Pagan Calendar June 27 – 3 July

June 27 A centuries old Native American Sun Dance ritual is performed annually on this date by many Plains Indian tribes in honor of the Summer Sun. As part of the ceremony, a sacred crow totem is decorated with black feathers. On this date in the year 1956, prolific Wiccan author Scott Cunningham was born in Royal Oak, Michigan.

June 28 Every year on this day, the birth of Hemera (the ancient Greek goddess of day) is celebrated. Festivals in her honor begin at sunrise and last until the setting of the sun. On this day in the year 1916, Reformed Alexandrian Witch and author Stewart Farrar was born in Highams Park, Essex, England.

June 29 On this date in Appleton, England, the boughs of a large and very old hawthorn tree are decorated with flowers, flags, and ribbons as part of a centuries-old Pagan tree-worship ritual known as Bawming the Thorn. This is a sacred day to Papa Legba, a powerful loa in the Voodoo religion. Originally a Dahomean sun god, Papa Legba is worshipped as the spirit-master of pathways and crossroads, and is the most important deity of the Vodoun pantheon.

June 30 Day of Aestas. The ancient Roman corn-goddess of Summer is honored each year on this sacred day. Corn bread is traditionally served at Wiccan gatherings. This day is sacred to the Pagan and Native American goddesses Ceres, Changing Woman, Chicomecoatl, the Corn Mothers, Demeter, Gaia, Ge, Hestia, Iatiku, Oraea, Pachamama, Spider Woman, and Tonantzin.

July 1 The month of July opens in Nepal with the Naga Panchami festival, which is devoted to the Snake-Gods called Nagas. Sacred snake images are displayed on religious altars, offerings are made at snake holes, and parades featuring live serpents fill the main streets of many villages. In Japan, this day is sacred to Fuji, the ancient Japanese goddess of fire. Fuji is also regarded as the grandmother of Japan, and on this special day (which also marks the start of Mount Fuji Climbing Season) she is honored with prayers and burnt offerings.

July 2 On this day in ancient times, the citizens of Rome celebrated the Feast of Expectant Mothers. At temples throughout the city, all pregnant women gathered to receive blessings and honor Bona Dea, Carmenta, Lucina, and other goddesses associated with birth and fertility.

July 3 The New Year of the Seminole Indian tribe of Florida begins on this date, and is celebrated with an annual Green Corn Dance honoring the new corn crop. In Italy, this day is sacred to the Witch of Gaeta; in Greece, the goddess Athena is honored.

The Month of July

<http://www.wilsonsalmanac.com/july.html>

July is the seventh month of the year in the Gregorian Calendar, with 31 days. The seventh month of the year was named by Mark Antony for Julius Caesar. The Roman calendar had previously called it Quintilis, as it was the fifth month of their year.

The Dutch called this month Hooy-maand ('hay-month'), and the old Saxon name was Maedd-monath (because the cattle were sent to the meadows to feed) and Lida aeftevr (the second mild or genial month).

Just to confuse things, the Saxons also called this time of year Hen-monath (probably 'foliage month'), a word most likely derived from the German hain, meaning 'wood' or 'trees'.

Another Saxon term was Hey-monath because at this time they mowed and made hay.

The old Irish name is based on 'Julius', namely, Iuil. The Frankish name for the month of July is related to Hewimanoth, meaning hay month, a name that continues in modern Ásatrú as Haymoon.

In American backwoods tradition, this is Buck Moon.

In the French Revolutionary calendar it was called Messidor (harvest-month, June 19 to July 18).

Until the 18th century, July was pronounced as the girls' name 'Julie'.

July begins on the same day of the week as April every year and also as January in leap years.

Astrologically, this is the month of the house of Cancer (June 22 - July 22) and that of Leo (23 July - August 23). July's birthstone is ruby, signifying contentment and courage, and cornelian, signifying content.

