"Not to hurt our humble brethren (the animals) is our first duty to them, but to stop there is not enough. We have a higher mission - to be of service to them whenever they require it. If you have men who will exclude any of God's creatures from the shelter of compassion and pity, you will have men who will deal likewise with their fellow men."

Heal and Enhance Your Life with Your True Birthstone

Howard Beckman

In ancient India, as well as other cultures, gems were valued for their abilities to heal and to enhance a person's life.

They were said to possess energies that could help a person in all areas of life, physically, emotionally and spiritually. A person wore a gem that was transmitting cosmic energies of the planet that ruled the Sun's position when they were born as a birthstone. Even better was to wear a stone (still the optimal means of choosing gems) to strengthen the energies weakest in their lives. For this a qualified Vedic astrologer was consulted.

The origin of modern western "birthstones" can be traced to the days of Moses when he gave instructions about the "Breastplate of Judgement."

In the Bible, the breastplate is described as being set with 12 gemstones, each with an engraving of the name of one of the 12 tribes of Israel.

In the Book of Revelations, gems in the breastplate were described as being the foundation stones of the temple of the "New Jerusalem". The order that the 12 gems were given was used as the order for birthstones for the months also related to astrology.

These stones were used as birthstones until August 12, 1912 when the American National Retail Jewellers Association (ANRJA) changed the list to stones, which would be more advantageous commercially for the jewellery industry.

Then, in 1938, the American Gem Society (AGS) adopted the new list, adding one additional stone, citrine quartz, to the list. In 1952 the list was once more changed and gained the approval of ANRJA, AGS, NJA (National Jewellers Association) and ASIA (American Stone Importers Association). This then established the official list of birthstones that is still used today.

The Jewellery Industry Council of America established this as the official list of birthstones. It is not hard to see that this list was arbitrarily created and has no astrological meaning.

Such a system has no relevance for the wearer. When a person wears a stone truly advantageous for them it can help to enhance their health, relationships, career, wealth and so many areas of life.

The Ancient Vedic Birthstone System was as follows according to birth date:

January 14 through February 12: blue sapphire

February 13 through March 13: same as the previous as Saturn stilled ruled

March 14 through April 13: yellow sapphire

April 14 through May 13: red coral

May 14 through June 13: diamond or white sapphire

June 14 through July 15: emerald

July 16 through August 15: pearl

August 16 through September 15: ruby

Sept. 16 through Oct. 16: emerald

Oct. 17 through Nov. 15: diamond or white sapphire

Nov. 16 through Dec. 14: red coral

Dec. 15 through Jan. 13: yellow sapphire

For persons born during these times the birthstones were said to bring prosperity. Many other gems were used to enhance overall life by first diagnosing the needed gems through the Vedic horoscope.

Tarotscope Happenings for September 2009

Suzi Dronzek, Starcana Insight

Mystical messages and spiritual guidance from the wisdom of the Intellectual and Intuitive Tarot ~based on what I sense without sugarcoat~ my interpretations into a "fantasy fairy tale", (because life isn't always pretty. As a problem-solver, I look for solutions, while including the good, the bad, and the ugly. To deepen the meaning, include your rising sign. If you were born in the evening, you may feel more comfortable reading your Moon sign.

VIRGO (August 23-September 22) Knight of Wands: Happy Birthday Virgo! A new inner flame lights the torch for a new journey this month, as faithful allies and your own inner spirit leads you toward new exciting ventures and fresh beginnings! You have completed necessary tasks, while learning hard lessons from obstacles that have been laid before you during the past months. You have redeemed yourself in ways that no one else could have done for you, as you have earned both inner strength and wisdom during this course. Your Virgo energy has been renewed, and you have a free "get out of jail" coupon with a chance to better your self, your relationships, your career, and other areas that may tend to need fixing. Others will complimenting you this month, and you will notice a "change" about yourself in the mirror, as your skin begins to "glow". You're feeling stronger and competent, your tummy problems should be easing up, and you're ready to expose yourself to the world! Consider trying a new look to update your personal image. Shades of gold and ruby red are favorable to compliment your reborn vitality! A new friend enters your life, with so many similarities existing between the two of you, it's no wonder that the two of you will feel like you can take on the world as the latest crime-fighting heroes! Maybe the two of you will parade your new friendship around town, or team up at work to knock the socks off of your satisfied clients! As long as you hold on tightly to the knowledge that you have gained during the past months, you can only expect further your advancement in the world, and watch your money and your work grow! Ask for a promotion, take on new clients, or start a new career on the first or fourth week of this month. Your confidence is beaming with sunshine, and it is time to put yourself into action and into your dreams. Follow your powerful instincts now, and ride into the great wide yonder Virgo stallion, ride on!

