## Veterinary Notes – Frogs and Toads

Advice from the RSPCA

<http://www.rspca.org.uk/servlet/Satellite?pagename=RSPCA/RSPCARedirect&pg=wildlifeadvice&marker=1&articleId=1024473693863>

The common frog and toad are widespread and found throughout Britain. The natterjack toad is now rare - confined mainly to coastal sand dunes and lowland heaths - and protected by law.

### **Hopping it**

In the spring, toads hop back to their ponds to mate. Sadly, many of them will die crossing the road, but there are ways people can help them.

Carrying them across the road to safety will greatly help their chances of survival. Wearing gloves to protect your hands, gently pick the toad up by its body and carry it across when safe to do so. Always make your safety the priority - wear light reflective clothing and bring a torch if it's dark.

If you would like to join an organised local toad patrol, please write to Froglife, 9 Swan Court, Cygnet park, Hampton, Peterborough PE7 8GX.

### **Spare spawn?**

Sometimes people worry that they have too much spawn in their garden pond. You can never have too much as only five out of every 2,000 eggs are thought to survive into adulthood.

Fish, birds, newts, water shrews, water beetles and insects eat tadpoles - tadpoles also eat each other! So laying such a large number of eggs is necessary for the species to survive.

Sometimes tadpoles do not develop into froglets or toadlets - instead the tadpoles get larger and larger - up to 12cm long. The most likely cause of such incomplete development is too low a temperature in the pond.

# Feline Fun

This week in Feline Fun – A musical kitty...

Owned by kitty-cat Nora, Betsy and Burnell have made it possible for everyone to enjoy Nora as much as they do. Read on!

## From Shelter to Show Biz: A Meowmoir

(Note from Burnell: This story of Nora was written from the imagined perspective of Nora. The facts are accurate.)

Many of you have been asking about my life before I became a famous piano player, so I thought I'd share a little bit about how I came to live with Betsy and Burnell. The story is rather long, so my Burnell suggested we also make it available as something called a pdf, which he says you can download by clicking [HERE](#) and read it later or print it out.

Well, I'll never forget the first day I saw Betsy and Burnell at the pet shelter in a place called Cherry Hill, New Jersey - my birth mother was a humble stray cat. Anyway, Betsy and Burnell were out shopping for cat food for their five cats, and Betsy always liked to look at the cats in the shelter that were waiting for new homes. And there were a lot of us scampering about that day. We were all out of our cages, playing with wild abandon. In the middle of this chaos, Betsy saw me playing all by myself. That was because I didn't like to play with the other kittens, but, fortunately, Betsy didn't realize this at the time. The next thing I knew, I was being scooped up in Betsy's arms. Immediately, I began playing with her long braid. It was love at first sight.

# Astrology

## Rev. Leona

This week we move onto the fifth house. This is the house of creativity and of affairs of the heart.

The Fifth House is the center of your pleasure and creative talents. For this reason a great deal of Fifth House work will focus directly around your pleasure centers. This is the house that revolves around the enjoyment of life. When you work with this house you will learn the value of letting go, relaxing and taking time to amuse and entertain yourself. Here you will be able to identify the activities that make you happy as well as the ways that you can bring joy and satisfaction into your life. The Fifth House shouts out to you “All work and no play makes you old before your time!”

The main purpose of the Fifth House is to illuminate the importance of entertainment. What role does entertainment take in your life? Do you allow yourself to be amused? Are you too serious and focus on your dreams and desires to take time off? When was the last time you played hooky? Everyone needs to take a break from the hectic and stressful situations of everyday life. The Fifth House wants to take you outside and play. Now will be the time for you to let go of the adult world of responsibilities and return to the childhood world of fantasy and imagination. Allowing your inner child time to come out and enjoy the world will give you a refreshing new look on your present situation.

When you begin working with the Fifth House you will have to answer many different questions: What do you like to do for fun? What activities bring you pleasure? Do you enjoy walking in the woods, going to the movies or the theater? Do you enjoy live concerts or sports games? When was the last time you took a break to do something fun and amusing? When was the last time you stopped acting as an adult and returned to your childhood? Do you allow others in your life the chance to play? Do you teach the value of play to others? Have you forgotten what it means to let go? Answering these questions will allow you to understand the role of play in your life. You may find that you are too serious in your life and that now is the time to return to innocence, or you may find that you are too dedicated to free play and that now is the time to return to duty.

