being peaked and this will open the door to many new wonders. You will need to focus to avoid the negative effects of Aries. You must not become so overwhelmed with all the new ideas and possibilities that you wear yourself out trying them all. Aries wants you to understand that there is a whole world of possibility out there but you can only handle a few new projects at a time. Do not run yourself down with all these new ideas. Make sure you leave some behind for the next time Aries spins your way.

Merry Meet fellow Wiccans to my Wiccan World.

The weekend hasn't been the best for me, I have been in the bed most of the time as I once again have been struck with a cold. My sprained ankle is better, but now I have to deal with another darn cold. You can never be satisfied with what you got, in life. Well, it will work itself over and it is a relief that I have such a caring and loving man that helps me when I am feeling like this.

As this is the week of Samhain in the Northern Hemisphere, and Beltaine in the Southern Hemisphere. I will write a little about how I am preparing myself for the Samhain ritual. I will when I feel better, no later than Wednesday anyway, go out in the forest and gather some really nice things to have up on my Altar. As I am scheduled to attend a ritual where we are a bunch of women and men that are going to perform the Croning and Saging. I am so looking forward to this one, and I think we are going to be about 10 people that is going to go through this ritual.

Last Thursday was another lesson in our Rune Class. We were 2 in the class and could go through the 3rd Aettir at last, and it was so fun as when you are sitting there and hear another person's point on what they think the different Rune means. You have your thoughts and another can have similar and by that you learn to see it in so many other different ways. Our homework was to prepare our woods that we are going to carve our own Runes in. Yes, in order to complete the class, you have to have made your own Runeset and then we have the Final Exam where you are supposed to show that you actually have the knowledge to read the Runes, too.

I will not put any readings in this article as I am just up and finish my article and will hit the bed directly after this. I need to get my strength back, so I can be alert and well on Thursday's ritual. Also we will have our Rune class about Cuting and carving, so it will be a hectic day that requires a lot of energy from me.

Now it's enough spoken for today, and on Thursday I will have the readings on my Runes for you, again. Do remember that it's my view on it, and another person could see a slightly different point in the Runes.

Take care until Thursday. Blessed be all of you.

AND TIME STOOD STILL

The outside world abandoned
wrapped in love's abyss
we stole the quick and fleeting time
by taking passion's kiss.

With arms wrapped round' these bodies
I felt Spirit whisper through
as you took from me the breath of love
and I right back from you.

It filled me with the pleasure
the Goddess meant to be
and god looked there upon us
and stole a kiss, or three.

I saw them as they both embraced
for they could see that we
knew the mysteries of their passion;
knew the magick meant to be.

My hand upon your face
as you kissed me so divine
my fingers touched your lips that bade
for even more of mine.

Your hands that held me tightly
in heated kiss embrace;
I felt as one together
I felt no time nor space.

For I was also "with" you
in body and in soul
and in your arms I melted
and prayed to be the "one";

The one in brief encounter
who clouds your very thoughts
of always knowing passion,
of always wanting "us".

You looked into my eyes
and in them I saw me
forever wanting you
to forever want of me.

I saw perhaps a fleeting thought
right there in your eyes
but then again I think you fear
what you see in MY eyes.

I'm even more convinced now
our meeting meant to be.
You treat me like a Goddess
and the god I see in thee.

So two celestial bodies
of light and energy
become the whole of beauty
from chaos unleashed and free.

Then when the clock starts ticking
I dread that we must part;
for all I want to do now
is hang on with all my heart.

We kiss again but this time
is to bade a sad farewell
until the time allows us
to steel it again somehow.

Then sadness overwhelms me
as I lay my head to rest
for the arms that held me tight and close
were ever so much missed.

And the tears flow like a river
and flood my heart as well.
I'm lost, alone without you
but I'll get through it somehow.

And as I fall asleep
with you clouding my mind;
I linger in the softness
of your body against mine.

So until we meet again my love
your spirit lives in me
for the essence that you let me take
will always carry me to thee.

In dreams, in waking hours
I'll feel you deep within
and wait for the sweet moments
when love's passion enters in.