LIBRA (September 23-October 22) Nine of Wands Reversed: September could be just the month that you have been waiting for Libra, to put a past situation that you have been struggling with, finally to rest. You've been wrestling with yourself about some of the past choices that you have made to protect yourself and belongings, while trying to do right by others. You will be confronted head-on from various areas in your life, where you have avoided or delayed taking action to settle things once and for all to find peace. While these disruptions may appear to create more hurdles in your life - they should actually help you to make serious choices instead, to find closure. Doubt or resistance could seep into your kind heart, as you make life-changing choices now, knowing that you will need to make genuine sacrifices to move forward. A strong sense of ego could rise, and this could stop you from making the necessary adjustments that you need to advance. Without going with the flow of this Universal shift, you could feel that more is being added to your plate now, but in reality, it's all happening to assist you in your constant indecision. While integrity has always looked good on you Libra, you will need to rely on your high standards and morals to make these important choices now. You may be a little more cautious, as if you need to protect yourself or your "things" from others - but the struggle is not with the outside world, but within yourself. You don't have to have your guard up anymore, as everyone has moved on, and it is time for you to also move on. You only need to figure out and prioritize what is necessary as

you sail on toward to new seas. Possible changes are developing in your work and money situation. Shades of forest green added into your life help attract your natural needs. Let go of the personal burdens during the next four weeks, clean out your home closets, your office drawers, and anything else that might have accumulated excess - so that you can welcome the "new" into your life!

SCORPIO (October 23-November 21) Ten of Pentacles: Your relationship with others seems to be the main agenda for you in September Scorpio - and this could keep you plenty busy over the next thirty days. From your significant other, family members, close friends, and co-workers, you could find your time just really being overloaded in fulfilling everyone else's needs, as there seems to be a constant request for attention or advice from those surrounding you. Although this constant flow of love is coming in and out of your life, you really don't seem to mind, mostly because this activity will weigh down on some of your worries and doubts, while helping you to feel closer and needed by those you care about. Someone close to you reveals words of wisdom or an old family secret to you. Family parties, picnics, and get-togethers are highlighted in September, bringing you personal security, with intimate conversation of family inheritances, ancestry gifts, and passed on traditions. Adjustments in housing or property may need to be concentrated on. It's all an extension of wealth being created, from old to new. Information of gain may also include a new addition to family, to gaining in-laws, in order to add onto your family tree. An end of a cycle, an end of an era, with a new cycle in the works Scorpio. Communications of all sorts this month, from busy phone calls to emails will be sharing news of your many blessings this month!

SAGITTARIUS (November 22-December 21) Four of Pentacles: Doors are open for you Sagittarius, but you may be too protective of the world you have created to even notice! But this September, you will really start to feel a magical change, as new people and new opportunities dance in your new life. Your slate is clean, and you will find that you are wiser and stronger, and ready for this change. You've created a stable and secure place for you and your higher self, and you're not letting anyone disrupt what you have worked so hard for. Your family, your home, and belongings are incredibly special to you (which is a big shift for freedom-loving Sagittarius). Where life had once treated you unkindly in the past, you have made amends and best friends with life once again! You will probably take steps this month to nurture these domestic feelings, with attempts to do more for your family and yourself, and possibly do some sort of remodelling or redecorating in your home. You are overwhelmed with gratitude and appreciation for what you have, but you may need to loosen your grip a bit, so that you can catch cosmic blessings that will be falling into your life! Neutral colors, along with shades of olive and chestnut flatter your inner light that is shining brightly. If you have a creative hobby or a home business, continue to work steadily and expect your profits to increase this month, to stabilize your foundation of living. You have developed a strong structure, which will help you to make some very wise decisions this month. Material favors manifest from different areas, with some being found inside your shrine.. so clean out the attic, have a garage sale, or sell items in the classifieds. Let go of what you have left, to make room for coming rewards!