The Fifth House only wants you to let your hair down and enjoy life. Following these lessons you will come to realize that you do not need to go far to find pleasure. Pleasure is something that can be found everywhere. You do not need to travel, spend great deals of money or sacrifice anything to find it. Pleasure is all around. You will find that pleasure can even be found in the most interesting places. The Fifth House will show you the key to searching and finding your own sources of pleasure. When you give into the Fifth House you will soon find that you no longer need to search for pleasure as pleasure will now come seeking you. When you want to bring the Fifth House to life you have to look at your life activities and ask: Does this bring me pleasure? You need to find activities that make you feel good, that make you feel satisfied.

The Fifth House shows you that one of the main sources of pleasure is yourself. You have a great many talents that will give you enormous pleasure when you take the time to develop them properly. This is the perfect arena for you to focus upon these talents and gifts which you have been blessed with. You will find that some of your talents came to you instinctively. Some you discovered through trial and error, while others came by complete accident. The Fifth House wants you to try anything and everything that interests you. The Fifth House tells you that if you do not try these activities then you will never know if you can develop them into something wonderful. When you work with this house take time to draw a picture, paint a landscape, write a poem, act out part of your favourite story, put

together a model airplane, or even build a bench. Anything you can think of that involves creative thinking and action will open up for you. There are no limits to what you can accomplish when you take up the challenge of the Fifth House.

The Fifth House will show you how to find your creative spirit. Your spirit will be drawn to this house as this is where you will find all beautiful things. This is the house of art and imagination. Here in the Fifth House you will finally understand why you love or hate opera, why you love vaudeville or theater. Why you would rather watch a film than see live theater. Why you are called to sit in the stands and watch a hockey game. The Fifth House will help you to understand why you read the books you read and why you partake of the entertainment you like. The Fifth House reminds you that your spirit is drawn to laughter and to happiness. When you open up and allow these feelings to live in your heart then you will be drawing your spirit closer and closer to you. Working with the Fifth House is the key to bringing your spirit back to life and give birth to your own imaginations.

The Fifth House will bring you the many rewards that come from living out your fantasies. When you work with the Fifth House you will be inspired to think and act creatively. Here you will develop the skills to open up to your inner muse. When you work with the energy of the Fifth House you will be able to develop your own strategies for removing blockages. When you fight and turn away from the message of the Fifth House you will find many negative effects seeping into your life. Are there projects that seem to have shut down? Do you no longer feel inspired to complete projects? Do you draw a blank every time you think of certain activities in your life? These all indicate that you are not tuning into the creative energy of the Fifth House. The Fifth House wants you to set your spirit free. If you are afraid to let go then you will find that there will be many difficulties ahead.

The most powerful creative force of the Fifth House is sex. Sex is a natural and primal drive and the first source of pleasure that you experience. The Fifth House wants you to open yourself up to the wonders and satisfaction of sex. Sex can provide pleasure as well as relaxation. When working with the Fifth House feel free to experiment with your own desires and fantasies. When one has a willing partner the act of sexual intercourse can develop into a very pleasurable and powerful outlet. The Fifth House shows you that sex involves a great deal more than penetration and climaxes. The Fifth House will allow you to explore the nuances of taste, touch and smell as well as the spiritual releases that are stimulated during sexual encounters.

When you experiment with the passions and connections of sexual pleasure you will have to face the possibility of procreation. For the Fifth House your relationship with your children is one of key importance. These relationships are explored in depth in the Fifth House. The relationship between parent and child, when healthy, can be very fulfilling and pleasurable. Your children are the epitome of your creative abilities. In this house you will see how you can take part of yourself and create a new being. Having children gives one a sense of completion and continuation. You will be able to see your most profound creative expression in the living work of art that you have created. You have managed to create a living monument to your own abilities and talents. Children are the one creation with the potential to cement your own immortality.

Here in the Fifth House you will be given the opportunity to explore your attitude towards your own children and children in general. Do you enjoy being around children? Do you want to have your own children? Do you enjoy and appreciate your own children? Do you take the time to laugh and play with children? Do you allow your children time to laugh and play? How you view children and their play will show you a great deal about your own view of pleasure.

The Fifth House will bring your love of games into the picture. You will be asked: Are you a person that enjoys playing games? Do you enjoy taking a chance? A great deal of energy and excitement can be created through anticipation. When you are expecting certain outcomes you will begin to feel your body come to life while you wait. The Fifth House asks: Do you love to gamble? Do you love to take chances? The Fifth House will show you how much you follow your intuition. Here you will see if you are a free spirit who takes chances or of if you are afraid to live off the ground and remain cements on your path. Living life to the fullest will often require a great deal of gambling as well as faith. Taking the time to open up to the Fifth House will show you how you can harness this aspect of your life to help you identify the right times to take chances and when it is best to be safe.