A Mystery Rite Meditation

By Rev. Mehitabel

The soul was suspended in chaos, in darkness without feeling or sound, without thought or emotion until it found itself lifted up by a current of air. It was blown hither and thither by the wind, swirled and twisted, buffeted and caressed for a time without measure. And yet in this frenetic dance, the soul felt a nugget of thought, of inspiration begin to grow. It began to analyse, to think and within this, to become, and as it reveled in this new found skill it drifted out of the darkness and into a realm of light, a realm of fire.

Finding itself standing on the ground it began to walk between the flames, flinching back from the heat, and yet it found that the flames did not harm it. And as it hardened its resolve and pressed forward, it found a new strength of purpose and determination. It continued through this land, seeing images within the flames, interpreting them with its newly awakened consciousness, and forming plans and goals, until abruptly the flames ended. Like a sword forged by the flame and tempered by water, it too found itself floating in a cooling immense body of water. As it drifted on it felt a stirring within its very being, a feeling that was new and strange, and a feeling that initially defied analysis.

Swept on by the water it became aware that it was enjoying the sensation, and realised that it could, suddenly appreciate things in a way that was not logical. These feelings and emotions grew and flourished, and the soul began to feel love for itself. This love increased, untainted by any convention, until the soul was swept onto solid Earth. It marveled at the feel of this material and was surprised that it felt an immediate love for it. As it placed its feet upon the ground and walked forward it felt a new balance within itself, a grounding, a centering, a completeness.

And so, blown by Air, forged by Fire, tempered by Water and centered by Earth, gifted with inspiration, determination, emotion and balance, the soul comes to the end of its journey. Ahead it sees a mountain and begins to climb, drawn by some irresistible compulsion. Up and up it goes until it reaches the Summit, and looks down over the land around. In that moment it is surrounded by clear, white light, purer than anything it has encountered before. A light filled with love and compassion, a light that penetrates its very being, becoming part of it, filling it with joy. A light that brings with it a spark of life. And so, the final stage is complete. Through the light of the divine, the soul is ready to enter the world, born again through the five elements, new, untainted and free.

Tradition Announcements & Adverts

THE ORDER OF WORLD WALKERS

This Correllian order is headed by the Rev. Krystel High Correll and she is offering training for those who wish to join the order. The training consists of twelve lessons, one a month, for a year, offered through e-mail.

The purpose of this order is to fulfill the deeper purposes of the Correllian Tradition--advanced psychic and spiritual work, primarily conducted on multi-dimensional levels. This work includes:

Learning to connect and work with your spirit guides. Conscious dying and conscious incarnation. Advanced dream work. Exploring the known boundaries of the multi-dimensional universe, then conducting independent work to go beyond those boundaries. The study of time and advanced work within it. Soul rescue (helping those who are not aware they have died, or are not willing to cross over). Mediumship (being a voice for the so-called dead, visiting the land of the dead and communicating with them, and building a pathway between the living and the dead). Healing, both personal and of our Earth.

These purposes are divided among five houses that consist of the members who are dedicated to the work of the House.

The Order of World Walkers is a working order. The training is only the beginning. Each of the houses offer work that can be done for the rest of your life, if you choose to do it.

I believe that everyone who chooses to become a member of the order chose this before coming into this life time to continue work begun in other lives.

The Order of Web Weavers Crystal Web Mapping Project

The Order of the Web Weavers has been working diligently on mapping the Crystal Web. If any of you have a crystal that you have added or removed from the Crystal Web contact us to ensure are records up to date and accurate.

The information we need in order to best catalogue your crystal/s is the following. Your Craft Name and E-mail Address along with your City, State, Country, Latitude, and Longitude. Sent to the following e-mail address: wwcw@correllianorders.info

Please include the above information, if you have removed your crystal from the Crystal Web along with 'Remove' in the subject line. If you have added several crystals then we would need a separate entry for each crystal, unless they are located together. If they are located together then please include how many crystals are at that location.

We are excited about this project and hope that you will be too. Once the crystals have been properly catalogued we can then begin placing them on the map program. This will give us a good visualization on the Crystal Web. Thank you in advance for your participation in this wonderful project.

Bright Blessings,
The Order of Web Weavers