CAPRICORN (December 22-January 19) Eight Of Wands: September will be filled with many activities and changes for you. What you have spent a lot of time contemplating; from updates in your home, changes in your work, shifts in your relationships - will all seem to have you scattered in all sorts of directions Capricorn, like fireworks displayed in the sky - with a little bit of you here, there, and everywhere! This might be the busiest month of the year for you, and you begin to release patterns, and experiment with new and exciting things.

Normally this kind of speed can be nerve-racking for you, as you like to think things over. Travel is highlighted, and it doesn't matter if it's long distance or locally, as it brings a new sense of freedom and optimism into your day. Your thoughts, your emotions, and your timing are all in-sync with the Universe, and whatever you touch - just may turn into gold! This busyness of the next few weeks is good for your soul, as it gives you a change of pace, a new perspective on life, and redirects your future with a new purpose! Connections with friends, romance, and family change in a BIG way as you relate more with your inner needs, realizing that money doesn't really buy you the happiness that you thought it would. Absorbed in your own energy now - you find yourself quite active in weeding out unnecessary parts of your life that haven't been a benefit for you in a long time. Yes, expect to be busy, busy, busy AND busy.

AQUARIUS (January 20-February 18) Ten of Wands: It will be a good time to put that very intelligent mind of yours into gear now Aquarius, as September will display several signs of stagnation in your life, that causes you to feel limited with serious creative blocks and no time for others. You find yourself inconspicuously challenged, as you begin to figure out what you have avoided to face, including unfinished duties (both personal and professional) that have been a setback for you all this time. You "wake up" to your life, and realize that there are many areas that must be fixed. Once you get into this mental focus of what needs to be concentrated on and tackled - nothing (and no one) will be able to distract your will, or sway your vision. Your mind is very aroused this month and you have plenty of energy and brilliant ideas to back you up - if you reach deep down inside of yourself. The only downfall that you may need to be aware this month, is that "all work, and no play" will put a shadow overtop of your friends, family, and love interest - so you may need to reorganize your schedule in order to balance all that you want to take care of now. Unfortunately, Aquarians can sometimes be too focused on one specific area in your life, and if anyone tends to bother you with trivial conversation and interrupt your thought-processing, you become quickly annoyed and testy. Be sure to use your positive influences to communicate to others what you need right now in your life, with gentle words and kindness. With the right approach, you could be feeling more alive than ever - enriched with love, joy, and happiness!

PISCES (February 19-March 20) The Magician: Congratulations Pisces, it seems that in September if you haven't already learned this very powerful lesson about self-esteem, you will be sure to learn what you are capable of this month! You have experienced within the past few months (or perhaps past few years) what some may call a stroke of "awry" luck - leaving you unsure if you have been on a path of fortune or failure, as certain areas of your life have been bittersweet, as parts of it crumbled. As much as you may not have wanted to deal with the changes, the adjustments, and the responsibilities (as many Pisces don't), you have truly been taught about how to pick up the pieces, and how to move on, all on your own two feet. The moral of this story is that through several broken areas in your life, you were being taught on how to rely on yourself and how to take charge of your own life, and not depend on others to do the work for you. You have a chance to rise from the many lows that you have experienced, to help you find your own strength and confidence - to be your own reliable self. Anything that you want to accomplish is within your grasp now, by simply reaching within, and using the tools that sit before you. Always remember the hard lessons learned, the sacrifices that were made to teach you to be self-sufficient, and be grateful for what you got from the experience. Like grapes matured for the fine wine that you are famous for... you're going for a ride for bigger and better things in coming weeks! Add canary-yellow into your life for clarity, and be ready to create some magic!