The Fifth House wants you to stop and look at how you have been living your life. The Fifth House offers you a challenge. Here today you are to look at these issues and find a way to breathe life and joy into your life. Take time to be happy, to laugh and to be silly. Allow your inner child to run free and give yourself over to pleasure.

## Quote & Thought of the Day

Rev. Nehal

### *Quote of the Day:*

Great things are possible only to strong souls and it's from the trivial events of daily life that strength is won.

L.W. Rogers, *Hints to Students of Occultism*

Source: <http://www.katinkahesselink.net/squote/index.htm>

### *Thought of the day:*

#### ***Beyond distraction***

Distractions only have the power that you give them. To avoid being overpowered by distractions, see them for what they are.

What is it that resonates with your passion and fires up your positive enthusiasm? Whatever it is, that's the thing to focus upon.

When something interrupts your focus, don't fight it. Simply notice it, quickly decide whether it is worth any more of your precious attention, and if not, peacefully let it go.

Don't get angry or resentful that the distraction happened, and don't become obsessed with something that really doesn't matter. Just take a deep breath, smile as you remember your purpose, and move on.

You don't have to be dragged this way and that by random events and circumstances. You can easily stay clearly focused on your dreams, your goals and your intentions.

Your thoughts are yours to choose, and your attention is yours to allocate. Decide to give your attention to those things that matter most, and move purposefully ahead no matter what.

# Brave Deer

**You approach from the East, at the edge of the woodland**

**As the wind gently brushes the leaves on the trees.**

**You come to my garden, and I understand**

**You are the bravest, watched by others, maybe two or three**

**who still hide.**

**You teach me swiftness, leaping and running with grace,**

**You teach me cunning – protecting your young ones.**

**Ever alert, your ears like radar, turn from place to place,**

## I Am Priestess

I am one with the Sun and the Moon  
I walk upon Mother Earth and Swim in her waters  
I call to the Wind, the Fire, the Water and the Earth  
And they answer me.

I can hear the whispers of the winged ones  
Watch and understand the salamanders  
Telecommunicate with the Undines  
And see and respect the trail of the Gnomes

I am Sister to them all  
For they all are part of me  
It is the breath I take that gives life  
The passion and will that moves me  
The emotion that allows me to feel  
And the stability and desire to bring it all together again

I am one with the Sun and the Moon  
I walk upon Mother Earth and Swim in her waters  
I call to the Wind, the Fire, the Water and the Earth  
And they answer me, for we are one.

## *THE ORDER OF WEB WEAVERS CRYSTAL WEB MAPPING PROJECT*

The Order of the Web Weavers has been working diligently on mapping the Crystal Web. If any of you have a crystal that you have added or removed from the Crystal Web contact us to ensure are records up to date and accurate.

The information we need in order to best catalogue your crystal/s is the following. Your Craft Name and E-mail Address along with your City, State, Country, Latitude, and Longitude. Sent to the following e-mail address: [www@correllianorders.info](mailto:www@correllianorders.info)

Please include the above information, if you have removed your crystal from the Crystal Web along with 'Remove' in the subject line. If you have added several crystals then we would need a separate entry for each crystal, unless they are located together. If they are located together then please include how many crystals are at that location.

We are excited about this project and hope that you will be too. Once the crystals have been properly catalogued we can then begin placing them on the map program. This will give us a good visualization on the Crystal Web. Thank you in advance for your participation in this wonderful project.

Bright Blessings,  
The Order of Web Weavers

## THE ORDER OF WORLD WALKERS

This Correllian order is headed by the Rev. Krystal High Correll and she is offering training for those who wish to join the order. The training consists of twelve lessons, one a month, for a year, offered through e-mail.

The purpose of this order is to fulfill the deeper purposes of the Correllian Tradition--advanced psychic and spiritual work, primarily conducted on multi-dimensional levels. This work includes:

Learning to connect and work with your spirit guides. Conscious dying and conscious incarnation. Advanced dream work. Exploring the known boundaries of the multi-dimensional universe, then conducting independent work to go beyond those boundaries. The study of time and advanced work within it. Soul rescue (helping those who are not aware they have died, or are not willing to cross over). Mediumship (being a voice for the so-called dead, visiting the land of the dead and communicating with them, and building a pathway between the living and the dead). Healing, both personal and of our Earth.

These purposes are divided among five houses that consist of the members who are dedicated to the work of the House.

The Order of World Walkers is a working order. The training is only the beginning. Each of the houses offer work that can be done for the rest of your life, if you choose to do it.

I believe that everyone who chooses to become a member of the order chose this before coming into this life time to continue work begun in other lives.

For more in-depth information, including the cost of the lessons, contact me at [krystelneuman@yahoo.com](mailto:krystelneuman@yahoo.com)

May You Blessed Be  
Krystal