Make Your Own Magical Prayer Sticks

by Ted Andrews

In some traditions, a feather attached to a specially carved and painted stick is a powerful way to make an offering and petition to the spirit world.

The decorated stick represents the message, and the feather calls to the spirit bird or totem to carry the message to the heavens.

You can make a prayer stick as a unique gift for someone special.

There are no set rules as to length, but the most common prayer sticks tend to be made from a peeled willow branch. These are often carved, painted, wrapped with leather or colorful fabric, or otherwise decorated.

All these things can take on special significance by simply using your intuition or by relying upon a form of symbolism you are comfortable with.

To activate the prayer stick, your friend need only plant one end of it in the earth. As the feather flutters in the breeze it activates the energies of the stick and your friend's prayers will soon be on their way to the heavens.

Off the un-beaten path

Have you ever been traveling along your path? Just carelessly moving along when suddenly you realize that you are not who you thought you were, That your actions, and thoughts don't coincide with who you thought you would become or with who you knew you wanted to be?

I think this is something that happens to everyone at some point in their life. This happened to me recently. Time for a personal disclosure – one morning I got out of bed and went into the bathroom as is my morning routine. I looked in the mirror and my face was distorted, I was unrecognizable to myself. After seeing this monstrosity in the mirror I woke up. It was a dream. This dream obviously came from my higher self. It prompted me to look at what I had been doing.

As it turns out my actions didn't support what I wanted for myself, and as it seems, what I want for myself is also something that is in the divine plan for me. The acts I was engaging in didn't make me a bad person by any sense of the word, for who has the power to make such a judgment? However, the choices I was were ones that forced me to make a second look at myself.

After the wake-up call I received I decided to make a list of everything that I thought was important to me. I pulled out the dowsing crystal. I asked it if the list was complete. It wasn't. so I decided to write down a few more things. I kept this dialogue going until the list was complete.

I re-wrote the list so that all the items were in a circle. I then begin to prioritize from the bottom up. As it turn out the list that I ordered and the list that the goddess helped me create was not drastically different, but upon further analysis the way in which I was going about things was also skew. So for me a slightly askew list of priorities and askew methodology was enough to throw me off balance.

What should you do If this happens to you? Well any number of things for that matter. Simple meditation, tarot cards, dowsing crystal, scrying, or whatever makes you happy.

How should you feel? Well nobody has the right to tell you how you should feel about anything. I was slightly scared. I think it was because I had managed to loose track of a path I was beating for myself. But in retrospect I guess it makes sense that this would be the easiest path to loose track of. When we are not following in any defined footsteps, when we are our own leaders its easier to veer off a little and I am thinking right now that is probably natural for that to happen. It's probably natural to even get a little lost when our paths take us into a dark, wooded area. I think the only problem with getting lost is allowing our selves to stay lost.

How The Shift Will Occur

by Owen Waters

The 'Mass Dreams of the Future' project gives us glimpses into life in the future for the people who live on Earth today. It categorizes the different living environments of people in the 2100 – 2500 AD era.

Between now and 2100 AD, there will come a mass ascension day when the Earth will rise in vibration and take with her all who are ready to function in heart-centered consciousness. Those who do not wish to ascend will choose to stay in the third-density ('3D') world in which we currently live.

The Mother Earth will achieve this by creating a two-worlds reality in order that those left behind may survive. This is necessary because people who are deep into separative or divisive 3D consciousness will not be able to function in a fourth-density ('4D') world. If a 3D person, deep into emotional conflicts such as anger and violence, were to be forcibly dragged into 4D, their resistance to the higher energies would overload their physical brain and they would soon lose their mental balance.

In order to bring a two-worlds reality into existence, the Earth will create a copy of the 3D physical world as a parallel reality. Reality is a construct of pure consciousness that includes the illusions of physical solidity, time and space. Parallel realities can be created by consciousness, such as your soul consciousness, that exists outside of the timespace illusion.