ARIES (March 21-April 19) Four of Wands Reversed: It will be important for you to step out from the lime-light Aries to take some personal time to regroup your thoughts and emotions for September. You have noticed this aura of change in the air, as this shift could be causing an erosion of the protective shell that you have once built for yourself. Changes may occur within your home or living arrangements, a movement in your place of work or school, or a shift within your personal self. This shell has been your covering, your shield from the outside world, and you're going to be making serious choices regarding who you're going to allow into your "space" and what you need to renovate in your life to find continued happiness. This fluctuation could cause you some nervousness, as others will be able to see more of what's going on in your life, or perhaps they'll actually get to see the "real" you. And as courageous as others may think you are, deep down you have your own shadows to deal with. This could make you quite nervous and cause you to experience some headaches. During this "coming out" stage, you may be unsure of some of the people that you have been turning to, whole having doubts in some of the choices that you have made. There could be some minor disruptions in your home, school, or place of work if you continue to carry this sense of uneasiness - where it could be beneficial to find quality time with yourself - so that your thoughts and goals are not influenced by those around you. One thing that is very important for an Aries is that you make genuine decisions that are not only for yourself, but also for your tribe - because Aries must feel proud and have a need to hold their head up high. Colors of rust and orange bring out a courageous side of your personality to help you gain control. It's a good time to chill with the season, and use guided meditation (if Aries can sit still for a few minutes!) to reconnect with your higher self, to ground with your natural strength, while allowing the Universe to beam its" light upon you. You will be glad that you did in weeks to come.

TAURUS (April 20-May 20) The Fool Reversed: An open door becomes available to you this month Taurus, offering you a chance to try a different path than what you have been recently following. You've been thinking about doing something a little more spontaneous, and starting fresh - and the law of the Universe has delivered what you have been thinking about! This quick jump in life can lean toward new social gatherings, new romantic interests, as well as new career changes. You may be seriously considering to take up some new classes to prepare yourself for this particular mood that you are in - or you may decide to just settle with a few courses to spruce up your resume! Either way, there is a personal desire to enhance your skills and knowledge. The only thing that you will need to do is go with the flow, and be ready for the calling - and sometimes Taurus can be much too conservative and lack spontaneity. While the need exists and grows, there is also a fear of you pulling away from your daily routine. You take life quite seriously and you may need to add shades of blue to your wardrobe to create calmness during this transition. You'll probably spend more time reviewing this idea of change, and researching it, wondering if it's really your best course of action. Doing this, you sidetrack and spend less time taking the actual steps to grow and move forward. Lucky chances are not set in stone, and don't last forever - so do your homework (because it is who you are) and take a chance to see what life is holding for you!

GEMINI (May 21-June 20) King of Wands Reversed: New days are ahead for you Gemini, and it is important for you to breathe in fresh air... and to exhale and release toxicity. You could prevent yourself from accomplishing your goals, if you keep allowing issues and individuals from your past to interfere with your happiness. It's like you're taking a walk, and rather than enjoying what's in-front of you, you keep feeling a need to look back. Possibly someone may be trying to keep you from moving forward, as they fear being left behind. If this is true of the latter, then you may need to step back from the situation, and REALLY

listen to what is influencing this situation. You may continue to think that you can "fix" the problem, but it is not your job. By releasing this heroic desire, you will be able to turn around, face your future, and find brighter days that wait for you! Changes in your work situation may be waiting for attention, as you feel this desire to gain more control. Be more creative now, try something a bit more different than what you are used to. Otherwise, you could strain yourself (possibly with others) to find success in your endeavours Gemini. Add shades of brick red into your fashion to ignite passion to keep you moving and looking forward. Your charming charisma and your ability to adapt and change with all that is around you - seems to be in the cards that you're holding to play your game! Good luck!

CANCER (June 21-July 22) Emperor Reversed: September will be testing you and your assertiveness Cancer. Someone in your circle may unknowingly be rubbing you in the wrong direction during the next few weeks, and you may feel very tempted to confront this individual to clear the air. If you approach this matter in an aggressive manner, unkind words may most likely be exchanged, leading to negative feelings. You may feel you have something to prove to defend your honor or loyalty, but you may be too sensitive to approach the problem right now. It may be necessary to exhaust some of this raw energy that you are experiencing, with journaling or an exercise program. You desire to charge in and take control of this matter but aggressive behaviour always leads to aggressive responses. Pull yourself to the side and keep your distance, because those who know what you truly stand for - are the only friends who should truly matter. You will be connecting with some of your stronger friendships instead, while spending time with family members to ground with your roots. Keep yourself occupied, or frustration could add nervousness or nausea to that sensitive belly of yours. This month is very positive for recommitting to your self and your own morals, while developing a new creative interest or hobby, which in return would put you back out there to meet new friends for support with changes that you are making in the coming weeks!

LEO (July 23-August 22) Ace of Wands Reversed: A new beginning is being propositioned to you this month, and there is a possibility that you could get in your own way and sabotage your chance for a life-changing experience. While this adventure could be just what you've been looking for to add some excitement and freshness into your world, a fear tends to scratch at the surface, as you consider straying from familiar territory, into the unknown. This is a calling from the Universe and a blessing in disguise, to improve your uncertain circumstances. There's a good chance that one area in your life may flop, in order for you to notice what is being introduced to you! (Leo's don't always notice what is going on around them, unless a red carpet is displayed before them, with their name written in gold to grab their attention!) This ongoing situation that you have been dealing with has been creating a challenge or insecurity within yourself - while creating doubt in that pretty Leo mane of yours. Something that you have been unhappy with, which has not been working out in your favor - no matter how much you have attempted to "fix" it, will gently be nudged to the side, as a brand new "break in life" is introduced - as a reminder that you do indeed have options to choose from. Be bold and reach for this Leo, as a chance for happiness is waiting to bloom!

It's not about what cards you are dealt in life, but how you play them!

Frolicking with the Fairies

Susun Weed

Autumn of 1980, returning home from a rare dinner out after a healing intensive at my land in the Catskills, I stopped to get my mail. An unusual envelope contained a \$500 money order, signed "Mother Nature" and this note: "It's my birthday and I could think of no better gift than giving you the means to build a shelter for your teaching."

How wonderful. How perplexing. Even way back then, \$500 would not put down a floor, let alone walls or a roof! What building could I create with such a large gift of such a small sum? In a waking dream I saw the answer.

I bought a tipi. It arrived. I put it up. I decided to sleep in it, at least until it got too cold.

Have you ever slept outside? If so, you know it is very noisy outside at night. The dark is filled with sounds: mosquitoes and katydids, crickets and frogs, geckos and bats, whippoorwills and coyotes. Those sounds soon became background noise to my nights in the tipi.

Background to the thunderous noises made by the monsters just outside the tipi. It's amazing how loud a small animal moving in the dark is. No monsters were out there, of course, just the night shift: possums, skunks, raccoons, flying squirrels, and the occasional deer. As I began to recognize the "monster" sounds, they became business-as-usual noises, and I relaxed even more. That's when the laughter began.

At first it was a quiet chuckle, mirth contained. Then it grew and swelled until it was a belly laugh. Like the rolling of thunder across my mountains, the laughter spread and reverberated.

"Who is laughing?" I thought. "We are," came the reply in my mind.

"Who?" "Us, the plants."

"The plants are laughing." "Yes, oh, yes."

"Because you are happy or because something is funny?" "Because you are funny."

"What makes me funny?" "You tell people that herbal medicine developed by trial and error."

"What's so funny about that? What other way could we have learned which plants are edible, which are poisonous, and how to use them for food and medicine?" "Trial and error is too slow."

"But there isn't any other way." "Sure there is!"

"What?" "What?"

"What what?" "What are you doing?"

"What am I doing?" "Yes!"