That means that your soul can, and does, create individual parallel realities just out of curiosity. When the time comes for mass ascension, the Mother Earth will create a global parallel reality for that purpose. She will then raise the new reality into fourth-density physical existence.

Frequency filters will exist that automatically determine in which reality – 3D or 4D – each person belongs based upon their ability to handle heart-centered consciousness. It will be, as Jesus foresaw in God's plan for the upcoming harvest of souls, as though "one shall be taken and the other left behind."

Membership in a particular religion is not a prerequisite to making The Shift into 4D. Being a student of spiritual philosophy is not a prerequisite to making The Shift into 4D. A warm and generous heart is all it takes.

It should be noted that animals are generally free from the conflicts of 3D-style separative consciousness and will be able to make the shift into 4D quite naturally. After all, the prediction, "and the lion shall lay down with the lamb," requires that the lion and the lamb first shift from this 3D world into the new, peace-filled, 4D Earth.

When the big ascension event of The Shift happens, people will find themselves in a mental environment which is more refined and delicate than the one to which we have been accustomed in 3D. Upon adapting to the heartfelt, 4D consciousness, they will begin to build a new world based upon principles of cooperation and compassion.

In the meantime, while we are building towards this great Shift in consciousness, the opportunity exists to serve God's plan for the enlightenment of humanity on Planet Earth. This is the opportunity that spiritual souls have waited lifetimes to experience. This is the opportunity to make a huge difference in the spiritual welfare of millions of people upon this planet at this critical time.

Walk bravely into the world and do God's work by helping others awaken to the love in their hearts. The time for the harvest of souls is now!

Next week: We'll go into deeper detail about the variety of living environments from which you'll be able to choose in future lives from the year 2100 AD and beyond.

A-Z of Divination

Eggs There are a number of different systems available for egg divination. Oomancy is one system of egg divination by the outer and inner forms of the egg.

One method was to break the egg into a glass of water and interpret the shapes assumed by the white. Another method was Oomantia. It involved divining the signs or characters appearing in eggs

Egyptian Dream Scrying Egyptian dream scrying may be traced back thousands of years. The method used by the Egyptians was recorded in the Greek magical papyri which were written between 200 B.C. to 500 A.D.

In preparing to use the Egyptian dream scrying method you must not speak to anyone on the evening you plan to scry. You should remain in silence after the setting of the sun. Do not consume alcohol on that day or engage in sex. You must refrain from consuming food for up to four hours before the scrying.

After having a warm bath you anoint your temples with olive oil. You will need an oil lamp which must not be coloured red or bear any inscription. Write on a short narrow strip of white linen with ink mixed with myrrh the name of the dream God and the purpose for the dream scrying. Twist the linen strip into a wick and insert into the oil of the lamp.

Place the lamp on a table beside your bed. Using the ink draw the image of the dream God upon your left palm. You must decide which God or Goddess you wish to use. Thoth was well used with the Egyptians.

Light your lamp. Kneel before the lamp. Concentrating on the image on your left hand recite the following invocation : Thoth I invoke, blessed power of dreams divine, Angel of future fates, swift wings are thine, Great source of oracles to human kind, When stealing soft, and whispering to the mind, Through sleep's sweet silence and the gloom of night, Thy power awake the sight, To silent souls the will of heaven relates, And silently reveals their future fates.

You need to concentrate on your question you wish to know the answer to. Around your left hand wrap a piece of black linen about four inches wide and about thirty inches long.

The black cloth is called "black" of Isis. Blow out the flame of the lamp.

Now go to bed, clear your mind and go to sleep. Have a tape recorder beside your bed so that when you awaken you may record your dreams while still fresh in your mind. You will find that the dream will come to you in a voice that is clear and powerful rather than in dream images. Sometimes the message is sent in cryptic form so take your time in working out the answer.

Eromancy One of six different divination practices by the Persians using air and water. The diviner covered his head in a napkin and exposed to the air a vase filled with water. Over the vase they then whispered their desires. If the surface of the water showed bubbles it was regarded as a good sign.