Long pause. Laughter. Peals of laughter. Breathless, red-faced, rolling-on-the-floor laughter.

"You are talking with the plants!"

"Wow! I am." "That's how people learned to use us. They listened to us. Just as you are."

Thus began my lessons from the plants. They have continued until this very day. And will, most likely, continue at least until my death.

"I want everyone to be able to hear you," I told the plants one summer. "No problem," the plants replied.

"Remove your shoes and socks; allow the energy of the earth and the energy of the stars to mingle in your body. Take off your glasses and contact lenses; allow yourself to see as you see, not as you are supposed to see. Spend less time at high speeds in metal containers; allow your timing to be set by the sun and the moon, the season and the weather. Sleep in a round structure. Our voices get caught in corners."

Do you want to contact the devic realm? Find the fairies? Talk with the plants?

The simple answer is: "Be in Nature, not on your terms, but on Hers. Put your bare feet on the ground. Be quiet. Be receptive."

The slightly more complicated answer is: "Choose one wild plant, small or large. Breathe with it for at least ten minutes every day. Be barefoot. Be quiet. Be receptive."

As you open, you will discover chaos. When asked how to distinguish a wild plant from a cultivated one, I say: "Cultivated plants are neatly planted; wild plants flourish in chaos."

Chaos is a treat to fairies and a threat to humans. We like fixity, and dislike change. Nature knows that fixity is death. Life is change. Balance is the step before death. Life is dynamic disequilibrium, never static. Life grows, changes, ages, gets diseased, rots, molds, and is recycled into more life; it is never perfect, never done. Life is chaotic. Death is rigid. It resists and refuses to interact; it holds itself aloof; it is in control.

Nature is chaotic. It doesn't like straight lines. When I am in the woods, the path curves, the trees have fallen helter-skelter, the wildflowers bloom in impossible, improbable places, there is always a miracle. To describe the living presence of Nature in her creative chaotic wholeness, we can use the words "deva" and "fairy". Fairies flee gardens planted in neat rows. To attract fairies, practice being at ease with being a little out of control.

Are fairies and devas different? Fairies are in the middle of it all; devas are "above it all". Fairies are local; devas are international. Fairies are flighty, flirty, changeable; devas are responsible, staid, dependable. Fairies sparkle; devas emanate. Fairies party; devas oversee. Fairies may be invited into one's garden; no one would dare ask a deva to do anything. (A deva may well ask you to do something, however.)

Lore and legend have it that the fairies spend half the year underground and half the year above ground. The fairy gate opens May 1, on May Day. It closes October 31, on the Day of the Dead. Fairies only frolic in wild places, so leave a little corner of your cultivated land wild - a "Fairy Corner" where chaos can reign.

To invite the fairies: On or near to May Day Eve, eat delicious foods, drink ravishing drinks, enjoy stirring music - better yet - make intoxicating music, sing, dance, take off your clothes, expand your senses, fall in love. If you invite fairies to your home and grounds, remember: Fairies love fun, best to laugh at what they do. Fairies love to confuse things, best to delight in it. For fairies can be mean, and if you're sullen, they can cause all number of small ills. It is said that fairies like milk and pineapples. It is not unwise to leave them small gifts.

"We are the devas. We are the fairies. We are the trees. We are the rocks. We are the blooming plants and the floating spoors. We are the voice of Nature. We are Green Blessings."

Poets Retreat

I Have a Friend

I have a friend
Who is perfect for me.
She listens to all my problems
No matter how dumb they may be
She likes herself for who she is
And never tries to change
She tells me to be myself
And that I should never change
She was shy on the phone
But she would still call
And we would talk for hours
About nothing at all
We would talk about love and life
And discuss what we wanted to be
She knew just how I felt
And how happy I could be
She listens to me patiently
But never judges what I do or say
She helped with all my problems
And never went away
I never once felt judged by her
How much that meant to me
That I could tell her all my dreams
And she would listen to me
My friend never goes and tells
What is dear to me.
She keeps it all bottled up inside
And doesn't spread it like a bee
I am thankful for that friend of mine
Our friendship will never end
And she will always be there
For she, is my best friend.

Correllian Clergy Degree Program

A new membership has been created called the Correllian Clergy Degree Program. This is a 3-year program that can help you earn your Wiccan Degrees and Legal Clergy Status. Of course every lifetime and supporting member has access to this main program.

The purpose of this level is for those individuals who are interested in gaining their clergy status, and this offers an opportunity for members to do so affordably.

This program is only \$49.99. To find out more:
<http://www.Witchschool.com/clergydegree.asp>

Witchschool Referral Program

Witch School, our long-time educational partner, has made an offer to the Tradition and its member Temples and groups.

Witch School has created a new Referral Program. The Tradition itself has enrolled in this program – as you can see from the button in the left-hand menu on correllian.com. You are encourage to consider enrolling your Temple or group as well, as a means of generating potential passive income.

The program works like this: members receive their own button which they can put on their website, in their email signature, etc... offering Witch School memberships. If anyone purchases a membership through your button, you will receive (approximately) 25% of the payment –that is \$4 of a \$19.99 yearly membership, or \$25 of a \$99.99 Lifetime Membership.

Each button has its own unique code which tracks payments made through it. If someone buys a membership through your button, then you get the abovementioned 25%.

If you are interested in finding out more about this program, or in signing up for it, go to www.witchschool.biz.

Witch School are offering a discount on supplies to Correllian Temples and groups in good standing: for example the Witch School books at 40% off cover price, and other discounts on the various items the school produces. If you would like to learn more about this, contact Lady Virginia at Virginia@witchschool.com and she will be happy to explain further.

These offers are being extended to all of our Correllian Temples, Proto-Temples, Witan Shrines, Formal Shrines, Personal Shrines, Orders, and Study Groups who might wish to sign up.

THE ORDER OF WEB WEAVERS CRYSTAL WEB MAPPING PROJECT

The Order of the Web Weavers has been working diligently on mapping the Crystal Web. If any of you have a crystal that you have added or removed from the Crystal Web contact us to ensure are records up to date and accurate.

The information we need in order to best catalogue your crystal/s is the following. Your Craft Name and E-mail Address along with your City, State, Country, Latitude, and Longitude. Sent to the following e-mail address: wwcw@correllianorders.info

Please include the above information, if you have removed your crystal from the Crystal Web along with 'Remove' in the subject line. If you have added several crystals then we would need a separate entry for each crystal, unless they are located together. If they are located together then please include how many crystals are at that location.

We are excited about this project and hope that you will be too. Once the crystals have been properly catalogued we can then begin placing them on the map program. This will give us a good visualization on the Crystal Web. Thank you in advance for your participation in this wonderful project.

Bright Blessings,
The Order of Web Weavers

THE ORDER OF WORLD WALKERS

This Correllian order is headed by the Rev. Krystel High Correll and she is offering training for those who wish to join the order. The training consists of twelve lessons, one a month, for a year, offered through e-mail.

The purpose of this order is to fulfill the deeper purposes of the Correllian Tradition--advanced psychic and spiritual work, primarily conducted on multi-dimensional levels. This work includes:

Learning to connect and work with your spirit guides. Conscious dying and conscious incarnation. Advanced dream work. Exploring the known boundaries of the multi-dimensional universe, then conducting independent work to go beyond those boundaries. The study of time and advanced work within it. Soul rescue (helping those who are not aware they have died, or are not willing to cross over). Mediumship (being a voice for the so-called dead, visiting the land of the dead and communicating with them, and building a pathway between the living and the dead). Healing, both personal and of our Earth.

These purposes are divided among five houses that consist of the members who are dedicated to the work of the House.

The Order of World Walkers is a working order. The training is only the beginning. Each of the houses offer work that can be done for the rest of your life, if you choose to do it.

I believe that everyone who chooses to become a member of the order chose this before coming into this life time to continue work begun in other lives.

For more in-depth information, including the cost of the lessons, contact me at krystelneuman@yahoo.com

May You Blessed Be
Krystel