Spell of the Week

SELF-BLESSING RITUAL

This ritual should be performed during the new moon, but it is not limited to that phase. Need, not season, determines the performance.

There is real power in the Self Blessing, it should not be used other than in time of need and should not be done promiscuously. The purpose of the ritual is to bring the individual into closer contact with the Godhead /Goddess. It can also be used as a minor dedication, when a person who desires dedication has no one who can dedicate him. This self-blessing ritual may also be used as a minor exorcism, to banish any evil influences which may have formed around the person. It may be performed by any person upon himself, and at his desire.

Perform the ritual in a quiet place, free from distractions, and nude.

You will need the following:

1. Salt, about one-quarter teaspoon.
2. Wine, about an ounce.
3. Water, about one-half ounce.
4. Candle, votive or other.

The result of the ritual is a feeling of peace and calm. It is desirable that the participant bask in the afterglow so that he or she has called the attention of the Goddess or Godhead to himself, asking to grow closer to the Godhead/Goddess in both goals and in wisdom. When you are ready to begin, sprinkle the salt on the floor and stand on it, lighting the candle. Let the warmth of the candle be absorbed into the body.

Mix the water into the wine, meditating upon your reasons for performing the self-blessing.

Read the following aloud:

BLESS ME, MOTHER, FOR I AM THY CHILD.

Dip the fingers of the right hand into the mixed water and wine and anoint the eyes.

BLESSED BE MY EYES, THAT I MAY SEE THY PATH.

Anoint the nose.

BLESSED BE MY NOSE, THAT I MAY BREATHE THY ESSENCE.

Anoint the mouth.

BLESSED BE MY MOUTH, THAT I MAY SPEAK OF THEE.

Anoint the breast.

BLESSED BE MY BREAST, THAT I MAY BE FAITHFUL IN THY WORKS.

Anoint the loins.

BLESSED BE MY LOINS, WHICH BRING FORTH THE LIFE OF MAN AS THOU HAST BROUGHT FORTH ALL CREATION.

Anoint the feet.

BLESSED BE MY FEET, THAT I MAY WALK IN THY WAYS.

Remain... and meditate for a while. You will feel renewed.

Stargazing Information

As spring gives way to summer, the signature star patterns of the new season climb into view during the brief nights. Sagittarius, whose brightest stars outline the shape of a teapot, is low in the south by late evening, with the curving form of Scorpius in the south. They never climb far above the horizon, although their distinctive shapes make them easy to find.

This Week's Stargazing Tips

June 26, 2011

A small, faint "shield" of stars climbs high across the southern sky tonight. The constellation Scutum represents the coat of arms on the shield of John Sobieski, a 17th-century king of Poland and one of that country's greatest heroes.

June 27, 2011

Mars is beginning to pull into view in the early morning sky. Tomorrow, it looks like a bright orange star a little below the Moon at first blush of twilight.

June 28, 2011

Mars is climbing into view in the dawn sky. It looks like a bright orange star. Tomorrow, it stands to the upper right of the crescent Moon. The true star Aldebaran, which also shines orange, is a little closer to the Moon.

June 29, 2011

Mars is low in the east at first light and looks like a fairly bright orange star. It is almost directly above the slightly brighter orange dot Aldebaran, the "eye" of Taurus, the bull.

June 30, 2011

About an hour after darkness falls, the Milky Way curves from the northeast to the south-southeast. In the northeast, look for cross-shaped Cygnus, the swan, immersed in the Milky Way's glow. And in the south and southeast, look for the scorpion and Sagittarius, the archer.

July 1, 2011

The Moon is "new" today as it crosses the imaginary line between Earth and the Sun, so it is hidden in the Sun's glare. It will return to view tomorrow evening as a thin crescent low in the west after sunset.

July 2, 2011

Look for the planet Mercury low in the west beginning about a half-hour after sunset. It looks like a fairly bright star, but it is so low in the sky that it is tough to spot. This evening, it is just to the upper right of the fingernail crescent Moon.

Spanish Wiccan Blog and Podcast

Wiccan blog and podcast in Spanish, 13 lunas (13 moons), created and maintained by Rev. Clara Fuentes (aka Harwe Tuileva), a Correllian priestess from Spain.

The blog seeks to keep Pagans and Wiccans from all the Spanish-speaking countries informed by means of an easy access format, and, of course, for free. Besides, the recent creation of a radio program in the form of a podcast completes this successful project that is currently receiving more than 400 visits per day at its website. The wonderful reception granted by the Spanish-speaking community reflects the need of more information of the Pagan and Wiccan community, which was looking forward to counting on this kind of initiatives in their own language.

The blog can be found at <http://www.13-lunas.com>.

For more information please contact Rev. Harwe Tuileva: harwe1982@hotmail.com

The Order of Web Weavers Crystal Web Mapping Project

The Order of the Web Weavers has been working diligently on mapping the Crystal Web. If any of you have a crystal that you have added or removed from the Crystal Web contact us to ensure are records up to date and accurate.

The information we need in order to best catalogue your crystal/s is the following. Your Craft Name and E-mail Address along with your City, State, Country, Latitude, and Longitude. Sent to the following e-mail address: wwcw@correllianorders.info

Please include the above information, if you have removed your crystal from the Crystal Web along with 'Remove' in the subject line. If you have added several crystals then we would need a separate entry for each crystal, unless they are located together. If they are located together then please include how many crystals are at that location.

We are excited about this project and hope that you will be too. Once the crystals have been properly catalogued we can then begin placing them on the map program. This will give us a good visualization on the Crystal Web. Thank you in advance for your participation in this wonderful project.

Bright Blessings,
The Order of Web Weavers

The Order of World Walkers

This Correllian order is headed by the Rev. Krystal High Correll and she is offering training for those who wish to join the order. The training consists of twelve lessons, one a month, for a year, offered through e-mail.

The purpose of this order is to fulfill the deeper purposes of the Correllian Tradition--advanced psychic and spiritual work, primarily conducted on multi-dimensional levels. This work includes:

Learning to connect and work with your spirit guides. Conscious dying and conscious incarnation. Advanced dream work. Exploring the known boundaries of the multi-dimensional universe, then conducting independent work to go beyond those boundaries. The study of time and advanced work within it. Soul rescue (helping those who are not aware they have died, or are not willing to cross over). Mediumship (being a voice for the so-called dead, visiting the land of the dead and communicating with them, and building a pathway between the living and the dead). Healing, both personal and of our Earth.

These purposes are divided among five houses that consist of the members who are dedicated to the work of the House.

The Order of World Walkers is a working order. The training is only the beginning. Each of the houses offer work that can be done for the rest of your life, if you choose to do it.

I believe that everyone who chooses to become a member of the order chose this before coming into this life time to continue work begun in other lives.

For more in-depth information, including the cost of the lessons, contact me at krystelneuman@yahoo.com

May You Blessed Be
Krystal

Order of Peace Weavers

The Order of Peace Weavers was created to provide members of the Correllian Tradition with the means of gathering together to collectively promote the weaving of peace into the fabric of society through meditation, prayer, Reiki, visualization, spell working, ritual, creative writing, intentional art and music, and other positive energy work and light work, with harm to none, and for the highest good of all concerned.

The motto of the Order of Peace Weavers is: "Be Peace, Live Peace, Send Love, Weave Peace." We hold a monthly 15 minute group peace meditation on the first Wednesday of every month and would love to have more join us to promote peace.

The Order of Peace Weavers is a chartered order of the Correllian Tradition. Membership is by invitation or application and is open to Inner and Outer Court members.

For more information, please find us at <http://groups.yahoo.com/group/orderofpeaceweavers/> or contact moonraven3x3@yahoo.com.
